*Megatokyo Omnibus Volume 2* Fred Gallagher, 2016-11-15 Fred Gallagher's popular long running Megatokyo series celebrates over fifteen years of successful web and print publication with a second massive Megatokyo Omnibus edition and a return to Dark Horse Comics. Featuring the next three volumes of Fred Gallagher's otaku gamer fantasy epic Megatokyo Omnibus Volume 2 will also add new content available only in this omnibus edition. Join obsessed Otaku Piro and his hardcore gamer friend Largo on their chaotic adventures in Tokyo from their unique and dramatically different points of view. Collects Megatokyo Volumes 4-6. Megatokyo is a delightful and imaginative work of American manga. Publisher's Weekly: The real charm of Megatokyo lies in the artwork, a style that feels light and airy and allows for great detail. Animerica: The pleasure of a story like Megatokyo comes not in its novelistic coherence but in its loose ranginess as it literally outgrows its borders into a lushly penciled full page, the story maturing into the exuberant addictive soap operatics of the manga that inspired it. The New York Times: Unlike many American manga creators, Gallagher understands that creating manga involves more than just aping an art style. Megatokyo is filled with quirky interesting characters and the kind of loopy humor that makes Love Hina and Slayers so popular. ICMV2.com: Gallagher is the fastest rising star on the American manga scene. Library Journal: **Mechademia 6** Frenchy Lunning, 2011-11-03 Manga and anime inspire a wide range of creative activities for fans: blogging and contributing to databases, making elaborate cosplay costumes, producing dōjinshi, amateur manga and scanlations, and engaging in fansubbing and DIY animation. Indeed, fans can no longer be considered passive consumers of popular culture, easily duped by corporations and their industrial capitalist ideologies. They are now more accurately described as users in whose hands cultural commodities can provide instant gratification but also need to be understood as creative spaces that can be inhabited, modified, and enhanced. User Enhanced: The sixth volume of the Mechademia series examines the implications of this transformation from consumer to creator. Why do manga characters lend themselves so readily to user enhancement? What are the limitations on fan creativity? Are fans simply adding value to corporate properties with their enhancements? And can the productivity and creativity of user activities be transformed into genuine cultural enrichment and social engagement? Through explorations of the vitality of manga characters, the formal and structural, open-endedness of manga, the role of sexuality and desire in manga and anime fandom, the evolution of the Lolita fashion subculture, the contemporary social critique embodied in manga like *Helpman* and *Ikigami*, and gamer behavior within computer games, *User Enhanced* suggests that commodity enhancement may lead as easily to disengagement and isolation as to interaction, connection, and empowerment. *Mantua Humanistic Studies. Volume I* Erika Notti,Edoardo Scarpanti,2018-03-22 The present book is intended to represent the first volume of a long series which will be devoted to collect studies proceedings and papers in the field of Humanities The title Mantua Humanistic Studies reminds us to a historical town in northern Italy Mantua that had been for a long time the capital of one of the most powerful and culturally influencing dynasties of the Renaissance the Gonzaga family Mantua has an extraordinary richness in terms of history arts and tradition of studies and is now one of the main Unesco Heritage sites Among the artists who have left their masterworks in the city we can find Pisanello Andrea Mantegna Leon Battista Alberti Giulio Romano Rubens Titian and many others Even if in the time of the Gonzagas the city had a strong

history of humanistic studies mainly established by the great teacher Vittorino Da Feltre during the following centuries Mantua gradually lost great part of its cultural influence especially after the end of the leading dynasty at the beginning of the 18th Century Maybe the only real exception was the renowned Accademia Nazionale Virgiliana Nevertheless in very recent years some Italian Academic Institutions and Universities have rediscovered the cultural importance of the town and they moved here with some of their Bachelor and Master degrees the Politecnico of Milano the University of Verona and in 2018 the University of Modena and Reggio Emilia More and more students are moving into our old city every year and the future could really be bright in the terms of culture teaching and research Mantua Humanistic Studies would like to be a small but maybe not useless contribution to what could be a second Renaissance for the capital of the Gonzagas offered by a small but active Scientific Publishing House which was born and still operates in this small but incredible town
