Magnus By Sylvie Germain

Margaret-Anne Hutton

Magnus By Sylvie Germain:

Magnus Sylvie Germain, 2008 Magnus is a deeply moving and enigmatic novel about the Holocaust Magnus is a man searching for his own identity attempting to piece together the complex puzzle of his life But his true story turns out to be closer to a painting by Edward Munch than the romantic tale of family heroism and self sacrifice on which he was nurtured by the woman he believed was his mother In Magnus Sylvie Germain uses imagination and intuition to unlock the enigma of human life and confer on history the power of myth and fable

Redefining the Real Margaret-Anne Hutton, 2009 What is the literary fantastic and how does it manifest itself in the texts of French and francophone women writers publishing at the close of the twentieth and start of the twenty first century What do we mean today when we talk of the real and realism These are just some of the questions addressed by the papers in this volume which derive from a conference entitled The Fantastic in Contemporary Women's Writing in French held in London in September 2007 This book sets out to refocus through a non realist lens on the works of high profile authors Darrieussecq Nothomb Germain Cixous and NDiaye and some of their less highly publicised contemporaries It analyses and mobilises a wide range of both gendered and non gendered practices and theories of the contemporary fantastic whilst critically interrogating both of the latter terms and their inter relation

L'écriture du bonheur dans le roman contemporain Ruth Amar, 2011-01-18 Through the ages the pursuit of Happiness has been at the heart of the needs and desires each individual would seek to fulfill while as a concept Happiness has always resonated strongly in poetic as well as philosophical sociological and psychological contexts But what about Happiness today in a world dominated by technology driven by productivity and dictated by efficiency Does Happiness still feature in contemporary fiction in any significant way Or has it perhaps gone underground adopting different guises Would we still call that duty of happiness that Pascal Bruckner saw as present at the second half of the twentieth century a relevant force today Or has it waned perceptibly The articles brought together in this volume seek to work out answers to these and similar questions creatively addressing the imminent risks but also eagerly following up the intriguing possibilities one encounters when interrogating Happiness in the contemporary novel Originally based on an international conference organized at the University of Haifa Israel in May 2010 the volume is structured around the axes we found useful as a basis for the various approaches towards Happiness in Europe and the historical and social events that influenced the writing of Happiness as they defined the 20th century and have impacted on the 21st the Holocaust the Soviet dystopia consumerism postmodernism everyday life the various as yet unarticulated new modes of life they have given rise to and so on A new writing of happiness then At the very least this volume targets the contemporary novel without wanting to solidify works instead taking into account the fluctuations Happiness has been subjected to and the diversity and especially the paradoxes it has created while we have been keen to preserve a precise reading of the texts and have felt compelled to respect and preserve the particular features that make the writings of the authors we focus on stand out Th me philosophique aussi bien que po tique sociologique et psychologique le bonheur s difie la mesure de chacun N est il pas vrai que nous autres hommes nous d sirons tous tre heureux Platon Or dans notre monde actuel domin par la technique la recherche outrance du productif et de l efficacit qu en est il du bonheur Est il encore pr sent aux critures romanesques contemporaines Sous quelles formes se pr senterait sa recherche Ce devoir de bonheur propre la deuxi me moiti du XXe si cle dont parle Pascal Bruckner continue t il toujours tre d actualit S est il renforc ou au contraire s est il affaibli Le projet d un questionnement du bonheur dans le roman contemporain comportait de gros risques mais il offrait en m me temps des possibilit s stimulantes A la suite du colloque international organis l universit de Ha fa en mai 2010 les textes r unis dans ce livre cherchent laborer des l ments

comprehensive and interdisciplinary interpretation of notions of evil in French literature and thought 2020-07-23 2005 Deleuzian Fabulation and the Scars of History Ronald Bogue, 2010-07-05 The concept of fabulation makes a late appearance in Deleuze's career and in only limited detail but by tracing its connections to other concepts and situating them within Deleuze's general aesthetics Ronald Bogue develops a theory of fabulation which he proposes as the guiding principle of a Deleuzian approach to literary narrative Fabulation he argues entails becoming other experimenting on the real legending and inventing a people to come as well as an understanding of time informed by Deleuze's Chronos Aion distinction and his theory of the three passive syntheses of time In close readings of contemporary novels by Zakes Mda Arundhati Roy Roberto Bolaño Assia Djebar and Richard Flanagan he demonstrates the usefulness of fabulation as a critical tool while exploring the problematic relationship between history and story telling which all five novelists adopt as a central thematic concern This is an original and exciting project by a highly respected specialist in the field **Finding the Plot** Loïc Artiago, Diana Holmes, David Platten, 2014-08-11 Plot writes Peter Brooks is so basic to our very experience of reading

and indeed to our articulation of experience in general that criticism has often passed it over in silence Reading for the Plot xi Finding the Plot both explores and helps to redress this critical neglect The book brings together an international group of scholars to address the nature effects and specific pleasures of consuming stories If the central focus is on France and popular literary fiction the book s scope like contemporary fiction itself observes no national frontiers and extends across a variety of media The book addresses both the empirical question of which genres and types of text have been and are most popular and the theoretical questions of how plots work what pleasures they offer to readers and why it matters that the plot should not be lost *French XX Bibliography, Issue 61* William J. A Novel Bookstore Laurence Cossé, 2010-09-30 Ivan a one time world traveler and Francesca a ravishing Italian heiress are the owners of a bookstore that is anything but ordinary Rebelling against the business of bestsellers and in search of an ideal place where their literary dreams can come true Ivan and Francesca open a store where the passion for literature is given free rein Tucked away in a corner of Paris the store offers its clientele a selection of literary masterpieces chosen by a top secret committee of likeminded literary connoisseurs To their amazement after only a few months the little dream store proves a success And that is precisely when their troubles begin At first both owners shrug off the anonymous threats that come their way and the venomous comments concerning their store circulating on the Internet but when three members of the supposedly secret committee are attacked they decide to call the police One by one the pieces of this puzzle fall ominously into place as it becomes increasingly evident that Ivan and Francesca s dreams will be answered with pettiness envy and violence An Agatha Christie style mystery bolstered by a love story worthy of Madame de la Fayette Madame Figaro
