**Her Worship** Susan A. Thompson, 2016-08-29 Not long after Susan Thompson became Mayor of Winnipeg in 1992 she was given official documents to sign She immediately noticed His Worship printed on all the documents to the left of where she was to sign her name not Her His Worship just His Worship Susan was taken aback that in this day and age the document was printed in this manner It was clear that absolutely no thought or consideration had been given to the fact that at some point the City of Winnipeg might have a woman as Mayor She realized that if she requested a reprint of the documents it would be perceived as an unnecessary expense plus it would create chatter So Mayor Thompson settled the

matter by simply crossing out HIS with a red marker and adding HER instead hence the title of this book *Fighting Words* LeRoy L. Lane, 2005-06-03 In *Fighting Words* an interesting and provocative picture of George W Bush emerges very different from the one often presented in the press Drawing on extensive research the author brings together the man of faith the astute political leader and the persuasive speaker His treatment credits the President with positive attributes and domestic and international accomplishments The book takes the view that what we know about President Bush generally comes through the speeches that we hear him give beginning with his spontaneous incisive remarks at Ground Zero By focusing on truth as a vital sign of viable political rhetoric and giving a formula for producing effective persuasive speeches the author provides standards with which to appraise political leaders rhetoric An analysis of George W s credibility as a leader uses the researched traits of competent forward looking inspiring and honest His intelligence is appraised on the basis of multiple intelligences theory Highlighting George W s transformation into an effective persuasive speaker are discussions of his two distinct verbal styles his rhetorical asset of humor his dominant themes of value and his speech delivery

legacy the story leaves for future generations      *Notorious New Jersey* Jon Blackwell,2007-10-29 Notorious New Jersey is the definitive guide to murder mayhem the mob and corruption in the Garden State With tabloid punch Jon Blackwell tells riveting accounts of Alexander Hamilton falling mortally wounded on the dueling grounds of Weehawken Dutch Schultz getting pumped full of lead in the men s room of the Palace Chop House in Newark and a gang of Islamic terrorists in Jersey City mixing the witch s brew of explosives that became the first bomb to rock the World Trade Center Along with these dramatic stories are tales of lesser known oddities such as the nineteenth century murderer whose skin was turned into leather souvenirs and the state senator from Jersey City who faked his death in a scuba accident in the 1970s in an effort to avoid prison Blackwell also sheds light on some historical whodunits was Bruno Hauptmann really guilty of kidnapping the Lindbergh baby Who was behind the anthrax attacks of 2001 Not forgotten either are notorious characters who may actually be innocent including Rubin Hurricane Carter and those who have never been convicted of wrongdoing although they left office in scandal including Robert Torricelli and James McGreevey Through 100 historic true crime tales that span over 300 years of history Blackwell shows readers a side of New Jersey that would make even the Sopranos shudder      **American Memory Hole** Donald Jeffries,2024-08-27 Donald Jeffries takes another deep dive down the historical rabbit holes with American Memory Hole How the Court Historians Promote Disinformation You will discover how cancel culture was born during the administration of Franklin D Roosevelt And how our interventionist foreign policy was established during the Woodrow Wilson presidency Jeffries documents the tragically common atrocities committed by US troops beginning with the Mexican American War which became official policy under the total war and scorched earth strategy of Abraham Lincoln s bloodthirsty generals He recounts the shocking abuses of our military forces in countries like Mexico Haiti the Philippines and elsewhere Jeffries builds on his groundbreaking investigation into the murder of John F Kennedy Jr uncovering even more evidence of conspiracy and cover up He talked to people no researcher has talked to before in a powerful new section on the assassination of President John F Kennedy Jeffries explores the Kennedy family in general and finds that the establishment especially the Left continues to treat them unfairly The events of September 11 2001 and the Oklahoma City Bombing are investigated in depth as never before There is stunning new information on much maligned Senator Joseph McCarthy who emerges here not as some irredeemable monster but as a genuine American patriot who has been demeaned in death even more than he was in life The reader will never look at the supposed heroes and villains of American history the same way again after reading this book History is written by the victors      *The Rhetoric of Sincerity* Ernst van Alphen,Mieke Bal,Carel E. Smith,2009 The essays in this volume demonstrate how the performance of sincerity is culturally specific and is enacted in different ways in different media and disciplines including law and the arts      Investigating the Crash of Flight 93 Lena Koya,Tonya Buell,2017-07-15 The tragic events aboard United Airlines Flight 93 on September 11 2001 are seen as an example of extreme heroism When they realized their plane had been hijacked passengers aboard flight 93 fought the

hijackers and brought the plane down in a field in Shanksville Pennsylvania in an attempt to save the lives of people on the ground This book examines the events leading up to the hijacking the heroic actions of passengers and crew and the country's response to this tragedy A glossary helps students develop their vocabulary while a further information section encourages deeper understanding of the topic

The Politics of Terror William J. Crotty, 2016-02-01 In the wake of the September 11 attacks Americans were confronted with a new kind of war and a new kind of danger After the strikes institutions were created to mobilize the domestic response to potential terrorist threats and Congress passed legislation giving the president broad powers to fight terrorism and to provide heightened security for the nation In this timely work a team of experts addresses the question of how a democracy faces the challenge of balancing legitimate homeland security concerns against the rights and freedoms of its citizens They evaluate the measures introduced in the aftermath of 9 11 and assess the far reaching consequences of those changes for American politics and society
