On The Edge Ilona Andrews, 2009-09-29 In The Broken people shop at Walmart and magic only lives in fairy tales in The Weird aristocrats still rule and the strength of your magic controls your fate and The Edge is the borderland where anything can happen. Rose Drayton and her two young brothers live in the Edge and are among the most gifted of the people there. In Rose's case her abilities are so powerful that men from the Edge and the Weird want to marry her. So When Declan Camarine a blueblood noble from one of the Weird's most powerful families shows up she tells him what she's told all the others. Go away. But Declan offers Rose a challenge. Give him three tasks and if he completes them she will belong to him. If he fails he'll leave and never return. Coming up with must fail plans is soon the least of Rose's concerns. First Declan is becoming a little too appealing. Second the boys actually like him and then the terrible magic stealing hounds come and it looks like working together is the only way to stop them and save The Edge. A fascinating world combined with pulse pounding action and white hot romance makes *On the Edge* a winner.
