when Hardy's poetry had a significant influence on the Movement poets of the 1950s and 1960s including Philip Larkin. Most of his fictional works initially published as serials in magazines were set in the semi-fictional region of Wessex. They explored tragic characters struggling against their passions and social circumstances. Hardy's Wessex is based on the medieval Anglo-Saxon kingdom and eventually came to include the counties of Dorset, Wiltshire, Somerset, Devon, Hampshire, and much of Berkshire in southwest and south central England.

The two stories named A Tradition of Eighteen Hundred and Four and The Melancholy Hussar of the German Legion which were formerly printed in this series were also transferred to Wessex Tales where they more naturally belong. The above alterations were first made in the Uniform Edition in 1927. The present narratives and sketches though separately published at various antecedent dates were first collected and issued in a volume in 1894. T. H. The original collection came out as a pocket edition in 1907, reprinted nine times; the 1927 revision was reset and issued 1928, reprinted 1929, 1937, 1953.
