Reserve Collection, 1879 **John Caldigate, by Anthony Trollope** Anthony Trollope, 1952 **John Caldigate** Anthony Trollope, 2016-01-05 Folking Perhaps it was more the fault of Daniel Caldigate the father than of his son John Caldigate that they two could not live together in comfort in the days of the young man's early youth And yet it would have been much for both of them that such comfortable association should have been possible to them Wherever the fault lay or the chief fault for probably there was some on both sides the misfortune was so great as to bring crushing troubles upon each of them There were but the two of which to make a household When John was fifteen and had been about a year at Harrow he lost his mother and his two little sisters almost at a blow The two girls went first and the poor mother who had kept herself alive to see them die followed them almost instantly Then Daniel Caldigate had been alone And he was a man who knew how to live alone a just hard unsympathetic man of whom his neighbours said with something of implied reproach that he bore up strangely when he lost his wife and girls This they said because he was to be seen riding about the country and because he was to be heard talking to the farmers and labourers as though nothing special had happened to him It was rumoured of him too that he was as constant with his books as before and he had been a man always constant with his books and also that he had never been seen to shed a tear or been heard to speak of those who had been taken from him **John Caldigate 1** Trollope A., 2019 Anthony Trollope 1815 1882 was an English novelist of the Victorian era Among his best known works is a series of novels collectively known as the *Chronicles of Barsetshire* which revolves around the imaginary county of Barsetshire John Caldigate is a story of young man who sets sail for Australia to make his fortune in the goldfields of New South Wales He meets the adventuress Euphemia Smith widow of a drunken actor and herself a sometime music hall entertainer and they conduct an indiscreet onboard romance **John Caldigate** Anthony Trollope, 1946 **The Works of Anthony Trollope** Anthony Trollope, 1946 John Caldigate Anthony Trollope, 1972 John Caldigate, Vol. 1 (Classic Reprint) Anthony Trollope, 2018-01-23 Excerpt from John Caldigate Vol 1 He was in truth a stout self constraining man silent unless when he had something to say Then he could become loud enough or perhaps it might be said eloquent To his wife he had been inwardly affectionate but outwardly almost stern To his daughters he had been the same always anxious for every good thing on their behalf but never able to make the children conscious of his anxiety When they were taken from him he suffered in silence as such men do suffer and he suffered the more because he knew well how little of gentleness there had been in his manners with them But he had hoped as he sat alone in his desolate house that it would be different with him and his only son with his son who was now the only thing left to him But the son was a boy and he had to look forward to what years might bring him rather than to present happiness from that source When the boy came home for his holidays the father would sometimes walk with him and discourse on certain Chosen subjects on the politics of the day in regard to which Mr

John Caldigate (Volume 2 of 2) (EasyRead Edition) Anthony Trollope, 2019 Excerpt from the book It was one of the disagreeable things which he had had to do before he could get away to the gold diggings and it was done Now he had to say farewell to his father and that would be a harder task As the moment was coming in which he must bid adieu to his father his heart was heavy within him He felt sure that his father had no special regard for him in which he was of course altogether wrong and the old man was equally wrong in supposing that his son was unnaturally deficient in filial affection But they had never known each other and were so different that neither had understood the other The son however was ready to confess to himself that the chief fault had been with himself It was natural he thought that a father s regard should be deadened by such conduct as his had been and natural that an old man should not believe in the quick repentance and improvement of a young one
