Addiction, Representation and the Experimental Novel, 19852015 Heath A. Diehl, 2020-12-15 Since the nineteenth century the Western realistic novel has persistently represented the addict as a morally toxic force bent on destroying the institutions practices and ideologies that historically have connoted reason order civilization Addiction Representation undertakes an investigation into an alternative literary tradition that unsettles this limited portrayal of the addict The book analyzes the practices and politics of reading the experimental addiction novel and outlines both a practice and an ethics of reading that advocates for a more compassionate response to both diegetic and extra diegetic addicts an approach that at its core is focused on understanding

Challenging Addiction in Canadian Literature and Classrooms Cara Fabre, 2016-01-01 In the richly interdisciplinary study Challenging Addiction in Canadian Literature and Classrooms Cara Fabre argues that popular culture in its many forms contributes to common assumptions about the causes and personal and social implications of addiction Recent fictional depictions of addiction significantly refute the idea that addiction is caused by poor individual choices or solely by disease through the connections the authors draw between substance use and poverty colonialism and gender based violence With particular interest in the pervasive myth of the Drunken Indian Fabre asserts that these novels reimagine addiction as social suffering rather than individual pathology or moral failure Fabre builds on the growing body of humanities research that brings literature into active engagement with other fields of study including biomedical and cognitive behavioural models of addiction medical and health policies of harm reduction and the practices of Alcoholics Anonymous The book further engages with critical pedagogical strategies to teach critical awareness of stereotypes of addiction and to encourage the potential of literary analysis as a form of social activism

Culture Wars in British Literature Tracy J. Prince, 2012-09-21 The past century's culture wars that Britain has been consumed by but that few North Americans seem aware of have resulted in revised notions of Britishness and British literature Yet literary anthologies remain anchored to an archaic Anglo-English interpretation of British literature Conflicts have been played out over specific national vs British identity some residents prefer to describe themselves as being from Scotland England Wales or Northern Ireland instead of Britain in debates over immigration race ethnicity class and gender and in arguments over British literature These debates are strikingly detailed in such chapters as The Difficulty Defining Black British British Jewish Writers and Xenophobia and the Booker Prize Connections are also drawn between civil rights movements in the U.S. and UK This generalist cultural study is a lively read and a fascinating glimpse into Britain's changing identity as reflected in 20th and 21st century British literature
