The Cambridge Revival of Political Economy Nuno Ornelas Martins, 2013-10-23 The marginalist revolution of the late nineteenth century consolidated what Karl Marx and Piero Sraffa called vulgar economy bringing with it an emphasis on a scarcity theory that replaced the classical surplus theory However the classical political economy of Adam Smith and David Ricardo has been revived within the Cambridge economic tradition This book looks at how different branches of the Cambridge economic tradition have focused on various aspects of this revival over time The author shows that classical political economy is distinct from vulgar political economy in terms of its economic social and ethical theory with each difference resting on an issue of ontology Structured in three parts the book examines the central contested aspects of these

theories namely the nature of value the relationship between human beings and social structure and the nature of human wellbeing The Cambridge Revival of Political Economy will be relevant to students and researchers within the fields of political economy history of economic thought politics and philosophy The Political Economy of Eastern Europe 30 years into the 'Transition' Agnes Gagyí, Ondřej Slačálek, 2021-10-11 **Mao's China and After** Maurice Meisner, 1999-04 Presents a revised account of the revolution of 1966 1969 Examines the social and political consequences of the upheaval Deng Xiaoping Democracy movement Tiananmen Incident Mao Zedong The hundred flowers Great Leap Forward **The Elgar Companion to Marxist Economics** Ben Fine, Alfredo Saad-Filho, Marco Boffo, 2012-01-01 This Companion takes stock of the trajectory achievements shortcomings and prospects of Marxist political economy It reflects the contributors shared commitment to bringing the methods theories and concepts of Marx himself to bear across a wide range of topics and perspectives and it provides a testimony to the continuing purpose and vitality of Marxist political economy As a whole this volume analyzes Marxist political economy in three areas the critique of mainstream economics in all of its versions the critical presence of Marxist political economy within and its influence upon each of the social science disciplines and cutting across these the analysis of specific topics that straddle disciplinary boundaries Some of the contributions offer an exposition of basic concepts accessible to the general reader laying out Marx's own contribution its significance and subsequent positions and debates with and within Marxist political economy The authors offer assessments of historical developments to and within capitalism and of its current character and prospects Other chapters adopt a mirror image approach of pinpointing the conditions of contemporary capitalism as a way of interrogating the continuing salience of Marxist analysis This volume will inform and inspire a new generation of students and scholars to become familiar with Marxist political economy from an enlightened and unprejudiced position and to use their knowledge as both a resource and gateway to future study **Socialism for Today** David M. Kotz, 2025-01-27 Capitalism is failing us Instead of bringing a decent life for the majority it generates an outrageous gap between the rich and the rest unaffordable housing a profit driven healthcare system skyrocketing educational debt racial and gender inequality and the threat of climate disaster Economist David Kotz argues that it's time we built a new socialism for the unique challenges of the twenty first century The problems of capitalism are too profound for reform Kotz writes Reform can help but only temporarily and not for all Nor can we turn back to the socialist experiments of the twentieth century But we can learn from those experiments both their successes and failures to build a democratic and participatory economic and political system The result would be a sustainable future of economic justice equality material comfort human development and meaningful freedom The journey towards a new socialism may be difficult But Kotz combines a clear and rigorous account of how socialism can be made to work with a realistic strategy for how to get there This is the book we need to help us escape the cruelties of our capitalist present **The Political Economy of Soviet Socialism: the Formative Years, 1918-1928** Peter J. momentous changes that India experienced under her leadership From her tentative start in high office to her remarkable electoral victories the dark days of the Emergency of 1975-77 and her assassination at the hands of her bodyguards in 1984 Raghavan sheds new light on her politics and government as well as on her adversaries and critics He shows how the 1970s were the hinge on which the history of the country turned and how Indira Gandhi transformed the new postcolonial nation into the India of today

The Political Economy of Global Capitalism and Crisis Bill Dunn, 2014-03-21 The book provides a theoretically and historically informed analysis of the global economic crisis It makes original contributions to theories of value of crisis and of the state and uses these to develop a rich empirical study of the changing character of capitalism in the twentieth century and beyond It defends uses and develops Marxist theory while arguing particularly against jumping too quickly from abstract concepts to a concrete understanding of the crisis Instead it uses what Marx described in his notebooks as an obvious analytical ordering to progress from a general analysis of economy and society to a discussion of recent economic transformations and the specifics of the crisis and its aftermath Dunn argues that appropriately reconceived a critical Marxism can incorporate and

enrich rather than rejecting insights from other traditions He disputes general characterisations of capitalism to the crisis and theories which see finance and the contemporary financial crises as largely detached from other aspects of the economy and society Providing a thoroughly socialised and historically based account this book will be vital reading for students and scholars of political economy international political economy Marxism sociology geography and development studies
