## **Leaving Las Vegas By John OBrien:**

**Leaving Las Vegas** John O'Brien, 2007-12-01 This brutal and unflinching novel of fleeting love in Sin City inspired the film starring Nicholas Cage and Elizabeth Shue Jay McInerney author of *Bright Lights Big City* John O'Brien's debut novel *Leaving Las Vegas* is an emotionally wrenching story of a woman who embraces life and a man who rejects it a powerful tale of hard luck hard drinking and a relationship of tenderness and destruction An avowed alcoholic Ben drinks away his family friends and finally his job With deliberate resolve he burns the remnants of his life and heads for Las Vegas to end it all in the last great binge of his hopeless life On the Strip he picks up Sera a prostitute in what might have become another excess in his self destructive jag Instead their chance meeting becomes a respite on the road to oblivion as they form a bond that is as mysterious as it is immutable

*Leaving Las Vegas* John O'Brien, 2017-07-06 A re issue of John O'Brien's debut novel a masterpiece of modern realism about the perils of addiction and love in a city of loneliness *Leaving Las Vegas* the first novel by John O'Brien is the disturbing and emotionally wrenching story of a woman who embraces life and a man who rejects it Sera is a prostitute content with the independence and routine she has carved out for herself in a city defined by recklessness But she is haunted by a spectre in a yellow Mercedes a man from her past who is committed to taking control of her life again Ben is an alcoholic intent on drinking his way towards an early death Newly arrived from Los Angeles he survived the four hour intoxicated drive across the desert with his entire savings in his wallet and nothing else left to lose Looking to satisfy hungers both material and existential Ben and Sera stumble together on the strip and discover in each other a respite from their unforgiving lives A testimony to the raw talent of its young author *Leaving Las Vegas* is a compelling story of unconditional love between two disenfranchised and lost souls an overlooked American classic

**Addiction, Representation and the Experimental Novel, 1985** 2015 Heath A. Diehl, 2020-12-15 Since the nineteenth century the Western realistic novel has persistently represented the addict as a morally toxic force bent on destroying the institutions practices and ideologies that historically have connoted reason order civilization *Addiction Representation* undertakes an investigation into an alternative literary tradition that unsettles this limited portrayal of the addict The book analyzes the practices and politics of reading the experimental addiction novel and outlines both a practice and an ethics of reading that advocates for a more compassionate response to both diegetic and extra diegetic addicts an approach that at its core is focused on understanding

**How Coppola Became Cage** Zach Schonfeld, 2024 *How Coppola Became Cage* tells the story of Nicolas Cage's early career and rise to fame examining the formative performances that made him an icon of independent cinema of the eighties and early nineties By interviewing dozens of directors producers and actors who worked closely with Cage author Zach Schonfeld takes readers behind the scenes of his legendary early films and provides a revealing portrait of Cage's intensely devoted commitment to his roles

**Better** John O'Brien, 2009-08-01 A riveting and sexually charged posthumous novel from the author of *Leaving Las Vegas* No contemporary novelist has plumbed so deeply

into the human heart and none has paid a steeper price for visiting those depths than John O'Brien. Better shows us what America lost when the author of *Leaving Las Vegas* took his own life. Unflinching, dark, souled cry until you laugh. Authentic. Each word of this novel burns as true and doomed as a lit match dropped in a shot of whiskey. John O'Brien was a writer who lived and died with every sentence. Better is testament to the miracle of what the man accomplished and what he might have accomplished had not death seemed like a better alternative. No one who reads this book will walk away unmoved. Jerry Stahl, author of *Permanent Midnight* and *Pain Killers*. Within the walls of a foreboding mansion situated in the hills overlooking Los Angeles, the suave Double Felix plays host to an array of beautiful women as well as his unlikely sidekick William. The mysterious patriarch grants his live-in guests every wish while asking nothing in return. Days begin with William and Double Felix discussing their conquests with the ladies over Morning Vodka, a ritual that is nonetheless edged in homoerotic tension. From there, the drinking continues only to be interrupted by some miscellany, perhaps a rerun of *The Love Boat* or some casual sex. But the ongoing torpor has been upset by the house's newest arrival, a stunning young woman named Laurie, with whom both Double Felix and William become hopelessly smitten. Trash talking Maggie and Zipper, the hooker who flew in on a trick and never left, smolder with envy while Laurie garners more and more attention from the men. As tensions spiral out of control, the house, an almost anthropomorphic entity in itself, ejects some of its denizens while further ensnaring others. Eventually, each faces the same ultimatum: leave or stay. The decision is fraught with consequence. Better delves deep into the psyche of its subjects through an intricate web of cultural icons, loyalty, covert communications, and sex. O'Brien's characters loom in and out of a surreal world that seems to float high above the rest of us but is in fact firmly tethered to the human condition.

*Time* summer 1996, 1996. On the move Aitor Ibarrola-Armendariz, Jon Ortiz de Urbina Arruabarrena, 2016-07-29. This volume brings together a selection of the papers and

round tables delivered at the 39th AEDEAN Conference held at the University of Deusto in November 2015 The essays in *On the Move Glancing Backwards to Build a Future in English Studies* often begin with typically academic gestures such as retrieving a classic text and finding new ways of studying its genre or characterization or remarking how certain ungrammatical constructions have gone frequently unnoticed even in well known texts for various reasons or entangling oneself in contentions about the adequacy of dissecting a literary text or linguistic problem by using innovative analytical tools In all cases though there is the intention of putting forth certain views and notions that will help future scholars to deal in a better light with the dilemmas regularly encountered in literary linguistic and cultural studies The book opens with three essays by professors Bartholomae Pullum and Ro who demonstrate not only their mastery in their respective subjects but also their ability to tailor their contents to multifarious audiences The next two sections represent the main body of the book with nearly forty contributions on both literature and cultural studies Part II and language and linguistics Part III These short academic pieces are a representative showcase of the research being done lately in the different areas of expertise The last section of the volume gathers together the results of four research projects dealing with such engaging topics as postcolonial crime fiction or forgotten texts by Anglo writers about the Spanish Civil War It is hard to think of any potential reader schooled in English Studies who will not find something suitable to their interests and tastes in this volume **Go,**

*Feeding Culture* Wojciech Kalaga, Tadeusz Rachwał, 2005 There is no sapient question to eat or not to eat Eating comes before culture but with culture it becomes more than just eating It is with the purpose of exploring the relation between culture and consuming food a relation far more complex than it might seem at first sight that this book has been intended In this sense the book inscribes itself within that trend in cultural studies whose main objectives include the defamiliarization of the commonplace While its subject matter is quite specific the range of particular issues apart from theoretical ones involves different geo-cultural areas and different temporal environments from Sri Lanka via Europe to South America and from ancient Rome via medieval times to contemporary England Likewise the cultural realms in which food and eating appeal as significant and meaningful components of reality range from fiction to practices of everyday life from gender identity to eroticism from economy to epistemology
