Baroja, La Busca Herbert Ramsden, 1982 New Galdós Studies Nicholas Grenville Round, 2003 The master of the realist novel of nineteenth century Spain Benito Pérez Galdós is the subject of these new studies The master of the realist novel of nineteenth century Spain Benito Pérez Galdós is the subject of New Galdós Studies offered in memory of John Vairey author of Galdós Studies the foundational text for contemporary Galdosian scholarship Eamonn Rodgers describes Galdós's early readership and reception James Whiston illustrates Galdós's creativity in *Lo prohibido* Rhian Davies explores the enrichment of the novelist's language in *Torquemada en la Cruz* Teresa Fuentes Peris demonstrates Galdós's radical critique of dominant social assumptions in *Fortunata y Jacinta* Alex Longhurst deals with the representation of poverty in *Misericordia* while Lisa Cond detects a feminist intention in *Tristana* Eric Southworth finds rich cultural and spiritual allusion in the same work Nichols Round relates the deaths of children in the *Torquemada* novels and Angel Guerra to end of century ideological concerns Spain's 1898 Crisis Joseph Harrison, Alan Hoyle, 2000-08-12 This book examines the significance of probably the most famous year in modern Spanish culture 1898 which marked her defeat in the Spanish American War The editors have brought together 21 essays by international specialists in the field The Reception of Charles Dickens in Europe Michael Hollington, 2013-08-29 The Reception of Charles Dickens in Europe offers a full historical survey of Dickens's reception in all the major European countries and many of the smaller ones filling a major gap in Dickens scholarship which has by and large neglected Dickens's fortunes in Europe and his impact on major European authors and movements Essays by leading international critics and translators give full attention to cultural changes and fashions such as the decline of Dickens's fortunes at the end of the nineteenth century in the period of Naturalism and Aestheticism and the subsequent upswing in the period of Modernism in part as a consequence of the rise of film in the era of Chaplin and Eisenstein It will also offer accounts of Dickens's reception in periods of political upheaval and revolution such as during the communist era in Eastern Europe or under fascism in Germany and Italy in particular *A Dream of Arcadia* Lily Litvak, 2014-09-12 The dream of progress that animated many nineteenth century artistic and political movements gave way at the turn of the century to a dissatisfaction with the Industrial Civilization and a recurrent pessimism about a future dominated by mechanization Art Nouveau which was both a style and a movement embodied this dissatisfaction marking the turn of the century period with an aesthetic that consciously set out to revolutionize literature the arts and society within the framework of a brutalizing wildly burgeoning Industrial Civilization Generally associated with northern European culture Art Nouveau also had a great impact in the south particularly in Spain *A Dream of Arcadia* is the first work to explore Spain's fertile and imaginative Art Nouveau Through the eyes of four major Spanish writers Lily Litvak views several different aspects of the turn of the century struggle against the advances of industrialism in Spain Her interpretation of the early works of Ramón del Valle Inclán Miguel de Unamuno José Martí nez Ruiz Azorín and Pío Baroja exposes a longing for a preindustrial arcadia based

on a return to nature the revival of handicrafts and medieval art an attraction to rural primitive societies and a revulsion against the modern city Set against the European literary and artistic background of the period her observations place the Spanish manifestations of Art Nouveau within the context of the better known northern phenomena Of particular interest is her discussion of the influences of John Ruskin William Morris and the Pre Raphaelites which demonstrates how the general European mood was articulated in Spain Litvak concludes that Valle Incl n Unamuno Azor n and Baroja must be considered as more than simply fin de si cle writers for they became part of a general movement generated by Art Nouveau that spans an entire century A Dream of Arcadia demonstrates that Art Nouveau was more than a flash on Europe s artistic horizon it is a philosophy with ramifications that have led to communes handcrafted articles and nomadic adolescents in search of truth

