The Sermon on the Fall of Rome Jérôme Ferrari, 2014-09-04 The mysterious disappearance of Hayet the manageress of the village bar presents a conundrum for its owner who cannot face a return to the days of late nights lewd customers and greasy dishwater A succession of would be hosts and hostesses descend with disastrous results before Matthieu and Libero childhood friends disillusioned with their philosophical studies return to take up the reins Initially they are successful but as lustful avaricious reality rudely intrudes on their idyll they too are forced to concede their senses befuddled by easy women and plentiful liquor that all empires must inevitably crumble Meanwhile Matthieu's grandfather Marcel who funded their enterprise perhaps out of spite still lingers on the island his memories of the collapse of France's colonial empire still as fresh and bitter as the cancerous ulcers that must one day claim his life By turns wise comic dramatic tragic and absurd Ferrari's Goncourt winning masterpiece reads like a Corsican One Hundred Years of Solitude covering a century of intimate history with a dazzling skewering precision even Flaubert would be proud to applaud **Le Sermon sur la chute de Rome.**

*La chute de l'Empire Romain* Bertrand Lançon, 2017-09-14. Et si la chute de l'Empire romain n'avait jamais eu lieu ? La chute de l'Empire romain est une des données majeures de la culture occidentale mais nul ne saurait la situer ni l'expliquer clairement. La recherche historique dont la production sur le sujet a été très abondante ces dernières années dans plusieurs pays met continuellement en question l'existence de causes réelles et profondes de ce phénomène. La locution « une histoire sans fin » indique la fois qu'il n'y eut pas de chute de l'Empire romain et que pourtant les historiens ne cessent de la commenter. Peut-on alors parler d'une chute sans causes ? Ce paradoxe troublant est dû à ce que ces explications causales reflètent beaucoup plus les préoccupations actuelles emprise du religieux, problèmes migratoires, crise économique, affaiblissement démographique que celles du passé. En d'autres termes, l'événement a été façonné et continue de être entretenu comme une évidence pour servir de pavane aux peurs d'aujourd'hui. Saturé par la didascalie du déclin, le livre montre que la chute de l'Empire romain fut un très long processus de transformation imperceptible, non réductible à un événement unique. Par conséquent, passer en revue ces fameuses causes, but de l'auteur, l'amène à gonfler de manière salutaire un certain nombre de fantasmes et entièrement reconstruire la question. Un regard historique original et décalé sur une question complexe et qui continue de fasciner.

*Francophone Literature as World Literature* Christian Moraru, Nicole Simek, Bertrand Westphal, 2020-06-25

Francophone Literature as World Literature examines French language works from a range of global traditions and shows how these literary practices draw individuals, communities and their cultures and idioms into a planetary web of tension and cross fertilization. The Francophone corpus under scrutiny here comes about in the evolving markedly relational context provided by these processes and their developments during and after the French empire. The 15 chapters of this collection delve into key aspects, moments and sites of the literature flourishing throughout the francosphere after World War II and especially since the 1980s from the French Hexagon to the Caribbean and India and from Quebec to the Maghreb and Romania. Understood and practiced as World Literature, Francophone literature claims with particular force in the wake of the littérature mondiale debate its place in a more democratic world republic of letters where writers, critics, publishers and audiences are no longer beholden to traditional centers of cultural authority.

**Augustine** Robin Lane Fox, 2015-11-05 WINNER OF THE WOLFSON PRIZE FOR HISTORY 2015 A major new interpretation of how one of the great figures of Christian history came to write the greatest of all autobiographies Augustine is the person from the ancient world about whom we know most He is the author of an intimate masterpiece the Confessions which continues to delight its many admirers In it he writes about his infancy and his schooling in the classics in late Roman North Africa his remarkable mother his sexual sins Give me chastity but not yet he famously prayed his time in an outlawed heretical sect his worldly career and friendships and his gradual return to God His account of his own eventual conversion is

a classic study of anguish hesitation and what he believes to be God's intervention It has inspired philosophers Christian thinkers and monastic followers but it still leaves readers wondering why exactly Augustine chose to compose a work like none before it Robin Lane Fox follows Augustine on a brilliantly described journey combining the latest scholarship with recently found letters and sermons by Augustine himself to give a portrait of his subject which is subtly different from older biographies Augustine's heretical years as a Manichaean his relation to non Christian philosophy his mystical aspirations and the nature of his conversion are among the aspects of his life which stand out in a sharper light For the first time Lane Fox compares him with two contemporaries an older pagan and a younger Christian each of whom also wrote about themselves and who illuminate Augustine's life and writings by their different choices More than a decade passed between Augustine's conversion and his beginning the Confessions Lane Fox argues that the Confessions and their thinking were the results of a long gestation over these years not a sudden change of perspective but that they were then written as a single swift composition and that its final books are a coherent consummation of its scriptural meditation and personal biography This exceptional study reminds us why we are so excited and so moved by Augustine's story      *Hòn Việt* ,2012
