to Modern Spanish American Fiction Donald Leslie Shaw, 2002 With such figures as Jorge Luis Borges Miguel Ángel Asturias and Gabriel García Márquez both the latter Nobel Prize winners Spanish American fiction is now unquestionably an integral part of the mainstream of Western literature This book draws on the most recent research in describing the origins and development of narrative in Spanish America during the nineteenth and twentieth centuries tracing the pattern from Romanticism and Realism through Modernismo Naturalism and Regionalism to the Boom and beyond It shows how while

The Underdogs Mariano Azuela, 2019-04-17 Renowned as the greatest novel of the Mexican Revolution The Underdogs recounts a young peasant's recruitment into Pancho Villa's army Demetrio Macías is compelled to defend his home from attacks by the Federales who serve Mexico's hated dictator Forced into a fugitive existence he encounters a rebel band and becomes their charismatic leader shaping the vagabonds into a dynamic guerrilla force The unit is further strengthened by an unlikely ally the aristocratic intellectual Luis Cervantes whose revulsion at the country's rampant social injustice has turned him against the government But the escalating violence and harsh realities of war erode Demetrio's and Cervantes' idealism undermining their alliance and leading to their ultimate disillusionment Mexican author and physician Mariano Azuela González 1873-1952 drew upon his experiences as a medic with Villa's troops to create this iconic work of Latin American literature Prized for its authentic representation of Mexican peasant life the novel offers a timeless portrayal of revolutionary zeal and disenchantment *Cien años del libro Los de abajo de Mariano Azuela*, 2016

Twentieth-century Spanish American literature to 1960 David William Foster, Daniel Altamiranda, 1997 Meets the needs of today's teachers and students Gathered to meet the upsurge of interest in Latin America this collection features major critical articles dealing with the authors and texts customarily taught in colleges and universities in the United States

The articles are in English and Spanish with a predominance of the former. Surveys a dynamic and exciting area of research. Four Latin American writers have won the Nobel Prize for Literature: Guatemalan Miguel Angel Asturias, Chilean Gabriela Mistral, Colombian Gabriel Garcia Marquez, and Chilean Pablo Neruda. Also internationally recognized are the Argentine Jorge Luis Borges, the Mexican Carlos Fuentes, and the Chilean Isabel Allende, to name only a few. Moreover, the sociopolitical circumstances of the past four decades of Latin American history and the growing importance of the region have resulted in the creation of Latin American studies programs in numerous American universities. All of this literary activity has inspired innumerable dissertations, theses, books, and journal articles. Explores contemporary Latin American issues and concerns. In the face of such an enormous proliferation of commentary, students of Latin America and its literature need a body of basic texts that will provide them an orientation in the various research areas and new schools of thought that have emerged in the field. Particularly important are the essays and articles that have appeared in periodicals and other sources that Anglo American readers often find difficult to obtain. The Cambridge History of Latin American Literature Roberto Gonzalez Echevarría, Enrique Pupo-Walker, 1996-09-19. The Cambridge History of Latin American Literature is by far the most comprehensive work of its kind ever written. Its three volumes cover the whole sweep of Latin American literature including Brazilian from pre-Colombian times to the present and contain chapters on Latin American writing in the USA. Volume 3 is devoted partly to the history of Brazilian literature from the earliest writing through the colonial period and the Portuguese language traditions of the nineteenth and twentieth centuries and partly also to an extensive bibliographical section in which annotated reading lists relating to the chapters in all three volumes of The Cambridge History of Latin American Literature are presented. These bibliographies are a unique feature of the History, further enhancing its immense value as a reference work. **Mexican Literature** David William Foster, 1994-01-01. Mexico has a rich literary heritage that extends back over centuries to the Aztec and Mayan civilizations. This major new reference work surveys more than five hundred years of Mexican literature from a sociocultural perspective. More than merely a catalog of names and titles, it examines in detail the literary phenomena that constitute Mexico's most significant and original contributions to literature. Recognizing that no one scholar can authoritatively cover so much territory, David William Foster has assembled a group of specialists, some of them younger scholars who write from the most current and emerging trends in Latin American and Mexican literary scholarship. The topics they discuss include pre-Colombian indigenous writing, Joanna O'Connell, Colonial literature, Lee H. Dowling, Romanticism, Margarita Vargas, nineteenth-century prose fiction, Mario Martín Flores, Modernism, Bart L. Lewis, major twentieth-century genres, narrative, Lanin A. Gyurko.

