Mao The Unknown Story By Jung Chang:

Mao Jung Chang, Jon Halliday, 2007 Jung Chang's *Wild Swans* was an extraordinary bestseller throughout the world selling more than 10 million copies and reaching a wider readership than any other book about China. Now she and her husband Jon Halliday have written a groundbreaking biography of Mao Tse Tung based on a decade of research and on interviews with many of Mao's close circle in China who have never talked before and with virtually everyone outside China who had significant dealings with him. This is the most authoritative life of Mao ever written. It is full of startling revelations exploding the myth of the Long March and showing a completely unknown Mao. He was not driven by idealism or ideology. His intimate and intricate relationship with Stalin went back to the 1920s ultimately bringing him to power. He welcomed Japanese occupation of much of China and he schemed, poisoned and blackmailed to get his way. After Mao conquered China in 1949 his secret goal was to dominate the world. In chasing this dream he caused the deaths of 38 million people in the greatest famine in history. Combining meticulous history with the story telling style of *Wild Swans*, this biography makes immediate Mao's roller coaster life as he intrigued and fought every step of the way to force through his unpopular decisions. The reader enters the shadowy chambers of Mao's court and eavesdrops on the drama in its hidden recesses. Mao's character and the enormity of his behaviour towards his wives, mistresses and children are unveiled for the first time. This is an entirely fresh look at Mao in both content and approach. It will astonish historians and the general reader alike.

Was Mao Really a Monster? Gregor Benton, Lin Chun, 2013-09-13
Mao The Unknown Story by Jung Chang and Jon Halliday was published in 2005 to a great fanfare. The book portrays Mao as a monster equal to or worse than Hitler and Stalin and a fool who won power by native cunning and ruled by terror. It received a rapturous welcome from reviewers in the popular press and rocketed to the top of the worldwide bestseller list. Few works on China by writers in the West have achieved its impact. Reviews by serious China scholars however tended to take a different view. Most were sharply critical questioning its authority and the authors' methods, arguing that Chang and Halliday's book is not a work of balanced scholarship as it purports to be but a highly selective and even polemical study that sets out to demonise Mao. This book brings together sixteen reviews of *Mao The Unknown Story* all by internationally well regarded specialists in modern Chinese history and published in relatively specialised scholarly journals. Taken together they demonstrate that Chang and Halliday's portrayal of Mao is in many places woefully inaccurate. While agreeing that Mao had many faults and was responsible for some disastrous policies they conclude that a more balanced picture is needed.

Wild Swans Jung Chang, 2003-08-12 Memoir of three Chinese women Jung Chang, her mother and her grandmother in twentieth century China
Mao Michael Lynch, 2017-05-02 Michael Lynch's second edition of *Mao* examines the life of this controversial figure. Opening with a detailed chronology it delves into Mao's younger years and tracks his gradual rise to power with a chapter dedicated to the cult status that surrounded him. Through a wealth of primary and secondary sources

and a balanced consideration of the conflicting views that surround Mao's leadership this book provides a thorough exploration of Mao's political and private life Key features of the second edition include a detailed analysis of the Long March an account of Sino Japanese relations and an assessment of Mao's ongoing legacy This biography will be essential reading for anyone interested in Mao and the politics of twentieth century China **Mao** Alexander V. Pantsov, Steven I.

Levine, 2012-10-02 This major new biography of Mao uses extensive Russian documents previously unavailable to biographers to reveal surprising details about Mao's rise to power and his leadership in China Mao Zedong was one of the most important figures of the twentieth century the most important in the history of modern China A complex figure he was champion of the poor and brutal tyrant poet and despot Pantsov and Levine show Mao's relentless drive to succeed vividly describing his growing role in the nascent Communist Party of China They disclose startling facts about his personal life particularly regarding his health and his lifelong serial affairs with young women They portray him as the loyal Stalinist that he was who never broke with the Soviet Union until after Stalin's death Mao brought his country from poverty and economic backwardness into the modern age and onto the world stage But he was also responsible for an unprecedented loss of life The disastrous Great Leap Forward with its accompanying famine and the bloody Cultural Revolution were Mao's creations Internationally Mao began to distance China from the USSR under Khrushchev and shrewdly renewed relations with the U S as a counter to the Soviets He lived and behaved as China's last emperor *The Chinese Tragedy of King Lear* Nan Z.

