Madapple Christina Meldrum,2008-05-13 THE SECRETS OF the past meet the shocks of the present Aslaug is an unusual young woman Her mother has brought her up in near isolation teaching her about plants and nature and language but not about life Especially not how she came to have her own life and who her father might be When Aslaug s mother dies unexpectedly everything changes For Aslaug is a suspect in her mother s death And the more her story unravels the more questions unfold About the nature of Aslaug s birth About what she should do next About whether divine miracles have truly happened And whether when all other explanations are impossible they might still happen this very day Addictive thought provoking and shocking Madapple is a page turning exploration of human nature and divine intervention and of the darkest corners of the human soul

Poisonous Tales Hilary Hamnett,2023-05-17 Dangerous dark and difficult to detect poisons have been a common character in literature from ancient times to the modern day Their ability to perform deadly deeds at a distance is a common device for creating dramatic tension and playing on our real life fears But what is fact and what is pure fiction From Shakespeare and Dickens to Hugo and Poe the macabre world of literary poisonings is as large as it is fascinating Utilising real forensic science Poisonous Tales explores the real science inspiring the toxins and tinctures in our favourite works Could a poison really mimic death in Romeo and Juliet What is the cause of the mad Hatter s malady in Alice in Wonderland And could a stone from the stomach of a goat really have been used as an antidote in Harry Potter and the Half Blood Prince Through these and many more cases we discover the captivating truth in the texts and how real life tragedies can replicate themselves in fiction
