Thinking Barcelona Edgar Illas, 2012-01-01 Thinking Barcelona studies the ideologies that redefined Barcelona during the 1980s and helped the city adapt to a new economy of tourism culture and services Looking specifically at the lead up to the 1992 Olympic Games and the urban renewal geared toward establishing Barcelona as a happy combination of European

cosmopolitanism and Mediterranean rootedness Edgar Illas situates Barcelona as a key example of contemporary urban rebranding after the fall of communism and the establishment of the neoliberal end of history Looking at a host of materials associated with the games as well as contemporary architectural and literary works he offers a compelling look at postmodern globalization as it manifests itself through urban regeneration *Barcelona's Vocation of Modernity* Joan Ramon Resina,2008-07-09 Since the closing decades of the nineteenth century Barcelona has striven to sustain an image of modernity that distinguishes itself within Spain Barcelona s Vocation of Modernity traces the development of that image through texts that foreground key social and historical issues It begins with Barcelona s coming of age in the 1888 Universal Exposition and focuses on the first major narrative work of modern Catalan literature La febre d or Positioning an inextricable link between literature and modernity Resina establishes a literary framework for the evolution of the image of Barcelona s modernity through the 1980s when the consciousness of modernity took on an ironic circularity Because the city is an aggregation of knowledge Resina draws from sociology urban studies sociolinguistics history psychoanalysis and literary history to produce a complex account of Barcelona s self reflection through culture The last chapter offers a glimpse into the post historical city where temporality has been sacrificed to the spatialization associated with the seductions of the spectacle

The Barcelona Reader Enric Bou,Jaume Subirana,2017-07-24 The first comprehensive Reader to accompany the remarkable city of Barcelona *The Aesthetics of the Ephemeral* Jennifer Duprey,2014-07-01 Analyzes theatrical texts and performances while providing political and historical mappings In *The Aesthetics of the Ephemeral* Jennifer Duprey examines five contemporary plays from Barcelona *Olors* and *Testament* by Josep Maria Benet i Jornet *Ant gona* by Jordi Coca Forasters by Sergi Belbel and *Temptaci* by Carles Batlle She argues that in both the theatrical text and its performance an aesthetics of the ephemeral materializes that is related to specific manifestations of cultural and historical memory in Spain and Catalonia These manifestations of memory include historical concerns such as the possibility of another form of justice in predicaments of violence after the Civil War and they also include contemporary issues such as the production of ruins by the processes of gentrification in Barcelona the complexity of immigration in Spain and the destruction or preservation of Catalan cultural legacies In her analysis of these topics Duprey engages and expands on theories related to questions of subjectivity and identity in late modernity This book will be of interest to those concerned with Iberian cultural studies and with how theater reflects on and contributes to contemporary political dialogue *Hispanic and Luso-Brazilian Detective Fiction* Renée W. Disremembering the Dictatorship, 2021-08-04 Most accounts of the Spanish transition to democracy have been celebratory exercises at the service of a stabilizing rather than a critical project of far reaching reform As one of the essays in this volume puts it the pact of oblivion which characterized the Spanish transition to democracy curtailed any serious attempt to address the legacies of authoritarianism that the new democracy inherited from the Franco era As a result those legacies pervaded public discourse even in newly created organs of opinion As another contributor argues the Transition was based on the erasure of memory and the invention of a new political tradition On the other hand memory and its etiolation have been an object of reflection for a number of film directors and fiction writers who have probed the return of the repressed under spectral conditions Above all this book strives to present memory as a performative exercise of democratic agents and an open field for encounters with different possibly divergent and necessarily fragmented recollections The pact of the Transition could not entirely disguise the naturalization of a society made of winners and losers nor could it ensure the

consolidation of amnesia by political agents and by the tools that create hegemony by shaping opinion Spanish society is haunted by the specters of a past it has tried to surmount by denying it It seems unlikely that it can rid itself of its ghosts without in the process undermining the democracy it sought to legitimate through the erasure of memories and the drowning of witnesses voices in the cacaphony of triumphant modernization
