## **Between War And Peace How America Ends Its Wars:**

**Between War and Peace** Matthew Moten, 2012-01-10 A U S Military Academy historian analyzes America's exit strategies in conflicts ranging from the American Revolution to the Gulf War providing fifteen essays by leading authorities to offer insight into each war's goals campaigns and legacies **Lincoln's Peace** Michael Vorenberg, 2025-03-18 One historian's journey to find the end of the Civil War and along the way to expand our understanding of the nature of war itself and how societies struggle to draw the line between war and peace We set out on the James River March 25 1865 aboard the paddle steamboat River Queen President Lincoln is on his way to General Grant's headquarters at City Point Virginia and he's decided he won't return to Washington until he's witnessed or perhaps even orchestrated the end of the Civil War Now it turns out more than a century and a half later historians are still searching for that end Was it April 9 at Appomattox as conventional wisdom holds where Lee surrendered to Grant in Wilmer McLean's parlor Or was it ten weeks afterward in Galveston where a federal commander proclaimed Juneteenth the end of slavery Or perhaps in August of 1866 when President Andrew Johnson simply declared the insurrection is at an end That the answer was elusive was baffling even to a historian of the stature of Michael Vorenberg whose work served as a key source of Steven Spielberg's *Lincoln* Vorenberg was inspired to write this groundbreaking book finding its title in the peace Lincoln hoped for but could not make before his assassination A peace that required not one but many endings as Vorenberg reveals in these pages the most important of which came well more than a year after Lincoln's untimely death To say how a war ends is to suggest how it should be remembered and Vorenberg's search is not just for the Civil War's endpoint but for its true nature and legacy so essential to the American identity It's also a quest in our age of forever wars to understand whether the United States's interminable conflicts of the current era have a precedent in the Civil War and whether in a sense wars ever end at all or merely wax and wane ***The Other Face of Battle*** Wayne E. Lee, Anthony E. Carlson, David L. Preston, David Silbey, 2021 Focusing on three battles each reflective of asymmetrical intercultural and irregular warfare this provocative harrowing and illuminating book shows how American soldiers have experienced combat in which the standard rules of engagement did not apply ***Why America Loses Wars*** Donald Stoker, 2022-05-26 This provocative challenge to US politics and strategy maintains that America endures endless wars because its leaders no longer know how to think about war **The Oxford Encyclopedia of American Military and Diplomatic History** Timothy J. Lynch, 2013 Entries written by renowned diplomatic and military historians as well as key scholars in international relations Provides assessments and analyses of key episodes issues and actors in the military and diplomatic history of the United States Based on the award winning Oxford Companion to United States History Comprehensive collection of entries that span the founding of the U S to its present state Offers a wide range of perspectives to provide an encompassing context of the United States military and diplomatic legacies Expansive bibliographies and suggested readings for each article to aid in research The Oxford Encyclopedia of American Military and

Diplomatic History a two volume set will offer both assessment and analysis of the key episodes issues and actors in the military and diplomatic history of the United States At a time of war in which ongoing efforts to recalibrate American diplomacy are as imperative as they are perilous the Oxford Encyclopedia will present itself as the first recourse for scholars wishing to deepen their understanding of the crucial features of the historical and contemporary foreign policy landscape and its perennially martial components Entries will be written by the top diplomatic and military historians and key scholars of international relations from within the American academy supplemented as is appropriate for an encyclopedia of diplomacy with entries from foreign based academics in the United Kingdom and elsewhere The crucial importance of the subject is reflected in the popularity of university courses dedicated to diplomatic and military history and the enduring appeal of international relations IR as a political science discipline drawing on both The Oxford Encyclopedia will be a basic reference tool across both disciplines a potentially very significant market Readership University level undergraduate and graduate students in History

**The War of 1812** J. C. A. Stagg, 2012-03-12 This book is a narrative history of the many dimensions of the War of 1812 social diplomatic military and political which places the war s origins and conduct in transatlantic perspective The events of 1812 15 were shaped by the larger crisis of the Napoleonic Wars in Europe In synthesizing and reinterpreting scholarship on the war Professor J C A Stagg focuses on the war as a continental event highlighting its centrality to Canadian nationalism and state development The book introduces the war to students and general readers concluding that it resulted in many ways from an emerging nation state trying to contend with the effects of rival European nationalisms both in Europe itself and in the Atlantic world

After Saigon's Fall Amanda C. Demmer, 2021-04-08 A new understanding of US policy toward Vietnam after the end of the Vietnam War based on fresh archival discoveries

