What if the teachings of scripture weren't just stories or symbols but lived realities Loss Love and A Journey through Fear to Peace offers a rare window into that experience Unlike traditional biographies or historical accounts this spiritual memoir invites readers deep into the invisible world of awakening Betty Hibod's journal based narrative is intensely personal documenting the lived embodiment of mystical principles across time grief and divine revelation From devastating loss to divine union from emotional disintegration to spiritual clarity Betty records her journey not as metaphor but as transformation made flesh More than a spiritual memoir this book is a detailed sensual and unfiltered chronicle of mystical awakening It explores tantric love

divine feminine spirituality and non dualism through a lens that is both deeply human and profoundly sacred Rather than offering abstract theories it shows how the myths of sacred texts take shape in daily life It answers the questions rarely spoken aloud What does enlightenment feel like in real time How does one survive and evolve through spiritual paradox grief and loss and the collapse of personal identity Infused with mystical awakening philosophical reflection and raw emotional truth this is not a book about religion It is a book of lived revelation For readers seeking a deeper understanding of consciousness sacred sexuality or the journey of awakening this memoir is a path inward Step beyond the stories Walk into the soul Buy now and begin the journey Gratefully Dead Chandra Tatvaraj,2021-07-09 When an Indian Rock singer teacher and script writer who is widely travelled puts down his memoirs it sure is to be riveting and sensational But it is even more exciting when the writer is a Masters in Indian and Greek Philosophy in road to his Doctorate in Indian philosophy GRATEFULLY DEAD is not your average biography but loaded with parables and jokes to make the reader reflect on the true meaning of existence From moments which are disturbing and sexually explicit to deep retrospection of life through Philosophy Neuroscience Physics and Spirituality the book covers all It is not a book into SELF VALOURISATION but self reflection through Vedanta Buddhism and Science It has been edited by English Novelist and Musician Tim Bragg so not your average Indian book but addressed to the whole world with a secular mind The 10 features of the book can be summarized by There is no You or Me there is only THAT What can die never existed There is no coming or going Eternally it is Being Consciousness and Bliss The idea of you is a Ghost You are better dead Live Life bury yourself There is nothing and nothing is everything What comes and goes cannot be considered real only what is unchanging Love and Light has no Religion If you are somebody who likes an inquiry of life through a fun reflection this book is for you Deeply insightful with lots to reflect about and a good laugh **Love and Loss: A Journey through Fear to Peace - Volume Four** Betty Hibod,2025-01-06 Many books have been written as histories recounting events that shaped the life of a group society nation or civilization or as biographies recounting events and achievements relating to one person s life and work Many books have been written putting forth ideas philosophies and words of wisdom to live by Some of these we call holy books or scripture Fewer books have been written like this one which go behind the scenes of history lay bare the feelings behind the philosophies and document the painful and joyful inner path along which historical events and philosophical ideas emerge This book is intensely even shockingly personal not clinical or abstract or detached It is an intimate detailed sensual and sometimes disturbing account of a life lived on the cusp that bridges time and eternity Its focus is narrow it does not reveal much at all about anyone s visible public life or accomplishments but it explores in great depth the invisible contents of minds hearts and souls The scriptures and scriptural commentaries of most religions describe a path to salvation or bliss and provide instructions or guideposts for moving along the path but they are still only theoretical hypothetical mythical or metaphorical accounts This book seeks to show how the theories and hypotheses play out pragmatically in real time and space how the
