Alan Smith, 2013-06-07 This book brings the emerging fields of practical theology and theology of the arts into a dialogue beyond the bias of modern systematic and constructive theology The authors draw upon postmodern post secular feminist liberation and dialogical dialectical philosophy and theology and their critiques of the narrow modern emphases on reason and the scientific method as the model for all knowledge Such a practical theology of the arts focuses the work of theology on the actual practices that engage the arts in their various forms as the means of interpreting and understanding the nature of the communities and their members as well as the mechanisms through which these communities engage in transformative work to make persons and neighborhoods whole This book presents its theological claims through the careful analysis of several stories of communities around the world that have engaged in transformational practices through a specific art form investigating communities from Europe the Middle East South America and the U S The case studies explored include Jewish Christian Muslim Druze indigenous and sometimes agnostic subjects involved in visual art music dance theatre documentary film and literature Theology and the Arts demonstrates that the challenges of a postmodern and post secular context require a fundamental rethinking of theology that focuses on discrete practices of faithful communities rather than one dimensional theories about religion **Plus jamais seul. Literaturen Christine Michler, 2015-11-26 *Un Jésus postmoderne* Bruno Thibault, 2016-11-01 Un Jésus postmoderne offers a thorough discussion of some forty contemporary French novels depicting the life of Jesus within the framework of today's debate on fundamentalism and secularism. Focusing on the interplay of narrative viewpoints and anti-theological perspectives, this study scrutinizes the postmodern representation of Jesus for readers who belong to a time marked by incredulity towards meta-narratives. Drawing on Marcel Gauchet and Julia Kristeva as well as René Girard's scapegoat theory among many others, this study examines Jesus as a problematic hero and a conceptual character on the threshold of the new millennium. It shows how these novels reflect recent advances in biblical exegesis, religious anthropology, psychoanalysis, and theology. *Un Jésus postmoderne* propose une discussion détaillée d'une quarantaine de romans français contemporains qui portent sur la vie de Jésus et qui font choquer au débat actuel sur la laïcité et le fondamentalisme. Examinant leurs points de vue narratifs et leurs perspectives anti-théologiques, cette étude interroge le portrait postmoderne de Jésus pour des lecteurs qui appartiennent à une époque marquée par l'incrédulité à l'égard des méta-récits. S'appuyant sur les recherches de Marcel Gauchet, de Julia Kristeva et de René Girard parmi beaucoup d'autres, cette étude examine Jésus comme héros problématique et personnage conceptuel au seuil du nouveau millénaire. Elle montre comment ces romans reflètent les avancées récentes de l'exégèse biblique, de l'anthropologie religieuse, de la psychanalyse et de la théologie.
