Encyclopedia of American Short Films, 1926-1959 Graham Webb,2020-07-10 Short subject films have a long history in American cinemas These could be anywhere from 2 to 40 minutes long and were used as a filler in a picture show that would include a cartoon a newsreel possibly a serial and a short before launching into the feature film Shorts could tackle any topic of interest an unusual travelogue a comedy musical revues sports nature or popular vaudeville acts With the advent of sound on film in the mid to late 1920s makers of earlier silent short subjects began experimenting with the short films using them as a testing ground for the use of sound in feature movies After the Second World War and the rising popularity of television short subject films became far too expensive to produce and they had mostly disappeared from the screens by the late 1950s This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s *Merchant Vessels of the United States* ,1989 AB Bookman's Weekly ,1993 **Counterfeit Community** John F. Freie,1998-06-11 From gated communities to Heaven s Gate the idea and practice of community in America have not only declined but mutated In the process Americans longing to be connected to something greater than themselves has intensified This longing coupled with an absence of genuine community alternatives opens the way to counterfeit claims by those promoting economic rather than social agendas This book examines counterfeit community as it has become manifest throughout contemporary American society in housing as it shapes our public spaces in the workplace in politics in religion and most recently in cyberspace Promises of community come from those hawking exclusive golf course housing developments from shopping malls and shopping channels from total quality management and mission statement rhetoric from televangelists and electronic town meetings and all lure us in only to disappoint As Counterfeit Community shows

building genuine community means no quick fixes and no false appeals The hard work of weaving relationships must be combined with political economic and social change to counter the counterfeit trend Marshaling positive examples of genuine community as well as increasing our sensitivity to false ringers this book starts us along the way *The Living Church* ,1963
