**General Record of British and Foreign Literature, and Booksellers' Record**, 1896 *Irish Classics* Declan Kiberd, 2001 A celebration of the tenacious life of the enduring Irish classics this book by one of Irish writing's most eloquent readers offers a brilliant and accessible survey of the greatest works since 1600 in Gaelic and English which together have shaped one of the world's most original literary cultures In the course of his discussion of the great seventeenth and eighteenth century Gaelic poems of dispossession and of later work in that language that refuses to die Declan Kiberd provides vivid and idiomatic translations that bring the Irish texts alive for the English speaking reader Extending from the Irish poets who confronted modernity as a cataclysm and who responded by using traditional forms in novel and radical ways to the great modern practitioners of such paradoxically conservative and revolutionary writing Kiberd's work embraces three

sorts of Irish classics those of awesome beauty and internal rigor such as works by the Gaelic bards Yeats Synge Beckett and Joyce those that generate a myth so powerful as to obscure the individual writer and unleash an almost superhuman force such as the Cuchulain story the lament for Art O Laoghaire and even Dracula and those whose power exerts a palpable influence on the course of human action such as Swift's Drapier's Letters the speeches of Edmund Burke or the autobiography of Wolfe Tone The book closes with a moving and daring coda on the Anglo Irish agreement claiming that the seeds of such a settlement were sown in the works of Irish literature A delight to read throughout Irish Classics is a fitting tribute to the works it reads so well and inspires us to read and read again *Print and Popular Culture in Ireland, 1750-1850* Niall Ó Ciosáin, 2016-07-27 This highly acclaimed book is being published for the first time in paperback The author studies the cheap printed literature which was read in eighteenth and nineteenth century Ireland and the cultures of its audience It takes an interdisciplinary approach to a little known topic pursuing comparisons with other regions such as Brittany and Scotland By addressing questions such as the language shift and the unique social configuration of Ireland in this period it adds a new dimension to the growing body of studies of popular culture in Europe **Reprinted Pieces and the Lazy Tour of Two Idle Apprentices** Charles Dickens, 1896 *The Publishers' Circular and Booksellers' Record of British and Foreign Literature*, 1904 **Books Ireland**, 2006 **Black Potatoes** Susan Campbell Bartoletti, 2001 The award winning author pens a fascinating account of the potato blight that struck in Ireland telling the story of the men women and children who made every attempt to survive and hang on to hope *Ireland in Official Print Culture, 1800-1850* Niall Ó Ciosáin, 2014-02 Analyses the construction and dissemination of the image conveyed of Irish society in the early nineteenth century *We Irish* Denis Donoghue, 1988-01-01 Essays discuss William Butler Yeats James Joyce James Stephens Sean O'Casey Frank O'Connor Sean O'Faolain and Irish society *Classics and Irish Politics, 1916-2016* Isabelle Torrance, Donncha O'Rourke, 2020 This interdisciplinary collection written by experts in their fields addresses how models from ancient Greece and Rome have permeated Irish political discourse in the century since 1916 Topics covered include the reception and rejection of classical culture in Ireland and the politics of Irish language engagement with Greek and Roman models **The Irish Classical Self** Laurie O'Higgins, 2017-03-09 The Irish Classical Self considers the role of classical languages and learning in the construction of Irish cultural identities in the eighteenth and nineteenth centuries focusing in particular on the lower ranks of society This eighteenth century notion of the classical self grew partly out of influential identity narratives developed in the seventeenth century by clerics on the European continent responding to influential critiques of the Irish as ignorant barbarians they published works demonstrating the value and antiquity of indigenous culture and made traditional annalistic claims about the antiquity of Irish and connections between Ireland and the biblical and classical world broadly known In the eighteenth century these and related ideas spread through Irish poetry which demonstrated the complex and continuing interaction of languages in the country a story of conflict but also of communication and amity The classical strain

in the context of the non elite may seem like an unlikely phenomenon but the volume exposes the truth in the legend of the classical hedge schools which offered tuition in Latin and Greek to poor students for whom learning and claims to learning had particular meaning and power This volume surveys official data on schools and scholars together with literary and other narratives showing how the schools inherently transgressive because of the Penal Laws drove concerns about class and political loyalty and inspired seductive but contentious retrospectives It demonstrates that classical interests among those in the humbler walks of life ran in the same channels as interests in Irish literature and contemporary Irish poetry and demands a closer look at the phenomenon in its entirety Tait's Edinburgh Magazine William Tait, Christian Isobel Johnstone, 1837

**Adapting Chekhov** J. Douglas Clayton, Yana Meerzon, 2013 This book considers the hundred years of re writes of Anton Chekhov s work presenting a wide geographical landscape of Chekhovian influences in drama The volume examines the elusive quality of Chekhov s dramatic universe as an intricate mechanism an engine in which his enigmatic characters exist as the dramatic and psychological ciphers we have been de coding for a century and continue to do so Examining the practice and the theory of dramatic adaptation both as intermedial transformation from page to stage and as intramedial mutation from page to page the book presents adaptation as the emerging genre of drama theatre and film This trend marks the performative and social practices of the new millennium highlighting our epoch s need to engage with the history of dramatic forms and their evolution The collection demonstrates that adaptation as the practice of transformation and as a re thinking of habitual dramatic norms and genre definitions leads to the rejuvenation of existing dramatic and performative standards pioneering the creation of new traditions and expectations As the major mode of the storytelling imagination adaptation can build upon and drive the audience s horizons of expectations in theatre aesthetics Hence this volume investigates the original and transformative knowledge that the story of Chekhov s drama in mutations offers to scholars of drama and performance to students of modern literatures and cultures and to theatre practitioners worldwide Books in Print Supplement , 2002
