*His Beautiful Samurai* Sedonia Guillone, 2013-05-15

A serial killer is stalking Tokyo leaving absolutely no clues behind other than antique samurai swords made by one of history's greatest sword makers unearthed from seemingly thin air. Tokyo Metropolitan needs to find the Ronin Killer before the next scene of bloodshed. Desperation leads them to hire a psychic Iraq veteran. John Holmes can detect things that no one else can and leads start to come but at a heavy price. Inspector Toshiro Genjin reluctantly accepts John's help but in short order sees that there are more things on Heaven and Earth and as it may turn out other dimensions as well. In days he and John get closer to preventing more victims than the previous six months together. But capturing the killer creates other risks including giving up what Toshi holds most dear. Publisher's note: *His Beautiful Samurai* has been extensively revised for release with Ai Press. It is a VASTLY different story from the 2006 edition from Torquere Press.