Assessing the War on Terror Charles Webel, Mark Tomass, 2017-02-17 This volume is a collection of articles that critically examine the efficacy ethics and impact of the War on Terror as it has evolved since 9 11 During the decade and a half of the Global War on Terror GWOT numerous books have considered the political psychosocial and economic impacts of terrorism However there has been little systematic effort to examine the effectiveness of the GWOT in achieving its goals Furthermore there is virtually nothing that presents a comparative analysis of the GWOT by the people most directly affected by it citizens and scholars from conflict zones in the Middle East There is therefore great need for a book that analyzes the strategies tactics and outcomes of the GWOT and that also presents facts and ideas that are missing or underrepresented in the dominant public narratives The contributions in this volume were chosen to specifically address this need In doing so it uniquely provides not only Western perspectives of the GWOT but also importantly includes perspectives from the Middle East and those most directly affected by it including contributions from scholars and policy makers Overall the contributions demonstrate how views differ based on geographical location and how views have changed during the course of the still evolving War on Terror The book will be of much interest to students and scholars of terrorism and counter terrorism foreign

policy Middle Eastern politics security studies and IR as well as policy makers

**The Ashgate Research Companion to the Korean War** Donald W. Boose, 2016-03-23 This essential companion provides a comprehensive study of the literature on the causes course and consequences of the Korean War 1950 1953 Aimed primarily at readers with a special interest in military history and contemporary conflict studies the authors summarize and analyze the key research issues in what for years was known as the Forgotten War The book comprises three main thematic parts each with chapters ranging across a variety of crucial topics covering the background conduct clashes and outcome of the Korean War The first part sets the historical stage with chapters focusing on the main participants The second part provides details on the tactics equipment and logistics of the belligerents Part III covers the course of the war with each chapter addressing a key stage of the fighting in chronological order The enormous increase in writings on the Korean War during the last thirty years following the release of key primary source documents has revived and energized the interest of scholars This essential reference work not only provides an overview of recent research but also assesses what impact this has had on understanding the war *Brill's Companion to Military Defeat in Ancient Mediterranean Society* Jessica H. Clark, Brian Turner, 2018-04-03 In Brill's *Companion to Military Defeat in Ancient Mediterranean Society* Jessica H Clark and Brian Turner lead a re examination of how Near Eastern Greek and Roman societies addressed or failed to address their military defeats and casualties of war Original case studies illuminate not only how political and military leaders managed the political and strategic consequences of military defeats but also the challenges facing defeated soldiers citizens and other classes who were left to negotiate the meaning of defeat for themselves and their societies By focusing on the connections between war and society history and memory the chapters collected in this volume contribute to our understanding of the ubiquity and significance of war losses in the ancient world

The Oxford Handbook of World War II G. Kurt Piehler, Jonathan A. Grant, 2023 World War II dramatically transformed human life and society resulting in the deaths of 100 million people and shaping the worldview and psyches of generations The Oxford Handbook of World War II broadens traditional narratives of the war and in the process changes our understanding of this epic conflict Spanning the rise and fall of the Versailles system to the postwar reintegration of veterans and the eventual commemoration of the conflict and its victims The Oxford Handbook of World War II marks a landmark contribution to the historical literature of war

Presidents and Their Generals Matthew Moten, 2014-11-05 A military historian traces the long struggle of American presidents to assert their power over uncooperative generals Since World War II the United States has been engaged in near constant military conflict abroad often with ill defined objectives ineffectual strategy and uncertain benefits In this era of limited congressional oversight and wars of choice the executive and the armed services have shared the primary responsibility for making war The negotiations between presidents and their generals thus grow ever more significant and understanding them becomes essential Matthew Moten traces a sweeping history of the evolving roles of civilian and military leaders in conducting war demonstrating how

war strategy and national security policy shifted as political and military institutions developed and how they were shaped by leaders personalities Early presidents established the principle of military subordination to civil government and from the Civil War to World War II the president s role as commander in chief solidified with an increasingly professionalized military offering its counsel But General Douglas MacArthur s insubordination to President Harry Truman during the Korean War put political military tensions on public view Subsequent presidents selected generals who would ally themselves with administration priorities Military commanders in Vietnam Iraq and Afghanistan did just that and the results were poorly conceived policy and badly executed strategy The most effective historical collaborations between presidents and their generals were built on mutual respect for military expertise and civilian authority and a willingness to negotiate with candor and competence Upon these foundations future soldiers and statesmen can ensure effective decision making in the event of war and bring us closer to the possibility of peace Praise for Presidents and Their Generals This highly readable book impressive in scope is a major contribution to understanding the important yet often shifting dynamics of civil military relations in the U S past present and future W A Taylor Choice The author s opinions are precise and witty and based on comprehensive knowledge of his subject as he clearly demonstrates how wars are lost by the arrogant and or incompetent A brilliant fascinating picture of how wars badly begun and poorly run can affect an entire country usually at the hands of just a few men Kirkus Reviews starred review

