Beverly Revisited Images Of America:

The Great War in Hollywood Memory, 1918-1939 Michael Hammond, 2019-12-01 This is the definitive account of how America's film industry remembered and reimagined World War I from the Armistice in 1918 to the outbreak of World War II in 1939 Based on detailed archival research Michael Hammond shows how the war and the sociocultural changes it brought made their way into cinematic stories and images He traces the development of the war s memory in films dealing with combat on the ground and in the air the role of women behind the lines returning veterans and through the social problem and horror genres Hammond first examines movies that dealt directly with the war and the men and women who experienced it He then turns to the consequences of the war as they played out across a range of films some only tangentially related to the conflict itself Hammond finds that the Great War acted as a storehouse of motifs and tropes drawn upon in the service of an industry actively seeking to deliver clearly told entertaining stories to paying audiences Films analyzed include The Big Parade Grand Hotel Hell's Angels The Black Cat and Wings Drawing on production records set designs personal accounts and the advertising and reception of key films the book offers unique insight into a cinematic remembering that was a product of the studio system as it emerged as a global entertainment industry From Hollywood to Disneyland Robert Neuman, 2022-11-11 From its beginnings Disneyland was destined to be something entirely different from the standard mid century amusement park To sell his dream park to investors and the public Walt Disney recruited Hollywood art directors and sketch artists to design the grounds around the mythic settings and high minded ideals commonly expressed on the silver screen This book focuses on the initial planning of Disneyland and its first year of operation a time when Walt personally oversaw every detail of the park s development Divided into chapters by park zone it reveals how the five sectors were constructed using illusionistic tricks of stage design Reaching beyond structure and design chapters also explore how the sectors Main Street U S A Frontierland Tomorrowland Adventureland and Fantasyland represented themes found in The Scientific Study of Peace and War John A. Disney stories familiar movie genres and American culture at large Vasquez,1999-01-01 The contributors of this book suggest methodologies for a systematic analysis of historical examples using controlled observation the collection of evidence and careful inferences Rethinking American Indian History Donald Lee Fixico, 1997 Using innovative methodologies and theories to rethink American Indian history this book challenges previous scholarship about Native Americans and their communities **Children and Television** Gordon L. Entman, Andrew Rojecki, 2024-05-31 Living in a segregated society white Americans learn about African Americans not through personal relationships but through the images the media show them The Black Image in the White Mind offers the most comprehensive look at the intricate racial patterns in the mass media and how they shape the ambivalent attitudes of Whites toward Blacks Using the media and especially television as barometers of race relations Robert Entman and Andrew Rojecki explore but then go beyond the treatment of African Americans on network and local news to incisively uncover the messages sent about race by the entertainment industry from prime time dramas and sitcoms to commercials and Hollywood movies While the authors find very little in the media that intentionally promotes racism they find even less that advances racial harmony They reveal instead a subtle pattern of images that while making room for Blacks implies a racial hierarchy with Whites on top and promotes a sense of difference and conflict Commercials for example feature plenty of Black characters But unlike Whites they rarely speak to or touch one another In prime time the few Blacks who escape sitcom buffoonery rarely enjoy informal friendly contact with White colleagues perhaps reinforcing social distance in real life Entman and Rojecki interweave such astute observations with candid interviews of White Americans that make clear how these images of racial difference insinuate themselves into Whites thinking Despite its disturbing readings of television and film the book s cogent analyses and proposed policy guidelines offer hope that America's powerful mediated racial separation can be successfully bridged Entman and Rojecki look at how television news focuses on black poverty and crime out of proportion to the material reality of black lives how black experts are only interviewed for black themed issues and how black politics are distorted in the news and conclude that while there are more images of African Americans on television now than there were years ago these images often don't reflect a commitment to racial comity or community building between the races Thoroughly researched and convincingly argued Publishers Weekly Drawing on their own research and that of a wide array of other scholars Entman and Rojecki present a great deal of provocative data showing a general tendency to devalue blacks or force them into stock categories Ben Yagoda New Leader Winner of the Frank Luther Mott Award for best book in Mass Communication and the Robert E Lane Award for best book in political psychology The Gendered West Gordon Morris Bakken, Brenda Farrington, 2013-09-13 First Published in 2001 This anthology of western history articles emphasizes the New Western History that emerged in the 1980s and adds to it a heavy dose of legal history a field frequently ignored or misunderstood by the New Western historians From first contact American Indians knew that Europeans did not understand the gendered nature of America Confusion regarding the role of women within tribes and bands continued from first contact well into the late nineteenth century The journal articles that follow give readers a true sense of the gendered West Racial and ethnic heritage played a role in female

