a personal problem to him as homo viator      *The Life of the Mind* James V. Schall, 2023-05-02 In *The Life of the Mind* Georgetown University's James V. Schall takes up the task of reminding us that as human beings we naturally take a special delight and pleasure in simply knowing. Because we have not only bodies but also minds we are built to know what is. In this volume Schall, author of *On the Unseriousness of Human Affairs* among many other volumes of philosophical and political reflection, discusses the various ways of approaching the delight of thinking and the way that this delight begins in seeing and hearing and even in making and walking. We must be attentive to and cultivate the needs of the mind, argues Schall, for it is through our intellect that all that is not ourselves is finally returned to us, allowing us to live in the light of truth.

*Schleiermacher, the Study of Religion, and the Future of Theology* Brent W. Sockness, Wilhelm Gräb, 2010 This volume documents a significant meeting in the history of Schleiermacher studies at which leading scholars from Europe and North America gathered to probe key features of Schleiermacher's theological and philosophical program in light of its contested place in the study of religion. Offering fresh interpretations of Schleiermacher's theory of religion, revisionary dogmatics and hermeneutics of culture, the book critically re-examines Schleiermacher's thought with an eye on the contemporary divide between theology and religious studies. Publisher's website      *REAL Volume 8 (1991/1992)*, 1992      **Survival Guide for Christians on Campus** Tony Campolo, William Willimon, 2010-06-15 The contemporary college campus is filled with spiritual surprises, daily dilemmas and difficult questions, and this book offers the help and heart to walk into the jungle of campus life as a Christian. Will the Christian faith hold up under the scrutiny of the new knowledge and ideas that bombard students on the college campus? Tony Campolo and Dr. Will Willimon, college professors and seasoned authors and speakers, insist that the Christian faith is not threatened by tough questions. They maintain that some of the greatest minds the human race has produced have put hard questions to Jesus and come away stronger in their faith and more convinced of its truth than ever before. Whether you are a committed Christian or one who is still exploring the Christian faith, this book will provide sound answers to difficult questions. Open this book and find the help and heart to walk into the jungle of campus life and walk out more than a conqueror.      **God, Humanity, and the Universe** Alexei V. Nesteruk, 2023-10-27 The main objective of this book on cosmology and theology is to reassess the current approach to research in the field of interaction, mediation and dialogue between modern cosmology and Christian theology. Eastern Orthodox theology in particular. This project was part of wide-ranging cross-disciplinary research undertaken by scientists, philosophers and theologians across the world within the framework of Science Orthodoxy around the World, run by the National Hellenic Research Foundation, Athens, from 2019 to 2023. The project and this publication contribute to the large-scale academic activity in the field of science and religion or science and theology with a particular accent on the contribution of Eastern Orthodox theology to this dialogue as well as to the venues of advancement of this theology given the recent breakthroughs in cosmology, physics and philosophy. context of culture and humanity's sociopolitical and environmental predicaments      The Moral of the Story Henry T. Edmondson, 2000-01-01 The contributors to *The Moral of the Story* all preeminent political theorists are unified by their concern with the instructive power of great literature This thought provoking combination of essays explores the polyvalent moral and political impact of classic world literatures on public ethics through the study of some of its major figures including Shakespeare Dante Cervantes Jane Austen Henry James Joseph Conrad Robert Penn Warren and Dostoevsky Positing the uniqueness of literature's ability to promote dialogue on salient moral and intellectual virtues editor Henry T Edmondson III has culled together a wide ranging exploration of such fundamental concerns as the abuse of authority the nature of good leadership the significance of middle class virtues and the needs of adolescents This collection reinvigorates the study of classic literature as an endeavor that is not only personally intellectually satisfying but also an inimitable and unique way to enrich public discourse      *Fully Human in Christ* Todd H. Speidell, 2016-11-08 Thomas F Torrance's theology included a thoroughgoing albeit implicit ethic of reconciliation It focused on the personalizing and humanizing mediation of Christ in all realms of life including not only a supposed private dimension of human life but also the social historical and political structures of human society and even of the cosmos itself This book builds upon that vision of a Christian ethic radically rooted in God's grace which encompasses sustains and transforms the entire human and created order A trinitarian incarnational social ethic does not begin with our human causes projects and agendas however noble they might be but with witness to the reconciling person and work of Jesus Christ for us      **The Good Life** Charles Colson, 2012-01-12 Sharing from his own life as well as the stories of others Chuck Colson exposes the counterfeits of the good life and leads readers to the only true source of meaning and purpose Jesus Christ But he does that in an unusual way allowing powerful stories to illustrate how people have lived out their beliefs in ways that either satisfy or leave them empty Colson addresses seekers people looking for the truth He shows through stories that the truth is knowable and that the truly good life is one that lives within the truth Through the book readers get to understand their own stories and find answers to their own search for meaning purpose and truth      **Imagining Our Time** Lewis P. Simpson, 2007-01-01 Lewis P Simpson towers among scholars of American literary studies as an intellectual historian of the South and American literary culture and a revered essayist His last book *Imagining Our Time* offers a wide ranging erudite and enlightening look at the culture of letters in American society Primarily through an examination of the works of some of the leading writers of the twentieth century many of whom Simpson knew intimately this final volume provides insight into the struggles and concerns unique to prominent American thinkers literary artists and critics contemporary to his own lifetime Often moving from an intriguing anecdote or recollection to a rigorous discussion of ideas Simpson's style is captivating He begins with speculation on Eric Voegelin's interest in Julien Benda's polemic *La Trahison des Clercs* and follows with thoughts on the declining faith in the university as an embodiment of humanistic letters and learning surveying the American Republic as far back as Benjamin Franklin In

successive chapters Simpson pays tribute to Malcolm Cowley as a hero of the literary art and probes Robert Penn Warren's fixation with Thomas Jefferson as manifested in the writing and complete rewriting of *Brother to Dragons*. He ruminates on the vocation of the critic as practiced by Lionel Trilling and Diana Trilling and the literary and cultural politics of the 1930s. Brief portraits of Andrew Lytle and Louis D. Rubin Jr. appear as well as a poignant argument for the autobiographical cast of Eudora Welty's writing. A lengthy riveting consideration of Simpson's friend Walker Percy and Percy's quest for identity as a modern Christian novelist alienated from the society around him forms the core of the volume. Fred Hobson's introduction fittingly rounds out *Imagining Our Time* offering an intimate appreciation of Lewis Simpson who will remain a giant among scholars of southern literary studies.
