exhilarated by the limitless hot skies of Texas Naomi Nye has chosen poems by twenty six Texas poets including herself which explore a spectrum of emotion about the sky above Texas and the weather in our lives beneath it Together photographs memoir and poems create a lasting connection with the power and presence of what Meinzer calls that vast frontier and ocean above the sky between heaven and Texas A Political History of the Texas Republic, 1836-1845 Stanley Siegel, 2010-01-01 This book is unique among the histories of the Texas Republic it is the first to examine the fledgling nation from the point of view of its dynamic political life Policies with far reaching results were formulated in the nine years of Texas independence and the author clearly presents the many thorny issues that were to plaque Texas for generations The political history of the Republic is one of strong figures vying with each other for popular support of their divergent policies. The author details the personal feuds and animosities that resulted and shows the effects of these differences on the governing of the nation Thoughtful use of diaries memoirs and other contemporary sources gives the reader an excellent understanding of the sense of personal concern the citizens of the Republic felt toward the political The Scouting Expeditions of McCulloch's Texas Rangers; Or, The Summer and Fall Campaign of the issues of the day Army of the United States in Mexico--1846 Samuel Chester Reid, 1848 Texas School Journal ,1886 Michael L. Collins, 2012-11-09 The Texas Rangers have been the source of tall tales and the stuff of legend as well as a growing darker reputation But the story of the Rangers along the Mexican border between Texas statehood and the onset of the Civil War has been largely overlooked until now This engaging history pulls readers back to a chaotic time along the lower Rio Grande in the mid nineteenth century Texas Devils challenges the time honored image of good guys in white hats to reveal the more complicated and sobering reality behind the Ranger Myth Michael L Collins demonstrates that rather than bringing peace to the region the Texas Rangers contributed to the violence and were often brutal in their injustices against Spanish speaking inhabitants who dubbed them los diablos Tejanos the Texas devils Collins goes beyond other more laudatory Ranger histories to focus on the origins of the legend casting Ranger immortals such as John Coffee Jack Hays Ben McCulloch and John S Rip Ford in a new and not always flattering light In revealing a barbaric code of conduct on the Rio Grande frontier Collins shows that much of the Ranger Myth doesn t hold up to close historical scrutiny Texas Devils offers exciting true stories of the Rangers for anyone captivated by their legend even as it provides a corrective to that legend
