Esquivel's critical reputation contextualizes her work in literary movements and considers her four novels and the film based on *Like Water for Chocolate* from various perspectives. This book assesses the twenty years of Esquivel criticism.

Performing Gender and Comedy Shannon Hengen, 2014-01-02. First Published in 1998. This lively volume explores comedy as a place where gender and sexuality through performance challenge sexist and heteronormative forces in Western culture. The contributors investigate the effects of gender, sexuality, sexual identity, race, class, and nationality on humor and comedic performance. Each chapter, distinct in its voice and content, addresses how particular historical periods seem to affect who laughs at what, why, and with what consequences. This book not only spans a broad range of historical and literary periods; it also engages in a critical conversation with past and present thinkers to articulate the political, cultural, and social effects of comedy.

Laura Esquivel's *Like Water for Chocolate* (ELL)., 2009. Encyclopedia of Feminist Literature Mary Ellen Snodgrass, 2014-05-14. An accessible one-volume encyclopedia, this addition to the Literary Movements series is a comprehensive reference guide to the history and development of feminist literature from early fairy tales to works by great women writers of today. *Hundred* The *Facts on File Companion to the World Novel* Michael Sollars, Arbolina Llamas Jennings, 2008. *What's Normal?* Carol C. Donley, Sheryl Buckley, 2000. This is the companion text to *The Tyranny of the Normal*. An Anthology. It examines the issues of abnormalities in mental health, intelligence, and sexual behavior. Both books are comprised of literary and fictional readings and commentary by health care professionals and medical ethicists.

Toward a Latina Feminism of the Americas Anna Marie Sandoval, 2009-09-15. Weaving strands of Chicana and Mexicana subjectivities, *Toward a Latina Feminism of the Americas* explores political and theoretical agendas, particularly those that undermine the patriarchy across a diverse range of Latina authors. Within this range, calls for a coalition are clear, but questions surrounding the process of these revolutionary dialogues provide important lines of inquiry. Examining the works of authors such as Sandra Cisneros, Laura Esquivel, Carmen Boullosa, and Helena María Viramontes, Anna Sandoval considers resistance to traditional cultural symbols and contemporary efforts to counteract negative representations of womanhood in literature and society. Offering a new perspective on the oppositional nature of Latina writers, Sandoval emphasizes the ways in which national literatures have privileged male authors whose viewpoint is generally distinct from that of women, a point of departure rarely acknowledged in postcolonial theory. Applying her observations to the disciplinary, historical, and spatial facets of literary production, Sandoval interrogates the boundaries of the Latina experience. Building on the dialogues begun with such works as Sonia Saldivar's *Hull's Feminism on the Border* and Ellen McCracken's *New Latina Narrative*, this is a concise yet ambitious comparative approach to the historical and cultural connections, as well as disparities, found in Chicana and Mexicana literature.