Da, 2025-06-10 A compelling new reading of *The Tragedy of King Lear* that finds parallels in twentieth century Chinese history At the start of Shakespeare's famous tragedy King Lear promises to divide his kingdom based on his daughters professions of love but portions it out before hearing all of their answers For Nan Da this opening scene sparks a reckoning between *The Tragedy of King Lear* one of the cruelest and most confounding stories in literature and the tragedy of Maoist and post Maoist China Da who emigrated from China to the United States as a child in the 1990s brings Shakespeare's tragedy to life on its own terms addressing the concerns it reflects over the transition from Elizabeth I to James I with a fearsome sense of what would soon come to pass At the same time she uses the play as a lens to revisit the world of Maoist China what it did to people and what it did to storytelling Blending literary analysis and personal history Da begins in her childhood during Deng Xiaoping's Opening and Reform then moves back and forth between Lear and China In her powerful reading the unfinished business of Maoism and other elements of Chinese thought and culture from Confucianism to the spectacles of Peking Opera help elucidate the choices Shakespeare made in constructing Lear and the unbearable confusions he left behind **Voices of the Victims** Hannes H. Gissurarson, In the 20th century communism claimed the lives of at least 100 million people But often it is regarded with more sympathy than the other deadly totalitarian creed national socialism Despite several plausible accounts of famines mass executions labour camps and oppression many Western intellectuals were either supporters or fellow travellers of the communists This illustrated report is about some of the most

Stalin, Mao, Communism, and their 21st-Century Aftermath in Russia and China Miguel A. Faria, Jr., 2024-01-17 This book describes salient and momentous events as well as gruesome episodes in the history of communism under Joseph Stalin in the Soviet Union and Mao Tse tung in China and narrates succinctly the historic major happenings that have taken place since that time up to the 21st century such as hostilities espionage and actual confrontations occurrences that have affected relations between those two nations vis vis the West and the United States The author corrects the historic record where it needs amending given new information that has come to light and redresses political biases that have arisen and to which none of us are immune This book serves as a sincere warning about the evils not only of the full blown imposition of totalitarianism via revolution but also of the implementation of socialism and authoritarianism via evolution asserting that full economic and political freedom is always best

The Battle For China's Past Mobo Gao, 2008-02-20 Shows that the Mao era was beneficial for most Chinese citizens A powerful mixture of political passion and original research a brave polemic against the fashionable view on China Aims a knockout blow at Jung Chang's recent book on Mao which Bush and the conservatives rave reviewed Gregor Benton Professor of Chinese History University of Cardiff This important book opens a much needed window onto Chinese perceptions of the country's post Mao direction Highlights the renewal of popular support for socialism and the growing opposition to contemporary state policies Martin Hart Landsberg Professor of Economics Lewis Clark College Portland Oregon Mao and his policies have long been demonised in the West with the Cultural Revolution considered a fundamental violation of human rights As China embraces capitalism the Mao era is being surgically denigrated by the Chinese political and intellectual elite This book tackles the extremely negative depiction of China under Mao in recent publications and argues most people in China including the rural poor and the urban working class actually benefited from Mao's policy of a comprehensive welfare system for the urban and basic health and education provision for the rural which is being reversed in the current rush towards capitalism By a critical analysis of the mainstream account of the Mao era and the Cultural Revolution and by revealing what is offered in the unofficial e media debates this book sets the record straight making a convincing argument for the positive effects of Mao's policies on the well being of the Chinese people

How Maoism Destroyed Communism Gerhard Schnehen, 2023 Maoism essentially destroyed Communism Yet many people still think that Maoism and Marxism are more or less the same concept Communism or the failure of Communism The texts and analyses presented here show that the totalitarianism came from Mao alone along with the disrespect for rights