Spanish Film Under Franco Virginia Higginbotham, 2014-01-27 How does a totalitarian government influence the arts and how do the arts respond Spanish Film Under Franco raises these important questions giving English speakers a starting point in their study of Spanish cinema After a brief overview of Spanish film before Franco the author proceeds to a discussion of censorship as practiced by the Franco regime The response of directors to censorship the franquista aesthetic or aesthetic of repression with its highly metaphorical oblique style is explored in the works of Luis Bu uel Carlos Saura Juan Antonio Bardem Luis Garc a Berlanga and other important directors Virginia Higginbotham combines historical perspective with detailed critical analysis and interpretation of many famous Franco era films She shows how directors managed to evade the censors and raise public awareness of issues relating to the Spanish Civil War and the repressions of the Franco regime Film has always performed an educational function in Spain reaching masses of poor and uneducated citizens And sometimes as this study also reveals Spanish film has been ignored when the questions it raised became too painful or demanding The author concludes with a look at post Franco cinema and the directions it has taken For anyone interested in modern Spanish film this book will be essential reading

A Companion to the Twentieth-century Spanish Novel Marta E. Altisent, 2008 The Spanish novel in a turbulent century This collection of studies by eighteen prominent theorists and critics offers a diverse panorama of the modern Spanish novel seen through the prism of Spain s recent political cultural and ideological history It considers the development of the novel as a social mirror and as a changing literary form torn between the tradition of stern realism and the aesthetics of rupture affecting all Western literature from the Avant Garde to the Postmodern age While some essays

emphasise the Spanish cultural context and canonical writers others are of a broader nature grouping lesser known writers under certain literary tendencies the metaphysical novel the urban novel recuperative accounts of the Civil War feminine first person narrations and the rise of the popular detective historical and erotic novels Three studies address the resurgence of the Catalan Basque and Galician novel and their departure from a poetics of identity to one of global concerns Interdisciplinary approaches address the reciprocal impacts of literature and cinema and the effects of the marketplace on the consumption of fiction are not forgotten The Companion provides ample bibliographies and a valuable chronology while all titles and quotations are translated into English Contributors Marta E Altisent Katarzyna Olga Beilin Ram n Buckley Jos F Colmeiro Stacey Dolgin Casado Sebastiaan Faber David K Herzberger Carlos Alex Longhurst Kathleen N March Cristina Mart nez Carazo Alfredo Mart nez Exp sito Nina L Molinaro Gonzalo Navajas Mari Jose Olaziregi Janet D P rez Randolph D Pope Josep Miquel Sobrer H Rosi Song National Union Catalog ,1973 Includes entries for maps and atlases **The End of the Spanish Empire, 1898-1923** Sebastian Balfour,1997 This is the first full account in any language of Spain s disastrous war with the United States in 1898 in which she lost the scattered remnants of her old empire It is also the first comprehensive analysis of the ensuing political and social crisis in Spain stretching from the loss of the Empire to the military coup of 1923 Sebastian Balfour weaves together political economic and social history in his study of the reaction to war and crisis by a wide range of participants from rioters to rulers He examines the rise of Catalan nationalism the fruitless efforts of politicians and intellectuals to regenerate Spain from above the disintegration of Spain s political system before 1923 and the creation of an imperial myth in the subsequent dictatorship of Primo de Rivera and Franco This is essential reading for anyone wishing to understand the roots of the Spanish crisis in the first half of the twentieth century **The Facts on File Companion to the World Novel** Michael Sollars,Arbolina Llamas Jennings,2008 **A New History of Spanish Literature** Richard E. Chandler,Kessel Schwartz,1991-09-01 First published in 1961 A New History of Spanish Literature has been a much used resource for generations of students The book has now been completely revised and updated to include extensive discussion of Spanish literature of the past thirty years Richard E Chandler and Kessel Schwartz both longtime students of the literature write authoritatively about every Spanish literary work of consequence From the earliest extant writings though the literature of the 1980s they draw on the latest scholarship Unlike most literary histories this one treats each genre fully in its own section thus making it easy for the reader to follow the development of poetry the drama the novel other prose fiction and nonfiction prose Students of the first edition have found this method particularly useful However this approach does not preclude study of the literature by period A full index easily enables the reader to find all references to any individual author or book Another noteworthy feature of the book and one omitted from many books of this kind is the comprehensive attention the authors accord nonfiction prose including for example essays philosophy literary criticism politics and historiography Encyclopedic in scope yet concise and eminently readable the revised edition of A New