experience whether Hispanic Japanese or Irish Women s work was part western history but women did not confine themselves to plow handles or brothels Women were very much a part of most occupations or in the process of breaking down barriers of access They worked in the fields for wages as well as for family welfare and prosperity Women demanded access to the professions whether teaching or law accounting or medicine The process of eliminating barriers varied in time and space but the struggle was constant Yet the story of women in polygamous Utah or Idaho was different and an integral part of the fabric of western history Because of their beliefs and practices these women suffered at the hands of the federal government and persevered Mexican American Women Activists Mary Pardo, 1998-06-19 When we see children playing in a supervised playground or hear about a school being renovated we seldom wonder about who mobilized the community resources to rebuild the school or staff the park Mexican American Women Activists tells the stories of Mexican American women from two Los Angeles neighborhoods and how they transformed the everyday problems they confronted into political concerns By placing these women s experiences at the center of her discussion of grassroots political activism Mary Pardo illuminates the gender race and class character of community networking She shows how citizens help to shape their local environment by creating resources for churches schools and community services and generates new questions and answers about collective action and the transformation of social networks into political networks By focusing on women in two contiguous but very different communities the working class inner city neighborhood of Boyle Heights in Eastside Los Angeles and the racially mixed middle class suburb of Monterey Park Pardo is able to bring class as ell as gender and ethnic concerns to bear on her analysis in ways that shed light on the complexity of mobilizing for urban change Unlike many studies the stories told here focus on women s strengths rather than on their problems We follow the process by which these women empowered themselves by using their own definitions of social justice and their own convictions about the importance of traditional roles Rather than becoming political participants in spite of their family responsibilities women in both neighborhoods seem to have been more powerful because they had responsibilities social networks and daily routines separate from the men in their communities Pardo asserts that the decline of real wages and the growing income gap means that unforunately most women will no longer be able to focus their energies on unpaid community work She reflects on the consequences of this change for women s political involvement as well as on the politics of writing about women and politics

Recasting America Lary May,1989 The freshness of the authors approaches is salutary The collection is stimulating and valuable Joan Shelley Rubin Journal of American History The Automobile and American Life, 2d ed. John Heitmann,2018-08-03 Now revised and updated this book tells the story of how the automobile transformed American life and how automotive design and technology have changed over time It details cars inception as a mechanical curiosity and later a plaything for the wealthy racing and the promotion of the industry Henry Ford and the advent of mass production market competition during the 1920s the development of roads and accompanying highway culture the effects of the Great

Depression and World War II the automotive Golden Age of the 1950s oil crises and the turbulent 1970s the decline and then resurgence of the Big Three and how American car culture has been represented in film music and literature Updated notes and a select bibliography serve as valuable resources to those interested in automotive history New Energies Stephen G. Gross, Andrew Needham, 2023-02-28 Over the past 250 years energy transitions have occurred repeatedly the rise of coal in the nineteenth century the explosion of oil in the twentieth century the nuclear utopianism of the 1950s and 1960s These transitions have been as revolutionary as any political or economic upheaval and they required changes in infrastructure and behavior Yet new energies never wholly replace old ones This volume historicizes energy production and consumption while demonstrating how energy use has reshaped everything from social life and economic organization to political governance It foregrounds the importance of energy for big historical questions about capitalism democracy inequality the environment and identity and it argues that energy systems themselves merit attention as key agents of historical change Given the urgency of climate change and the central position that energy plays in causing and potentially solving global warming this volume engages history as a discipline in the debate over what may be most monumental energy transition of all time the shift away from fossil fuels Community Action and Organizational Change Brenton D. Faber, 2002 Faber technical communications Clarkson U examines issues relating to the process of organizational change and the process of researching such change including how people cope with create adapt to and resist change how people research and talk about it and the links created and severed between theory and practice the researcher and the researched and the academic and the community The text combines theoretical discussions of these issues drawing on the work of Michel Foucault Anthony Giddens and Pierre Bourdieu with Faber's firsthand experiences in the study and implementation of change For academics businesspeople not for profit organizations and community action groups interested in a sustained examination of change Social and Psychological Consequences of Violent Victimization R. Annotation copyrighted by Book News Inc Portland OR Barry Ruback, Martie P. Thompson, 2001-05-23 The book achieves its goal of encouraging the reader to think broadly about how the consequences of violent victimization can be measured understood and prevented The authors also achieve their goal of emphasizing the need for multiple research methods and multiple theoretical perspectives for understanding the effects and implications of violent crime The book would certainly be a useful resource for students studying psychology or criminology and is likely to be of interest to professionals who work with victims of violent crime CRIME PREVENTION AND COMMUNITY SAFETY AN INTERNATIONAL JOURNALWhat are the effects that violent crime has on our everyday lives both in terms of the individual victims and their larger community This unique text draws from both the fields of criminology and psychology to provide a comprehensive examination of the two major areas that are most significantly effected by violent crime the crime victims themselves and the larger sphere of their families friends neighborhoods and communities Beginning with a discussion of the how we measure and study violent victimization the authors R Barry Ruback and Martie P Thompson

look at the immediate and long term impact violent acts has upon the direct victims Social and Psychological Consequences of Violent Victimization examines secondary victims family members neighbors friends and the professional involved with investigating and prosecuting the crime and helping the victim and also impacts of violent crime on neighborhoods and communities The authors conclude with recommendations of effective interventions that can be made at the levels of the individual the community and the criminal justice and mental health systems This book s one of a kind focus on both the psychological and social impact of crime makes it an invaluable supplementary text for criminal justice and criminology courses dealing with victimization violent crimes and the criminal justice process. The book will also interest professionals in victim services crime prevention criminal justice and social work Hollywood's West Peter C. Rollins, John E. O'Connor, 2005-11-11 An excellent study that should interest film buffs academics and non academics alike Journal of the West Hollywood's West examines popular perceptions of the frontier as a defining feature of American identity and history Seventeen essays by prominent film scholars illuminate the allure of life on the edge of civilization and analyze how this region has been represented on big and small screens Differing characterizations of the frontier in modern popular culture reveal numerous truths about American consciousness and provide insights into many classic Western films and television programs from RKO s 1931 classic Cimarron to Turner Network Television s recent made for TV movies Covering topics such as the portrayal of race women myth and nostalgia Hollywood's West makes a significant contribution to the understanding of how Westerns have shaped our nation s opinions and beliefs often using the frontier as metaphor for contemporary issues