**The Second Seminole War and the Limits of American Aggression** C. S. Monaco, 2018-03-15 The Second Seminole War 1835 1842 was the last major conflict fought on American soil before the Civil War The early battlefield success of the Seminoles unnerved US generals who worried it would spark a rebellion among Indians newly displaced by President Andrew Jackson s removal policies The presence of black warriors among the Seminoles also agitated southerners wary of slave revolt A lack of decisive victories and a series of bad decisions among them the capture of Seminole leader Osceola while under the white flag of truce damaged the US Army s reputation at home and abroad Desertion was rampant as troops contended with the subtropical Florida wilderness And losses for the Seminoles were devastating by the war s end only a few hundred remained in Florida In his ambitious study C S Monaco explores the far reaching repercussions of this bloody expensive campaign Taking an interdisciplinary approach Monaco not only places this protracted conflict within a military context but also engages the various environmental medical and social aspects to uncover the war s true significance and complexity By examining the Second Seminole War through the lenses of race Jacksonian democracy media and public opinion American expansion and military strategy Monaco offers an original perspective on a misunderstood and often neglected chapter in our history This highly recommended title replaces John K Mahon s History of the Second Seminole War 1835 1842 as the definitive work on the conflict Essential Choice An important book on an often neglected topic Monaco is a skilled writer He has distilled extensive archival research from across the United States along with a robust list of newspapers and published memoirs into eleven succinct chapters Monaco s work

will surely be a valuable resource for historians and students of American Indian Removal in the coming years Civil War Book Review A strong contribution to American history in the current paradigm of settler colonial studies Monaco writes with fascinating ecological insight keenly critical revisions of standard ideas access to newly discovered documentary sources and a commendable sense that he is writing about perception and rhetoric as much as about sometimes unascertainable fact

lection The Great Power Competition Volume 4 Adib Farhadi,Anthony Masys,2023-05-02 Lessons Learned from Afghanistan America s Longest War examines the lessons of how America s longest war came to an ignominious end with staggering consequences for the United States and the Afghan nation Afghanistan today faces an unprecedented humanitarian crisis looming threat of a civil war and a resurgence of violent extremism organizations similar to pre 9 11 As the U S enters a new era in the strategic geopolitical Great Power Competition an analysis of the original mission intent shifting policy and strategic objectives and ineffective implementation of security political and economic programs reveal critical lessons and questions such as What led to the strategic failure of the U S in Afghanistan What decisions resulted in the present day humanitarian civil and political crises in Afghanistan Were these consequences in fact avoidable Was there an alternative approach that could have maintained the hard fought gains of the last two decades and better demonstrated America s standing as a defender of global human rights Lessons Learned from Afghanistan America s Longest War further explores lessons of the past negotiations between the United States Taliban and former U S backed Afghan government to suggest alternative pathways that honor the original intent of the mission and meet present day obligations to an Afghan nation in crisis Military Review ,2011-07 Professional Journal of the United States Army ,2011 **Proceedings of the United States Naval Institute** United States Naval Institute,2012 *Zero-Sum Victory* Christopher D. Kolenda,2021-10-26 2021 Foreword INDIES Gold Winner for War in both cases US officials believe their strategies are working even as the situation deteriorates Third once the United States decides to withdraw bargaining asymmetries and disconnects in strategy undermine the prospects for a successful transition or negotiated outcome Relying on historic examples and personal experience Kolenda draws thought provoking and actionable conclusions about the utility of American military power in the contemporary world insights that serve as a starting point for future scholarship as well as for important national security reforms Ending War Chiara De Franco,Anders Engberg-Pedersen,Martin Mennecke,2021-11-29 Ending War A Dialogue across Disciplines examines how wars end from a multidisciplinary perspective and includes enquiries into the politics of war the laws of war and the military and intellectual history of war In recent years the changes in the character of contemporary warfare have created uncertainties across different disciplines about how to identify and conceptualise the end of war A whole constellation of questions arises from such uncertainties How do philosophers define ethical responsibilities in bello and post bellum if the boundary between war and peace is ever so blurred How do strategists define their objectives if the teleology of action becomes uncertain How do historians bracket the

known endings of war and delve into the arguments that preceded them Which answers can international law provide for the ending of wars and which challenges remain or have recently arisen This volume addresses these questions and enables both an understanding of how the end as a concept informs the understanding of war in international relations in international law and in history as well as a reconsideration of the nature of scientific method in the field of war studies as such The chapters in this book were originally published as a special issue of The Journal of Strategic Studies

**No Man's Land** Elizabeth D. Samet, 2014-11-04 As the post 9 11 wars wind down a literature professor at West Point explores what it means for soldiers and our country to be caught between war and peace In her critically acclaimed award winning book *Soldier's Heart* Elizabeth D Samet grappled with the experience of teaching literature at the United States Military Academy at West Point Now with *No Man's Land* Samet contends that we are entering a new moment a no man's land between war and peace Major military deployments are winding down but soldiers are wrestling with the aftermath of war and the trials of returning home while also facing the prospect of low intensity conflicts for years to come Drawing on a range of experiences from a visit to a ward of wounded combat veterans to correspondence with former cadets from a conference on Edith Wharton and wartime experience to teaching literature and film to future officers Samet illuminates an ambiguous passage through no man's land that has left deep but difficult to read traces on our national psyche our culture our politics and most especially an entire generation of military professionals In *No Man's Land* Elizabeth D Samet offers a moving urgent examination of what it means to negotiate the tensions between war and peace between over there and over here between life on the front and life at home She takes the reader on a vivid tour of this new landscape marked as much by the scars of war as by the ordinary upheavals of homecoming to capture the essence of our current historical moment

Between War And Peace How America Ends Its Wars: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have captivated audiences this year. Between War And Peace How America Ends Its Wars : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Between War And Peace How America Ends Its Wars : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
