**Lost in the Funhouse** John Barth, 2014-06-25 NATIONAL BOOK AWARD FINALIST John Barth's lively highly original collection of short pieces is a major landmark of experimental fiction exploring themes of purpose and the meaning of existence Barth ran riot over literary rules and conventions even as he displayed with meticulous discipline mastery of and respect for them The New York Times From its opening story Frame Tale printed sideways and designed to be cut out by the reader and twisted into a never ending Mobius strip to the much anthologized Life Story whose details are left to the reader to fill in the blank Barth's acclaimed collection challenges our ideas of what fiction can do Highlights include the Homeric story within a story within a story times seven of Menelaus and Night Sea Journey a first person account of a confused human sperm on its way to fertilize an egg All of the characters in Lost in the Funhouse are searching in one way or another for their purpose and the meaning of their existence Together their stories form a kaleidoscope of exuberant metafictional inventiveness

**John Barth, "Lost in the Funhouse"** Christine MacCardell-Nissille, 1978 *A Study Guide for John Barth's "Lost in the Funhouse"* Gale, Cengage Learning, **Passionate Virtuosity** Charles B. Harris, 1983 **John Barth and Postmodernism** Berndt Clavier, 2007 John Barth's eminence as a postmodernist is indisputable However much of the criticism dealing with his work is prompted by his own theories of exhaustion and subsequent replenishment leaving his writing relatively untouched by theories of postmodernism in general This book changes that by focusing on the relationship between Barth's aesthetic and the ideology critique of the historical avant gardes which were the first to mobilize art against itself and its institutional practices and demands Examining Barth's metafictional parodies in the light of theories of space and subjectivity Clavier engages the question of ideology critique in postmodernism by offering the montage as a possible model for understanding Barth's fiction In such a light postmodernism may well be perceived as a mimesis of reality particularly a recognition of the collective nature of self and the world

**John Barth's Lost in the Funhouse and the Nature of Contemporary Fiction** Thomas Beall Byers, 1971 **The Concept of Language in John Barth's "Lost in the Funhouse"** Mahi Nazari, 2021-02-25 Essay from the year 2020 in the subject English Language and Literature Studies Literature grade A Islamic Azad University language English abstract This essay examines the concept of language used in John Barth's short story Lost in the Funhouse It starts off by giving a quick introductory overview over the author before proceeding to the analysis of the language used itself A specific focus is therein put on the topic of how the language reflects postmodern self reflexivity

**John Barth** David Morrell, 2015-12-16 In 1969 while David Morrell was writing First Blood the novel in which Rambo was created he also wrote his doctoral dissertation about acclaimed author John Barth In it Morrell analyses Barth's early fiction using interviews with Barth his agent and his editors as well as several of Barth's unpublished essays and letters to tell what Morrell calls the story behind the stories a biography of Barth's fiction Over the years scholars have found John Barth An Introduction invaluable for its lengthy biographical sections which Barth himself approved Fans of

Morrell's fiction will find this book enlightening in terms of what Barth taught him about writing

**CRITICAL REACTION**

David Morrell's not just a fine writer he's also a great and generous teacher New York Times bestselling author Lawrence Block Morrell has written an interesting and informative book which reads occasionally like a biography His prose is eminently clear and straightforward His book has something for everyone There is no doubt that it will become a necessity for serious students of Barth and that coincidentally it is a genuinely interesting book *Journal of Modern Literature* Morrell's study tells the story of Barth's storytelling how he got his ideas and then how the publishers and reviewers dealt with them He includes detailed biographical information and writes with great economy and clarity *Modern Fiction Studies* Morrell gives the reader the benefit of his familiarity with Barth and his manuscripts to plot the career of each work from plans and in some cases research through revision publisher agent reactions sales and post publication revisions The whole enterprise is carried off with appealing confidence and informality that add up to an eminently readable book *World Literature Today*

