Studies in the Contemporary Spanish-American Short Story David William Foster,1979 This work deals with selected Latin American writers of short stories and in the case of each author with only one or a limited number of texts No attempt has been made to write a history of the contemporary short story in Latin America or even to deal with a canon of representative authors Each of the texts studied has been chosen because it is indicative of a facet of the short story that parallels the so called Latin American new novel
