Ex-centric Writing Annalisa Pes, Susanna Zinato, 2014-10-16 The concern with identity and belonging with place displacement is a major feature of postcolonial literature and the theme of alienation cannot but be topical in the literatures of the countries that have experienced the cultural shock and bereavement and the physical and psychic trauma of colonial invasion The purpose of this volume is to qualify the difference one is faced with when a postcolonial ex centric text is addressed by collecting essays concerned with writers from Southern Africa the Caribbean Australia the Indian subcontinent and Asian diaspora s While giving contextual specifics their due it shows how the theme of alienation when perceived through the anamorphic lens of madness is magnified and charged with an excruciatingly questioning and destabilizing power laying bare political as well as existential and moral urges From the ex centric broadly exilic position it is the ideology and practice of colonialism that demand to be rubricated as psychopathology More broadly as these essays highlight in fiction the mad character s ex centric vision is a continuous warning against the temptation to believe in those discourses that pass themselves off as reflecting the given natural order of things **Haiti: The Aftershocks of History** Laurent Dubois, 2012-01-03 A passionate and insightful account by a leading historian of Haiti that traces the sources of the country s

devastating present back to its turbulent and traumatic history Even before the 2010 earthquake destroyed much of the country Haiti was known as a benighted place of poverty and corruption Maligned and misunderstood the nation has long been blamed by many for its own wretchedness But as acclaimed historian Laurent Dubois makes clear Haiti s troubled present can only be understood by examining its complex past The country s difficulties are inextricably rooted in its founding revolution the only successful slave revolt in the history of the world the hostility that this rebellion generated among the colonial powers surrounding the island nation and the intense struggle within Haiti itself to define its newfound freedom and realize its promise Dubois vividly depicts the isolation and impoverishment that followed the 1804 uprising He details how the crushing indemnity imposed by the former French rulers initiated a devastating cycle of debt while frequent interventions by the United States including a twenty year military occupation further undermined Haiti s independence At the same time Dubois shows the internal debates about what Haiti should do with its hard won liberty alienated the nation s leaders from the broader population setting the stage for enduring political conflict Yet as Dubois demonstrates the Haitian people have never given up on their struggle for true democracy creating a powerful culture insistent on autonomy and equality for all Revealing what lies behind the familiar moniker of the poorest nation in the Western Hemisphere this indispensable book illuminates the foundations on which a new Haiti might yet emerge **Edwidge Danticat** Martin Munro,2010-10-12 *Breath Eyes Memory* 1994 the novel born from Edwidge Danticat s childhood in Haiti and immigration to New York City was one of the great literary debuts of recent times marking the emergence of an impressive talent in addition to opening up an entire culture to a broad general readership This gifted author went on to win the American Book Award in 1999 for her novel *The Farming of Bones* 1998 attracting further critical acclaim Offering an accessible guide for readers and critics alike this book is the first publication devoted entirely to Danticat s unique and remarkable work It is also distinctive in that it addresses all of her published writing up to *The Dew Breaker* 2004 including her writing for children her travel writing her short fiction and her novels The book contains an exclusive interview with Danticat in which she discusses her recent memoir *Brother I m Dying* 2007 winner of the National Book Critics Circle Award It also includes an extensive bibliography With contributions from Danticat s fellow creative writers from both the Caribbean and the United States as well as leading scholars of Caribbean literature this collection of essays aims to enrich readers understanding of the various geographical literary and cultural contexts of her work and to demonstrate how it both influences and is influenced by them Contributors Madison Smartt Bell Myriam J A Chancy Maryse Condé J Michael Dash Charles Forsdick Mary Gallagher R gine Michelle Jean Charles Carine Mardorossian Nad ve M nard Martin Munro Nick Nesbitt Mireille Rosello Renee H Shea velyne Trouillot Lyonel Trouillot Kiera Vaclavik *The Gospel of Trees* Apricot Irving,2019-03-26 In an eye opening memoir *People as beautiful as it is discomfiting* The New Yorker award winning writer Apricot Irving untangles her youth on a missionary compound in Haiti Apricot Irving grew up as a missionary s daughter in Haiti Her father was an agronomist a man who hiked

alone into the deforested hills to preach the gospel of trees Her mother and sisters spent their days in the confines of the hospital compound they called home As a child this felt like paradise to Irving as a teenager it became a prison Outside of the walls of the missionary enclave Haiti was a tumult of bugle call bus horns and bicycles that jangled over hard packed dirt road blocks and burning tires triggered by political upheaval the clatter of rain across tin roofs and the swell of voices running ahead of the storm Poignant and explosive Irving weaves a portrait of a missionary family that is unflinchingly honest her father s unswerving commitment to his mission her mother s misgivings about his loyalty the brutal history of colonization Drawing from research interviews and journals her parents as well as her own this memoir in many voices evokes a fractured family finding their way to kindness through honesty Told against the backdrop of Haiti s long history of intervention it grapples with the complicated legacy of those who wish to improve the world while bearing witness to the defiant beauty of an undefeated country A lyrical meditation on trees and why they matter loss and privilege love and failure The Gospel of Trees is a lush emotional debut A beautiful memoir that shows how a family altered by its own ambitious philanthropy might ultimately find hope in their faith and love for each other and for Haiti Publishers Weekly starred review

White Gloves, Black Nation Grace Sanders Johnson, 2023-03-17 This ambitious transnational history considers Haitian women's political life during and after the United States occupation of Haiti 1915-34 The two decades following the occupation were some of the most politically dynamic and promising times in Haiti's modern history but the history of women's political organizing in this period has received scant attention Tracing elite and middle class women's activism and intellectual practice from the countryside of Kenscoff Haiti to Philadelphia the Belgian Congo and back to Port au Prince this book tells the story of Haitian women's essential role as co-curators of modern Haitian citizenship Set in a period when national belonging was articulated in philosophies of African authenticity revolutionary nostalgia and working class politics Grace Sanders Johnson considers how an emerging educated and professional class of women who understood themselves as descendants of the Haitian Revolution established alternative claims to citizenship that included but were not limited to suffrage and radicalism Sanders Johnson argues that these women's political practice incorporated strategic class performance extravagant sartorial sensibilities and an insistence on self-promotion and preservation that challenged the exceptional trope of the martyred male revolutionary hero Bringing her subjects vividly to life she reveals their politics of wayfaring moving deliberately if sometimes ineffectively through the radical milieu of the twentieth century
