Letters To A Young Conservative By Dinesh DSouza:

Letters to a Young Conservative Dinesh D'Souza, 2009-04-28 Among the topics Dinesh D Souza covers in Letters to a Young Conservative Fighting Political Correctness Authentic vs Bogus Multiculturalism Why Government Is the Problem When the Rich Get Richer How Affirmative Action Hurts Blacks The Feminist Mistake All the News That Fits How to Harpoon a Liberal The Self Esteem Hoax A Republican Realignment Why Conservatives Should Be Cheerful Letters to a Young Therapist (EasyRead Super Large 18pt Edition) Mary Bray Pipher, 2010 Letters to a Young Therapist Mary Pipher, 2009-08 Psychology *Letters to a Young Therapist (EasyRead Super Large 20pt Edition)*, *Creating Conservatism* Michael J. Lee, 2014-08-01 *Creating Conservatism* charts the vital role of canonical post World War II 1945 1964 books in generating guiding and sustaining conservatism as a political force in the United States Dedicated conservatives have argued for decades that the conservative movement was a product of print rather than a march a protest or a pivotal moment of persecution The Road to Serfdom Ideas Have Consequences Witness The Conservative Mind God and Man at Yale The Conscience of a Conservative and other mid century texts became influential not only among conservative office holders office seekers and well heeled donors but also at dinner tables school board meetings and neighborhood reading groups These books are remarkable both because they enumerated conservative political positions and because their memorable language demonstrated how to take those positions functioning in essence as debate handbooks Taking an expansive approach the author documents the wide influence of the conservative canon on traditionalist and libertarian conservatives By exploring the varied uses to which each founding text has been put from the Cold War to the culture wars *Creating Conservatism* generates original insights about the struggle over what it means to think and speak conservatively in America **Reagan's Children** Hans Zeiger, 2006 Zeiger reveals why the generation born between 1981 and 1988 is uniquely positioned to carry on the conservatism faith and optimism of former President Ronald Reagan Why Conservatives Tell Stories and Liberals Don't David M Ricci, 2015-12-03 Why do conservatives tell stories Because it helps them win elections and assail liberal policies like health care reform and economic stimulus Why is important but the what and the how behind the stories that conservatives tell are equally interesting and in this new book David Ricci reveals all He shows how conservative activists and candidates tell many tales that come together to project a large scale story a cultural narrative a vision of what America is and what it should do to prosper socially economically and politically Liberals by contrast tend to look for theories rather than stories for mathematical explanations rather than theological axioms for data rather than anecdotes and for statistics rather than homilies The difference is paradoxical Liberals are unlikely to fashion sweeping narratives that capture the public's attention and commitment Yet conservatives may tell attractive stories like the ones that got us into Iraq that momentarily capture voter support but end up costing the country more than it can afford

What's So Great about God Dinesh D'Souza, 2013-09-13 For a lot of people the biggest question about God is not surprisingly enough whether He exists Instead it is about whether God is truly good Dinesh D Souza in his debates with leading atheists quickly realized that many of those debates revolved around the question of evil in this world how God could create a world that allowed such suffering and evil In What's So Great about God Dinesh D Souza takes these questions head on Does God act like a tyrant Is God really responsible for the evil in this world Why is there suffering in the world For the first time ever Dinesh D Souza approaches this apologetic topic with historical and scientific proof and presents to the reader why God is truly worthy of our worship and love Previously published as *Godforsaken*

The Conservative Revolution Brendan Steinhauser, 2004-07

A Public Policy Revolution Ending Four Decades (1970-2010) of Economic Stagnation and Three Decades (1980-2010) of Growing Income Inequality in John Shtino, 2010-11 A PUBLIC POLICY REVOLUTION A New Direction for a New America asserts that America's economic life is ruled by a supply side drip down system that overwhelmingly favors capital over labor and leads to a massive income inequality preventing the country from reaching its economic potential Author John Shtino believes that this existing supply side system is a ticking time bomb that is supported by all major parties and an American elite that is incapable of implementing the changes needed to make America greater than ever including truly reforming health care ending welfare as we know it simplifying the tax code legalizing victimless crimes creating a new education paradigm bringing the debt to fifteen percent of GDP and much more Thus A Public Policy Revolution is dedicated to the destruction of the supply side system offering as a replacement a new demand push paradigm which would treat capital and labor fairly and guide us toward a more prosperous and equitable America Since the author further believes that neither party as presently constituted can bring about this much needed change he aims to dramatically change the Democratic Party or if unsuccessful in this attempt to establish a meaningful third party His work not only examines the economic and political problems facing the United States but also offers means to solve them

Why I Turned Right

Mary Eberstadt,2008-09-30 Eminent and rising conservatives at odds themselves on a number of issues from religion and family to stem cell research and abortion discuss the extraordinarily varied paths that have led them from the championed liberalism of their youth to eventually fuel the world of conservatism **A Citizen's Guide to American Ideology** Morgan Marietta,2012-03-29 Conservatives and Liberals often resort to cartoon images of the opposing ideology relying on broadly defined caricatures to illustrate their opposition To help us get past these stereotypes this short punchy book explains the two dominant political ideologies in America today providing a thorough and fair analysis of each as well as insight into their respective branches To help us understand the differences between the two contrasting ideologies Morgan Marietta employs an innovative metaphor of a tree growth from ideological roots to a core value expanding into a problem that creates the competing branches of the ideology This approach suggests a clear way to explain and compare the two ideologies in an effort to enhance democratic debate A Citizen's Guide to American Political Ideologies is a brief non technical and conversational overview of one of the most important means of understanding political rhetoric and policy debates in America today *South Park Conservatives* Brian C. Anderson,2013-02-05 For the better part of 30 years liberal bias has dominated mainstream media But author and political journalist Brian Anderson reveals in his new book that the era of liberal dominance is going the way of the dodo bird *Letters to a Young Lawyer* Alan M. Dershowitz,2008-07-31 As defender of both the righteous and the questionable Alan Dershowitz has become perhaps the most famous and outspoken attorney in the land Whether or not they agree with his legal tactics most people would agree that he possesses a powerful and profound sense of justice In this meditation on his profession Dershowitz writes about life law and the opportunities that young lawyers have to do good and do well at the same time We live in an age of growing dissatisfaction with law as a career which ironically comes at a time of unprecedented wealth for many lawyers Dershowitz addresses this paradox as well as the uncomfortable reality of working hard for clients who are often without many redeeming qualities He writes about the lure of money fame and power as well as about the seduction of success In the process he conveys some of the tricks of the trade that have helped him win cases and become successful at the art and practice of lawyering **Logizomai** Kyle McDanell,2010-10-14 Logizomai is the Greek word meaning to reckon or to reason The Apostle John identifies Jesus as the Logos John 1 1 14 the Divine Word To most Christians in the West today Christianity is nothing more than a duty a feeling a name badge or something one does on Sunday s But Christianity is more than that Christianity is a complete worldview that makes sense of the world A right theology results in a right understanding of the world and the gospel is that right theology The Church is sick because she is shallow What we need is a logizomai faith a reasonable faith Such a reasonable faith encounters hardships with perseverance animosity with love and evangelism with Spirit filled skill Most refuse to share their faith because they don't understand it and are unable to articulate it If Christianity is logizomai then the issues we face today present no real challenge We must therefore learn to apply the truths of the gospel to our dying hurting world To do so we

must have reason rooted in the gospel and inspired by the cross
