The Testament of Loki Joanne Harris,2018-05-17 Ragnarok was the End of Worlds Asgard fell centuries ago and the old gods have been defeated Some are dead while others have been consigned to eternal torment in the netherworld among them the legendary trickster Loki A god who betrayed every side and still lost everything who has lain forgotten as time passed and the world of humans moved on to new beliefs new idol and new deities But now mankind dreams of the Norse Gods once again the river Dream is but a stone s throw from their dark prison and Loki is the first to escape into a new reality The first but not the only one to Other darker things have escaped with him who seek to destroy everything that he

covets If he is to reclaim what has been lost Loki will need allies a plan and plenty of tricks **The Testament of Loki** Joanne M. Gregory Kendrick,2021-12-07 The Chronicles of Loki Book One The Gathering Storm is the first book in a trilogy centered on the life of the Norse trickster Loki Essentially this is a reworking of the Norse myths in which the character commonly identified as the god of mischief and wickedness gets to tell the story from his point of view The twist in this book however is that it take what folklorists call an euhemeristic point of view with this mythology i e it treats Loki Odin Frey and company as if they were real human beings who lived ages ago on a lost island continent they called Igdrasil which as in the myths was also divided into nine realms inhabited by distinctly different peoples and cultures Perhaps the most challenging and fun part of this first book has been reimagining Loki s various adventures and misadventures as they might have actually happened without the benefit of magic and sorcery though supernal elements are introduced in the second book The book moves on two time axes One takes place in the present In this timeline Loki his family and allies are setting in motion what will be a war of vengeance against Odin and the Aesir Readers are introduced to the machinations of key characters in the myths Odin of Asgard Frey of Vanaheim Surt High King of the Muspelhim the rulers of the wee folk of the West i e Ivaldi the principal ruler of the Dwarves and Mama Cosi Lokane of Alfheim as well as Loki s children Fenrir aka the

Wolf Fafnir ruler of Jormundheim and Hela Queen of Nifleheim The second timeline is a memoir of Loki s life which in the first book encompasses his time as a hostage among the Aesir how he rebuilt the walls of Asgard what really happened with Idunn and her Golden Apples his ascent to the throne of Jotunheim courtship of his wife Angrboda and birth of his first child the aforesaid Fenrir The Spawn of Loki Jason Henderson,1994 Macduff confronts a new threat as Loki Master of Lies is accidentally awakened and Ragnarok the twilight of the Gods in the late twentieth century is coming early because Loki is loose and only Macduff can save the day Original *Marvel Loki Where Mischief Lies* Igloo Books,2019-12-21 Thor & Loki Jeff Limke,2017-01-01 Out of the great halls of Asgard home of the Norse Gods came one of the greatest Norse legends Thor powerful god of thunder and his brother Loki the trickster were eager to resolve an argument Does strength always win or do brains always beat brawn To find an answer they travel to the strange and forbidding land of giants There they will face a series of challenges that will prove once and for all which god is right Or will it **The Chronicles of Loki Book Two M.** Gregory Kendrick,2020-11-16 The Chronicles of Loki Book Two Fimbulvetr The Terrible Winter is the second book in a trilogy centered on the life of the Norse trickster Loki Essentially this is a reworking of the Norse myths in which the character commonly identified as the god of mischief and wickedness gets to tell the story from his point of view This book s twist however is that it takes what folklorists call an euhemeristic point of view with this mythology i e it treats Loki Odin Frey and company as if they were real human beings who lived ages ago on a lost island continent they called Igdrasil which as in the myths was also divided into nine realms inhabited by distinctly different peoples and cultures Perhaps the most challenging and fun part of this series has been reimagining Loki s various adventures and misadventures as they might have actually happened without the benefit of magic and sorcery though this second book brings a Lovecraftian dimension into play
