Argentine Cinema and National Identity (1966-1976) Carolina Rocha, 2018-01-05 Argentine Cinema and National Identity covers the development of Argentine cinema since the late 1950s to the mid 1970s concentrating on the historical film genre and the gauchesque This cultural history investigates the way Argentine cinema positioned itself when facing the competition of American films *Modern Latin-American Fiction Writers* William Luis, 1992 Annotation Thirty authors are thoroughly profiled in this new volume in the remarkable DLB series Annotation copyrighted by Book News Incorporated Portland OR *The Spanish American Novel* John S. Brushwood, 2014-07-03 In *The Spanish American Novel* John S Brushwood analyzes the twentieth century Spanish American novel as an artistic expression of social reality In relating the generic history of the novel to extraliterary events in Spanish America he shows how twentieth century fiction sets forth the essence of such phenomena as the first Per n regime the Mexican Revolution the Che Guevara legend indigenismo and the strongman political type In essence he views the novel as art rather than as document but not as art alienated from society The discussion is organized chronologically opening with the turn of the century and focusing on novels from 1900 to 1915 that exemplify various aspects of the nineteenth century literary inheritance Brushwood then highlights the avant garde fiction influenced by Proust and Joyce of the 1920s as a precursory movement to the new Latin American novel a phenomenon that came into its own during the 1940s He then examines the boom in Spanish American fiction the period of extensive international recognition of certain works which he dates from 1962 or 1963 In each era considered the development of the novel is placed in dual perspective One view that of particularly significant novels in light of others published during the same year is a cross section of the genre at one particular moment The second view that of a panorama of novels published in intervals between significant moments in the history of the novel is more general and selective in the number of books discussed Combining the historical with the analytical approach the author proposes that the experience of a novel in which reality has been transformed into art is essential to our understanding of that reality **Spanish UGC NET Question Bank Chapterwise in Spanish Assistant Professor and Lecturer Exams** Mocktime Publication, Spanish UGC NET Question Bank Chapterwise in Spanish Assistant Professor and Lecturer Exams **World Encyclopedia of**
