Frankenstein's Daughters Jane L. Donawerth, 1997-04-01 Women Science fiction authors past and present are united by the problems they face in attempting to write in this genre an overwhelmingly male dominated field Science fiction has been defined by male centered scientific discourse that describes women as alien others rather than rational beings This perspective has defined the boundaries of science fiction resulting in women writers being excluded as equal participants in the genre Frankenstein s Daughters explores the different strategies women have used to negotiate the minefields of their chosen career they have created a unique utopian science formulated by and for women with women characters taking center stage and actively confronting oppressors This type of depiction is a radical departure from the condition where women are relegated to marginal roles within the narratives Donawerth takes a comprehensive look at the field and explores the works of authors such as Mary Shelley Marion Zimmer Bradley Ursula K Le Guin and Anne McCaffrey

Future and Fantastic Worlds Sheldon Jaffery, 1987-01-01 Future and Fantastic Worlds embodies an unusual approach to the field of bibliographic research including over 700 annotations of every DAW book published through mid 1987 with indexes by author artist and title providing a massive guide to modern SF writers and their works with much background data Interspersed throughout the book are numerous wry irreverent and amusing observations offered by the late and highly respected researcher in this extremely valuable genre tool
