The Women Who Made Television Funny David C. Tucker, 2015-03-26 Most of the bright and talented actresses who made America laugh in the 1950s are off the air today but their pioneering Hollywood careers irrevocably changed the face of television comedy These smart and sassy women successfully negotiated the hazards of the male dominated workplace with class and humor and the work they did in the 1950s is inventive still by today's standards Unable to fall back on strong language shock value or racial and sexual epithets the female sitcom stars of the 1950s entertained with pure talent and screen savvy As they did so they helped to lay the foundation for the development of television comedy This book pays tribute to 10 prominent television actresses who played lead roles in popular comedy shows of the 1950s Each chapter covers the works and personalities of one actress Lucille Ball I Love Lucy Gracie Allen The George Burns and Gracie Allen Show Eve Arden Our Miss Brooks Spring Byington December Bride Joan Davis I Married Joan Anne Jeffreys Topper Donna Reed The Donna Reed Show Ann Sothern Private Secretary and The Ann Sothern Show Gale Storm My Little Margie and The Gale Storm Show Oh Susanna and Betty White Life with Elizabeth For each star a career sketch is provided concentrating primarily on her television work but also noting achievements in other areas Appendices offer cast and crew lists a chronology and an additional biographical sketch of 10

Domesticating the Airwaves Maggie Andrews,2012-01-26 Using case studies and analytical overviews this book explores the relationship between broadcasting and the intimate domestic sphere into which it is broadcast It focuses on the period from the 1920s when broadcasting was established in the UK to the present day when both domesticity and broadcasting have become areas of anxiety and contestation The entry of the wireless and later television into the home changed men and women s experience of domesticity offering education and reducing isolation But broadcasting did not merely change domestic leisure patterns it actively intervened in constructing domesticity The supposedly natural relationship between femininity and domesticity has structured the nature of broadcasting and also the discourses which have emerged concerning the consumption of broadcast media Contemporary broadcasting continues to be obsessed by domesticity both in an idealised sense as well as portraying the domestic world as one of turmoil and crisis This volume demonstrates that the relationship between broadcasting and domesticity is a key and often neglected feature of the cultural history of Britain in the last 100 years **Lead Sister: The Story of Karen Carpenter** Lucy O'Brien,2023-03-02 When the Carpenters first toured Japan a journalist mistakenly referred to Karen as the lead sister of the band This designation stuck and Karen liked it so much that she had a T shirt custom made with the slogan which she wore while drumming on the band s 1976 world tour The term also sums up the approach of this biography a celebratory re evaluation of a pioneering woman As one of the biggest selling acts of the 1970s sibling duo Richard and Karen Carpenter created lush soundscapes of melodic

pop producing global hits like We've Only Just Begun Top of the World and Close to You However though Karen is rightly recognised as one of the greatest singers in popular music the tragedy of her early death in 1983 at the age of just thirty two often overshadows all that she achieved She has long been portrayed as a victim controlled by her family and exploited by the music industry This book now seeks to reframe her life and legacy Through fresh interviews with friends musicians and co workers bestselling author Lucy O'Brien's fascinating profile explores Karen's contributions in the studio as a singer drummer arranger and producer as well as tracing the roots of the Carpenters sound and of Karen's distinctive vocals Forty years after her death it also honours the lead sister's achievements in the face of her struggle with anorexia as viewed through the lens of new perspectives on eating disorders and mental health Yet despite the chronic nature of her illness Karen Carpenter was above all a creative dedicated and assured artist whose music delivers an emotional resonance that has transcended generations and that is how she should be remembered
