Release Your Trapped Value!

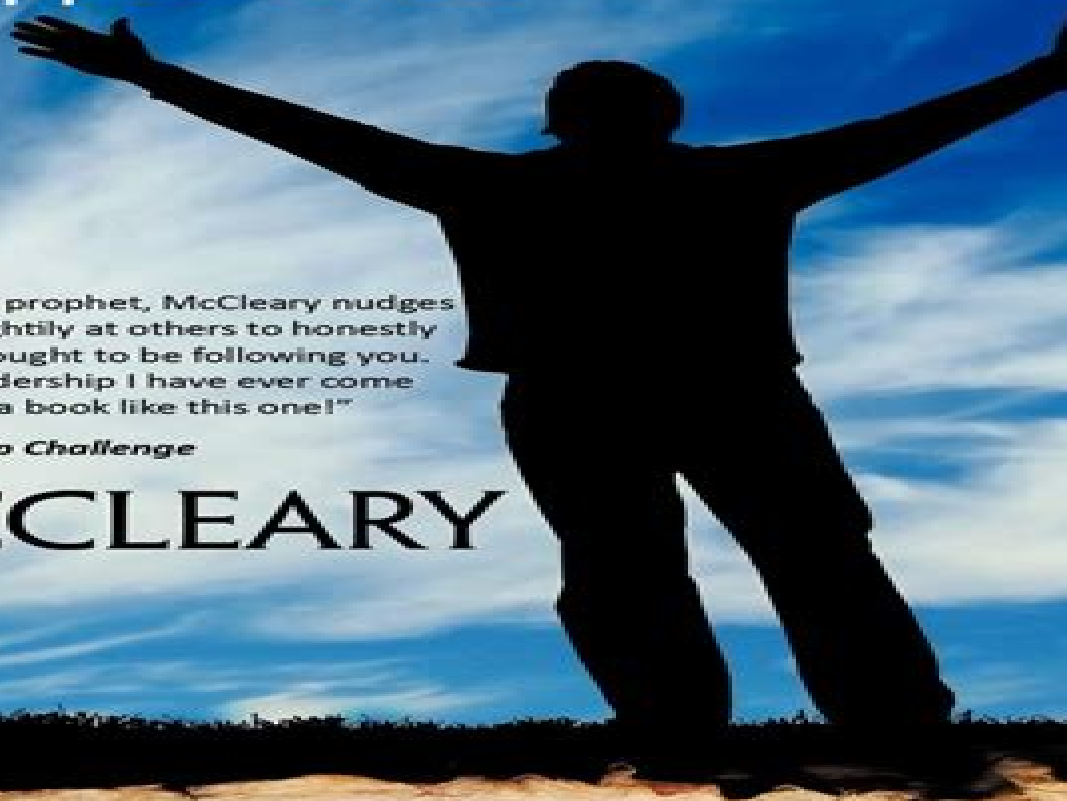

"Playing poet, provocateur, pundit, and prophet, McCleary nudges you gently at times and pushes you mightily at others to honestly examine who you are and why people ought to be following you. It's the most unique perspective on leadership I have ever come across — I guarantee you have not read a book like this one!"

Leaving Prisons Release Your Trapped Value By David McCleary:

Leaving Prisons David McCleary, 2009-10 This edition of The Flawless Leader Papers discusses many aspects of our chosen transformations the release of our trapped value Regardless of the situation there is always a correlating personal transformation that if actuated will enable the leader to propel her organization toward the desired state When that personal change is ignored the organization follows the leader into a prison of immobility and confinement and the results are what we all see so often organizational cultures securely and obliviously stuck in rigidity lackluster productivity disunity and a general inability to live synchronously with their dreams and objectives The immovable reality is that if leaders do not effectively change themselves they will never be able to effect meaningful change in an organization without the organization suffering the diminishing effects that come from the use of immoral and tyrannical force P 4 of cover *Civil War Extra: A newspaper history of the Civil War from Nat Turner to 1863* Eric Caren, 1999 This two volume collection of newspapers is one of the most important Civil War publications ever produced and it brings the events of the war vividly in focus A unique of the moment perspective it begins with the Nat Turner slave insurrection and covers every battle many by the local papers for a truly firsthand up close view Lincoln s election inauguration and assassination are given full coverage Caren s extensive collection includes many extremely rare Southern editions which would never be seen except in this remarkable publication Loaded with engravings depicting battles military leaders and maps this is an absolutely essential addition to any enthusiast s collection Railroad Miscellanies, 1843