An Analysis of Frank Dikotter's Mao's Great Famine John Wagner Givens, 2017-07-05 The power of Frank Dikotter's ground breaking work on the disaster that followed China's attempted

Great Leap Forward lies not in the detail of his evidence though that shows that Mao's fumbled attempt at rapid industrialization probably cost 45 million Chinese lives. It stems from the exceptional reasoning skills that allowed Dik tter to turn years of researching in obscure Chinese archives into a compelling narrative of disaster and above all to link two subjects that had been treated as distinct by most of his predecessors: the extent of the crisis in the countryside and the actions hence the responsibility of the senior Chinese leadership. In Dik tter's view ultimate responsibility for the catastrophe lies at the door of Mao Zedong himself: the Chairman conceived and ordered the policies that led to the famine and he did nothing to reverse them or limit the damage that was being wrought when evidence for their disastrous impact reached him. Dik tter's ability to persuade his readers of the fundamental truth of these arguments despite his admission that his access to sources was necessarily limited and incomplete together with the clear structure of his presentation combine to produce a work that has had enormous influence on perceptions of Mao and of the Great Leap Forward itself. How the "Red Star" Rose Ishikawa Yoshihiro, 2022-01-30 The fact that Snow did not sneak into red China to gather information constituting the basis of his Red Star over China all alone is in many instances misunderstood even by scholars. Mao Zedong's biography has been the subject of an international mountain of commentary in China and elsewhere. Biographies praising Mao and those slandering him are all based on the American journalist Edgar Snow's 1905-1972 account in Red Star over China for the route Mao traveled from early childhood through his youth. How the Red Star Rose introduces the image of Mao and the biographical information made known to the world through the publication of Red Star and with its publication the circumstances which they fundamentally undermined. Ishikawa Yoshihiro uses Mao Zedong as raw material to examine from whence and how ordinary historical information and images which we habitually use unconsciously come into being. He desires to help readers to reconsider the historicity of the generation of not only Mao's image but of that of historical materials. With a title that evokes Gao Hua's seminal study of Mao Zedong's rise in the Chinese Communist Party, Ishikawa Yoshihiro asks two critical questions: What did the world know of Mao before the publication of Edgar Snow's Red Star over China? How did Red Star change that understanding? With the meticulous research, careful documentation, and fair-minded judgment that characterizes all of Ishikawa's work, he shows how little even Moscow and the Communist International knew about Mao before 1936. This study is full of unexpected insights into the origins of early visual images of Mao, the background to Snow's historic trip to northern Shaanxi, and the evolution of the classic study that he left. In a world where balanced judgment of the rise of Mao is increasingly difficult to find, Ishikawa's scholarship stands out as a rare model of judicious balance. Joseph W. Esherick, Emeritus Professor Hwei-chih and Julia Hsiu Chair in Chinese Studies, University of California San Diego. This book is first an exquisite excavation on the enabling infrastructures in the writing and publishing of one of the most iconic works in journalistic interviews in the 20th century: a text that broke through a wall of intelligence blockade to give to the world in an autobiographical voice and with a striking image the debut of the

revolutionary Mao while holed up in a mountain base area It is in addition a history of the reading of the book in multiple languages including Chinese that is indexed to the rise of the Mao cult thereafter Ishikawa captures a moment of a past gearing up in anticipation of a future that never came This book is a must read for all with an interest in Mao journalism and the history of books Wen hsin Yeh Richard H and Laurie C Morrison Chair Professor in History University of California Berkeley Ishikawa offers a challenging reflection on how historical information and images that we take for granted come into being through the twin case studies of images of Mao Zedong before Edgar Snow s famous biography in 1936 and then how Snow s images of Mao were translated and transmuted into Chinese Russian and Japanese Joshua Fogel s careful translation brings this impeccable example of Japanese sinology to the English reading public Timothy Cheek Professor and Louis Cha Chair in Chinese Research University of British Columbia *China in the 21st Century* Jeffrey N.
