design collection analysis and reporting of data to enhance your company's profits. This is a perfect marketing textbook for teaching the class and a dependable resource for the future. *Exploring Marketing Research* William G. Zikmund, 2003

Marketing research on the Internet has moved from the introductory stage of its product life to the growth stage in the 21st century. Technological developments and social diffusion of the Internet have and will continue to shape the future of marketing research dramatically. *Exploring Marketing Research* 8e reflects the astonishing changes in information technology that have taken place since the previous edition. While this edition continues to focus on the time-honored traditional marketing research methods, the addition of extensive coverage of Internet research is a major change in this edition. Internet issues are carefully placed throughout the text to combine basic marketing research concepts with the emerging Internet power to conduct effective marketing research.