John Barth (Routledge Revivals) Heide Ziegler, 2014-10-10 John Barth represents most completely what has been termed postmodernism not because his work comprises more postmodernist features than other contemporary writers but because for Barth life and art are two sides of the same coin In this brief study first published in 1987 Heide Ziegler examines all Barth's novels She argues that each pair of novels first exhausts and then replenishes those literary genres that hinge on a particular world view the existentialist novel the Bildungsroman the Künstlerroman or the realistic novel Through the division of labour between character and author Barth manages to develop a new mode of literary parody which projects itself beyond the mocked literary model and even self parody into the realm of future fiction This book is ideal for students of literature and postmodern studies

John Barth and the Anxiety of Continuance Patricia Tobin, 2016-11-11 During the sixties and seventies the fictional reinventions of John Barth along with his misread and influential essay *The Literature of Exhaustion* established the comic novelist as a leading practitioner and theorist of what was then coming to be called postmodern literature In more recent years however Barth's reputation has been called into question within the ongoing critical debate over the criterion of originality and the status of literary repetition imitation and parody In her spirited defense of Barth Patricia Tobin employs Harold Bloom's theory of belatedness to confront and explode this issue For Bloom the later the artist the greater the burden of the past against which he must rebel and the more hopeless his task However Tobin argues Barth revels in his belatedness and celebrates the opportunity to survey a rich literary past and to bring back to life its dead forms genres and styles by completing fulfilling and exhausting them Not a retrospective and negative anxiety of influence then but a wholly prospective and positive anxiety of continuance has propelled Barth through a distinguished career Throughout Tobin elaborates the conjunctions and disjunctions between Bloom and Barth with surprising results Most notable perhaps is her examination of how Bloom's model of a map of misreading helps to elucidate and even predict the ways in which Barth sets each new novel in antithetical relation to the one before Along the way much is said about modernism and

postmodernism repetition and difference and what it means poetically and willfully to intend a career John Barth and the Anxiety of Continuance will be of interest to scholars of American fiction and critical theory **Companion to Literature** Abby H. **Romantic Postmodernism in American Fiction** Eberhard Alsen, 2023-12-21 Intended for teachers and students of American Literature this book is the first comprehensive analysis of romantic tendencies in postmodernist American fiction The book challenges the opinion expressed in the Columbia History of the American Novel 1991 and propagated by many

influential scholars that the mainstream of postmodernist fiction is represented by the disjunctive and nihilistic work of such writers as Kathy Acker Donald Barthelme and Robert Coover Professor Alsen disagrees He contends that this kind of fiction is not read and taught much outside an isolated but powerful circle in the academic community It is the two part thesis of Professor Alsen s book that the mainstream of postmodernist fiction consists of the widely read work of the Nobel Prize laureates Saul Bellow and Toni Morrison and other similar writers and that this mainstream fiction is essentially romantic To support his argument Professor Alsen analyzes representative novels by Saul Bellow J D Salinger Norman Mailer Flannery O Connor John Updike Kurt Vonnegut Philip Roth Thomas Pynchon Toni Morrison the later John Barth Alice Walker William Kennedy and Paul Auster Professor Alsen demonstrates that the traits which distinguish the fiction of the romantic postmodernists from the fiction of their disjunctive and nihilist colleagues include a vision of life that is a form of philosophical idealism an organic view of art modes of storytelling that are reminiscent of the nineteenth century romance and such themes as the nature of sin or evil the negative effects of technology on the soul and the quest for transcendence

**Beyond Postmodernism** Klaus Stierstorfer, 2012-05-02 After the veritable hype concerning postmodernism in the 1980s and early 1990s when questions about when it began what it means and which texts it comprises were apt to trigger heated discussions the excitement has notably cooled down at the turn of the century Voices are now beginning to be heard which seem to suggest a new episteme in the making which points beyond postmodernism while it remains at the same time very uncertain whether what appears as newness is not rather a return to traditional concepts theoretical premises and authorial practices Contributors to this volume propose to explore new openings and recent developments in anglophone literatures and cultural theories which engage with issues seen to be central in the construction of a postmodern paradigm but deal with them in ways that promise new openings or a new Zeitgeist