Professionals in Western Film and Fiction Kenneth E. Hall, 2019-06-07 In American Westerns the main characters are most often gunfighters lawmen ranchers and dancehall girls Civil professionals such as doctors engineers and journalists have been given far less representation usually appearing as background characters in most films and fiction In Westerns about the 1910 Mexican Revolution however civil professionals also feature prominently in the narrative often as members of the intelligentsia an important force in Mexican politics This book compares the roles of civil professionals in most American Westerns to those in films on the 1910 Mexican Revolution Included are studies on the Santiago Toole novels by Richard Wheeler Strange Lady in Town with Greer Garson and La sombra del Caudillo by Martin Luis Guzmán

The Fragmented Novel in Mexico Carol Clark D'Lugo, 2010-01-01 From Mariano Azuela's 1915 novel Los de abajo to Rosamar Roffiel's Amora of 1989 fragmented narrative has been one of the defining features of innovative Mexican fiction in the twentieth century In this innovative study Carol Clark D'Lugo examines fragmentation as a literary strategy that reflects the social and political fissures within modern Mexican society and introduces readers to a more participatory reading of texts D'Lugo traces defining moments in the development of Mexican fiction and the role fragmentation plays in each Some of the topics she covers are nationalist literature of the 1930s and 1940s self-referential novels of the 1950s that focus on the process of reading and writing the works of Carlos Fuentes novels of La Onda that came out of rebellious 1960s Mexican youth culture gay and lesbian fiction and recent women's writings With its sophisticated theoretical methodology that encompasses literature and society this book serves as an admirable survey of the twentieth-century Mexican novel It will be important reading for students of Latin American culture and history as well as literature

Writing Pancho Villa's Revolution Max Parra, 2010-01-01 The 1910 Mexican Revolution saw Francisco Pancho Villa grow from social bandit to famed revolutionary leader Although his rise to national prominence was short-lived he and his followers the villistas inspired deep feelings of pride and power amongst the rural poor After the Revolution and Villa's ultimate defeat and death the new ruling elite resentful of his enormous popularity marginalized and discounted him and his followers as uncivilized savages Hence it was in the realm of culture rather than politics that his true legacy would be debated and shaped Mexican literature following the Revolution created an enduring image of Villa and his followers Writing Pancho Villa's Revolution focuses on the novels chronicles and testimonials written from 1925 to 1940 that narrated Villa's grassroots insurgency and celebrated or condemned his charismatic leadership By focusing on works by urban writers Mariano Azuela Los de abajo and Martín Luis Guzmán El guila y la serpiente as well as works closer to the violent tradition of northern Mexican frontier life by Nellie Campobello Cartucho Celia Herrera Villa ante la historia and Rafael Muñoz V monos con

Pancho Villa this book examines the alternative views of the revolution and of the villistas Max Parra studies how these works articulate different and at times competing views about class and the cultural otherness of the rebellious masses This unique revisionist study of the villista novel also offers a deeper look into the process of how a nation's collective identity is formed

The Spanish American Novel John S. Brushwood, 2014-07-03 In *The Spanish American Novel* John S. Brushwood analyzes the twentieth century Spanish American novel as an artistic expression of social reality In relating the generic history of the novel to extraliterary events in Spanish America he shows how twentieth century fiction sets forth the essence of such phenomena as the first Perón regime the Mexican Revolution the Che Guevara legend indigenismo and the strongman political type In essence he views the novel as art rather than as document but not as art alienated from society The discussion is organized chronologically opening with the turn of the century and focusing on novels from 1900 to 1915 that exemplify various aspects of the nineteenth century literary inheritance Brushwood then highlights the avant garde fiction influenced by Proust and Joyce of the 1920s as a precursory movement to the new Latin American novel a phenomenon that came into its own during the 1940s He then examines the boom in Spanish American fiction the period of extensive international recognition of certain works which he dates from 1962 or 1963 In each era considered the development of the novel is placed in dual perspective One view that of particularly significant novels in light of others published during the same year is a cross section of the genre at one particular moment The second view that of a panorama of novels published in intervals between significant moments in the history of the novel is more general and selective in the number of books discussed Combining the historical with the analytical approach the author proposes that the experience of a novel in which reality has been transformed into art is essential to our understanding of that reality
