Sanford, William R. LaFleur, Masatoshi Nagatomi, 2014-07-14 According to the contributors to this volume the relationship of Buddhism and the arts in Japan is less the rendering of Buddhist philosophical ideas through artistic imagery than it is the development of concepts and expressions in a virtually inseparable unity By challenging those who consider religion to be the primary phenomenon and art the secondary arena for the apprehension of religious meanings these essays reveal the collapse of other dichotomies as well Touching on works produced at every social level they explore a fascinating set of connections within Japanese culture and move to re-envision such usual distinctions as religion and art sacred and secular Buddhism and Shinto theory and substance elite and popular and even audience and artist The essays range from visual and literary hagiographies to No drama to Sermon Ballads to a painting of the Nirvana of Vegetables The contributors to the volume are James H. Foard Elizabeth ten Grotenhuis Frank Hoff Laura S. Kaufman William R. LaFleur Susan Matisoff Barbara Ruch Yoshiaki Shimizu and Royall Tyler Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable

TV-A-Go-Go Jake Austen,2005-07 From Elvis and a hound dog wearing matching tuxedos and the comic adventures of artificially produced bands to elaborate music videos and contrived reality show contests television as this critical look brilliantly shows has done a superb job of presenting the energy of rock in a fabulously entertaining but patently fake manner The dichotomy of fake and real music as it is portrayed on television is presented in detail through many generations of rock music the Monkees shared the charts with the Beatles Tupac and Slayer fans voted for corny American Idols and shows like

Shindig and Soul Train somehow captured the unhinged energy of rock far more effectively than most long haired guitar smashing acts Also shown is how TV has often delighted in breaking the rules while still mostly playing by them Bo Diddley defied Ed Sullivan and sang rock and roll after he had been told not to the Chipmunks subversive antics prepared kids for punk rock and things got out of hand when Saturday Night Live invited punk kids to attend a taping of the band Fear Every aspect of the idiosyncratic history of rock and TV and their peculiar relationship is covered including cartoon rock music programming for African American audiences punk on television Michael Jackson s life on TV and the tortured history of MTV and its progeny
