

Kindred

The background of the cover is a textured, dark brown surface. In the center, a young Black woman with short, dark hair is depicted from the waist up. She is wearing a plain white t-shirt and has a serious, contemplative expression, looking slightly off-camera to her right. Behind her, a bright, ethereal yellow and orange glow emanates, resembling fire or a powerful light source, creating a halo effect around her figure. The overall mood is intense and mysterious.

Japtok, Jerry Rafiki Jenkins, 2020-07-23 *Human Contradictions in Octavia Butler's Work* continues the critical discussions of Butler's work by offering a variety of theoretical perspectives and approaches to Butler's text. This collection contains original essays that engage Butler's series *Seed to Harvest*, *Xenogenesis*, *Parables*, her stand-alone novels *Kindred* and *Fledgling*, and her short stories. The essays explore new facets of Butler's work and its relevance to philosophy, sociology, anthropology, psychology, cultural studies, ethnic studies, women's studies, religious studies, American studies, and U.S. history. The volume establishes new ways of reading this seminal figure in African American literature, science fiction, feminism, and popular culture.

The Freedom to Remember Angelyn Mitchell, 2002. *The Freedom to Remember* examines contemporary literary revisions of slavery in the United States by black women writers. The narratives at the center of this book include Octavia E. Butler's *Kindred*, Sherley Anne Williams's *Dessa Rose*, Toni Morrison's *Beloved*, J. California Cooper's *Family*, and Lorene Cary's *The Price of a Child*. Recent studies have investigated these works only from the standpoint of victimization. Angelyn Mitchell changes the conceptualization of these narratives, focusing on the theme of freedom, not slavery, defining these works as liberatory narratives. These works create a space to problematize the slavery/freedom dichotomy from which contemporary black women writers have the safe vantage point to reveal aspects of enslavement that their ancestors could not examine. The nineteenth-century female emancipatory narrative, by contrast, was written to aid the cause of abolition by revealing the unspeakable realities of slavery. Mitchell shows how the liberatory narrative functions to emancipate its readers from the legacies of slavery in American society by facilitating a deeper discussion of the issues and by making them new through illumination and interrogation.

Freedom Beyond Confinement Michael Ra-Shon Hall, 2021-11-16. *Freedom Beyond Confinement* examines the cultural history of African American travel and the lasting influence of travel on the imagination, particularly of writers of literary fiction and nonfiction. Using the paradox of freedom and confinement to frame the ways travel represented both opportunity and restriction for African Americans, the book details the intimate connection between travel and imagination from post-Reconstruction (ca. 1877) to the present. Analysing a range of sources from the black press and periodicals to literary fiction and nonfiction, the book charts the development of critical representation of travel from the foundational press and periodicals which offered African Americans crucial information on travel precautions and possibilities, notably during the era of Jim Crow, to the woefully understudied literary fiction that would later provide some of the most compelling and lasting portrayals of the freedoms and constraints African Americans associated with travel. Travel experiences, often challenging and vexed, provided the raw data with which writers produced images and ideas meaningful as they learned to navigate, negotiate, and even challenge racialized and gendered impediments to their mobility. In their writings, African Americans worked to realize a vision and state of freedom informed by those often difficult experiences of mobility. In telling this story, the book hopes to center literary fiction in studies of travel where fiction has largely remained absent.

Lacey, 2013-12-07 This book explores how contemporary fantastic fiction by women writers responds to the past and imagines the future The first two chapters look at revisionist rewritings of fairy tales and historical texts the third and fourth focus on future oriented narratives including dystopias and space fiction Writers considered include Margaret Atwood Octavia E Butler Angela Carter Ursula K Le Guin Doris Lessing and Jeanette Winterson among others The author argues that an analysis of how past and future are understood in women s fantastic fictions brings to light an ethics of becoming in the texts a way of interrupting revising and remaking problematic power structures that are tied to identity markers like class gender and race The book reveals how fantastic fiction can be read as narratives of disruption that enable the creation of an ethics of becoming *Octavia E. Butler* Gerry Canavan, 2016-10-31 I began writing about power because I had so little Octavia E Butler once said Butler s life as an African American woman an alien in American society and among science fiction writers informed the powerful works that earned her an ardent readership and acclaim both inside and outside science fiction Gerry Canavan offers a critical and holistic consideration of Butler s career Drawing on Butler s personal papers Canavan tracks the false starts abandoned drafts tireless rewrites and real life obstacles that fed Butler s frustrations and launched her triumphs Canavan departs from other studies to approach Butler first and foremost as a science fiction writer working within responding to and reacting against the genre s particular canon The result is an illuminating study of how an essential SF figure shaped themes unconventional ideas and an unflagging creative urge into brilliant works of fiction
