Memoirs Of A Teenage Amnesiac By Gabrielle Zevin:

Memoirs of a Teenage Amnesiac Gabrielle Zevin, 2024-02-01 Who are you at 16 if you can't remember anything about your life since you were 12? A brilliant exploration of identity and love for YA readers by the bestselling author of *Tomorrow and Tomorrow and Tomorrow*. After an accident that leaves her with partial amnesia, Naomi tries to piece together the fragments of the last three and a half years of her life. She discovers that she has a tennis champion boyfriend but can't remember him; is co-editor of the yearbook with a quirky guy who wears a smoking jacket; her parents are divorced and she apparently hates her mother. She has friends who simply don't seem that attractive any more, and despite having meticulously kept a diary during the now-lost years, she only wrote about what she ate every day in it. But when a girl loses three and a half years, she gets a chance to reinvent herself. After all, who is to say that everything has to stay the same? Essentially a love story, it is also an exploration of teenage identity handled with such a skilful blend of wit, intelligence, and tenderness that readers will lose themselves in the story and find themselves in the process. *Daily Telegraph* [Memoirs of a Teenage Amnesiac](#) Gabrielle Zevin, 2007-08-21 If Naomi had picked tails, she would have won the coin toss. She wouldn't have had to go back for the yearbook camera and she wouldn't have hit her head on the steps. She wouldn't have woken up in an ambulance with amnesia. She certainly would have remembered her boyfriend Ace. She might even have remembered why she fell in love with him in the first place. She would understand why her best friend Will keeps calling her Chief. She'd know about her mom's new family. She'd know about her dad's fiancée. She never would have met James, the boy with the questionable past and the even fuzzier future who tells her he once wanted to kiss her. She wouldn't have wanted to kiss him back. But Naomi picked heads. After her remarkable debut, Gabrielle Zevin has crafted an imaginative second novel all about love and second chances. *Memoirs of a Teenage Amnesiac* is a 2008 Bank Street Best Children's Book of the Year. She certainly would have remembered her boyfriend Ace. She might even have remembered why she fell in love with him in the first place. She would understand why her best friend Will keeps calling her Chief. She'd get all his inside jokes and maybe he wouldn't be so frustrated with her for forgetting things she can't possibly remember. She'd know about her mom's new family. She'd know about her dad's fiancée. She wouldn't have to spend her junior year relearning all the French she supposedly knew already.
