The Metamorphosis of Leadership in a Democratic Mexico Roderic Ai Camp, 2010-11-11 The Metamorphosis of Leadership in a Democratic Mexico is a broad analysis of Mexico s changing leadership over the past eight decades stretching from its pre democratic era 1935 1988 to its

democratic transition 1988 2000 to its democratic period 2000 the present In it Roderic Camp one of the most distinguished scholars of Mexican politics seeks to answer two questions 1 how has Mexican political leadership evolved since the 1930s and in what ways beyond ideology has the shift from a semi authoritarian one party system to a democratic electoral system altered the country s leadership and 2 which aspects of Mexican leadership have been most affected by this shift in political models and when and why did the changes in leadership occur Rather than viewing Mexico s current government as a true democracy Camp sees it as undergoing a process of consolidation under which the competitive electoral process has resulted in a system of governing institutions supported by the majority of citizens and significant strides toward plurality Accordingly he looks at the relationship between the decentralization of political power and the changing characteristics experiences and paths to power of national leaders The book which represents four decades of Camp s work is based upon a detailed study of 3000 politicians from the 1930s through the present incorporating regional media accounts and Camp s own interviews with Mexican presidents cabinet members assistant secretaries senators governors and party presidents
