No Sacred Cows David G. McAfee,Yvette d'Entremont,2017-08-22 While

belief in religious supernatural claims is waning throughout the West evidence suggests belief in nonreligious supernatural claims is on the rise What explains this contradiction How can a society with a falling belief in God have a rising belief in ghosts psychic powers ancient astronauts and other supernatural or pseudo scientific phenomena Taking the same anthropological approach he employed in his notable studies of religion atheist author and activist David G McAfee turns his attention to nonreligious faith based claims Whether going undercover as a medium getting tested at Scientology headquarters in Los Angeles or interviewing celebrity paranormalists and famous skeptics he leaves no stone unturned in his investigation As in the case of religion he finds an unwillingness among believers to critically examine their most closely held convictions Only once individuals honestly assess their own sacred cows will they be able to ensure that their beliefs conform to the known facts and that our decisions as a society are based on the best available evidence

The Turn Around Religion in America Michael P. Kramer, 2016-02-24 Playing on the frequently used metaphors of the turn toward or turn back in scholarship on religion *The Turn Around Religion in America* offers a model of religion that moves in a reciprocal relationship between these two poles In particular this volume dedicates itself to a reading of religion and of religious meaning that cannot be reduced to history or ideology on the one hand or to truth or spirit on the other but is rather the product of the constant play between the historical particulars that manifest beliefs and the beliefs that take shape through them Taking as their point of departure the foundational scholarship of Sacvan Bercovitch the contributors locate the universal in the ongoing and particularized attempts of American authors from the seventeenth century forward to get it whatever that it might be right Examining authors as diverse as Pietro di Donato Herman Melville Miguel Algarin Edward Taylor Mark Twain Robert Keayne Nathaniel Hawthorne Paule Marshall Stephen Crane Ralph Waldo Emerson and Joseph B Soloveitchik among many others and a host of genres from novels and poetry to sermons philosophy history journalism photography theater and cinema the essays call for a discussion of religion's powers that does not seek to explain them as much as put them into conversation with each other Central to this project is Bercovitch's emphasis on the rhetoric ritual typology and symbology of religion and his recognition that with each aesthetic enactment of religion's power we learn something new

Achilles and the Tortoise Clark Griffith, 2000-02-08 Annotation In critiquing Twain's humor in his fiction Griffith English U of Oregon contends that he essentially told the same sick joke repeatedly without resolution like Achilles who could not overtake the tortoise in Zeno's Paradox He concludes with Mark Twain and Melville An Essay on the Metaphysics of Twinship Annotation copyrighted by Book News Inc Portland OR

from Earth Mark Twain,2018-10-22 The great American writer s most controversial and suppressed work Letters from Earth consists of a series of detailed reports written by Satan to the Archangels Gabriel and Michael in which the inhabitants of earth are described as long suffering victims of their own ludicrous religious beliefs The essays were initially considered too controversial to publish and were suppressed by Twain s own family who felt that the writer s reputation would be harmed if the depth of his dislike for Christianity and his uncanny ability to see through all the foibles of human belief and the large number of biblical contradictions became widely known It was only in 1962 more than fifty years after Twain s death that permission was finally granted by the family for the essays to be published They are without doubt some of Twain s finest funniest and most sharp writing ever On man Man is a marvelous curiosity When he is at his very very best he is a sort of low grade nickel plated angel at his worst he is unspeakable unimaginable and first and last and all the time he is a sarcasm On God and man He took a pride in man man was his finest invention man was his pet after the housefly On the Bible It is full of interest It has noble poetry in it and some clever fables and some blood drenched history and some good morals and a wealth of obscenity and upwards of a thousand lies The Lucifer Chronicles D. L. Bradley,2017-02-19 The Lucifer Chronicles is a presentation of epistemological and metaphysical issues expressed using the methodology of Plato s Socratic Dialogues specifically that of the Socratic Tetralogy The work is a presentation couched in an hypothesized metaphysical framework dealing with issues in terms of the problems of a fictional locale no more than a dialectic inquiry and exchange used as a vehicle of entertainment intended to invite conversation **Zen Traces** Kenneth Kraft,2018-06-05 As Zen takes root in the West new forms arise For centuries Zen masters have tested their students with koans and capping phrases A koan is a spiritual paradox that must be solved intuitively A capping phrase is a trenchant comment Both are meditative practices that reveal deeper truths about the self and ideally lead to enlightenment In Zen Traces Buddhist scholar Kenneth Kraft plays off these practices in a new idiom He selects passages from four sources traditional Zen present day Zen Henry David Thoreau and Mark Twain When a koan like story about a contemporary Zen teacher is paired with a pithy comment by Mark Twain

something fresh emerges In this lovely book Ken Kraft provides a unique opening for American Buddhism and American wisdom in general The reader will come to fresh and spacious new insights and enjoyments Cheers for Zen in America and a deep bow to Ken Kraft POLLY YOUNG EISENDRATH Ph D author of *The Present Heart A Memoir of Love Loss and Discovery* I highly recommend this delightful book of East West wisdom full of surprise insight wit and piercing beauty KATY BUTLER author of *Knocking on Heaven s Door The Path to a Better Way of Death* *How to Treat Arthritis with Sex and Alcohol* Carter V. A Philosopher Reads...Marvel Comics' Civil War Mark D. White,2022-06-29 We love to see superheroes fight whether to protect innocent people from supervillains or to save the world But superheroes also fight each other and if we can look past the energy blasts and earth shattering punches we can find serious disagreements over principles and ethics This was certainly the case when Captain America and Iron Man went head to head over liberty and security in Marvel Comics epic Civil War storyline a fictional allegory to post 9 11 America as well as the basis for the third Captain America film In his latest book Mark D White author of *The Virtues of Captain America* and editor of *Iron Man and Philosophy* carefully leads you through the ethical thinking of the three characters on the front lines of the Civil War Iron Man Captain America and Spider Man In his characteristically light and humorous tone White lays out the basic ethical foundations of each hero s thinking and highlights the moral judgment each must use to put his ethics into action But also how conflicting principles such as liberty and security must be balanced in the real world lest both be lost Written in a style that will be easily accessible to everyone *A Philosopher Reads Marvel Comics Civil War* will be a fascinating read for diehard comic fans and philosophy buffs as well as those looking for a simple introduction to philosophical ethics
