Beyond The Banality Of Evil Criminology And Genocide Clarendon Studies In Criminology:

Beyond the Banality of Evil Augustine Brannigan, 2013 Positioning itself within significant developments in genocide studies arising from misgivings about two noteworthy observers Arendt and Milgram this book asks what lies beyond the banality of evil And suggests the answer lies within criminology Offering the author's reflections about how to interpret genocide as a crime *Beyond the Banality of Evil Criminology and Genocide* endeavours to understand how the theories of criminal motivation might shed light on these stunning events and make them comprehensible While a great deal has been written about the shortcomings of the obedience paradigm and desk murderers when discussing the Holocaust little has been said of what results when investigations are taken beyond these limitations Through examination and analysis of the literature surrounding genocide studies Brannigan frames the events within a general theoretical approach to crime before applying his own revised model specifically to Rwanda and drawn from field work in 2004 and 2005 This provides a new and compelling account of the dynamics of the 1994 genocide and its distinctive attributes of speed popularity totality and emotional indifference With a focus on the disarticulation of personal culpability among ordinary perpetrators *Beyond the Banality of Evil* questions the effectiveness of individual level guilt imputation in these politically based collectively orchestrated crimes and raises doubts about the utility of criminal indictments that have evolved in the context of models of individual misconduct

Traces of Terror Victoria Sentas,2014 **Reorganizing Crime** Gavin Slade,2013 The Oxford Handbook of Criminology Alison Liebling,Shadd Maruna,Lesley McAra,2017 Beginning with the history of criminology this updated and revised edition deals with topics as diverse as policing substance abuse juvenile crime statistics prisons victims and organised crime in Britain **Policing the Waterfront** Russell Brewer,2014-04-16 Long recognised as a site where

criminal elements have flourished the waterfront has been exploited for centuries by opportunistic individuals for a whole raft of illicit purposes Policing the Waterfront Networks Partnerships and the Governance of Port Security is the first book of its kind to fully explore the intricacies of how crime is controlled on the waterfront and in doing so seeks to enhance current theoretical understandings of the policing partnerships that exist between state and non state actors Charting the complex configuration of security networks using a range of analytical techniques this book presents new empirical data which exposes and explains the social structures that enable policing partnerships to function on the waterfront Particularly striking is the use of enhanced and adjusted theoretical discussions to both shape and develop previous policing and security debates resulting in a work that is both innovative and yet still rooted in the traditions of empirical research The analysis is achieved through a comparative research design evaluating the narratives of both state and non state security providers at the busiest ports in America and Australia the Los Angeles Long Beach Port Complex and the Port of Melbourne Policing the Waterfront presents a rich and highly original account of the underlying structures that foster facilitate and enhance policing partnerships on the waterfront and will be of interest to scholars in the fields of criminology sociology law socio legal and policy studies as well as those researching and studying policing regulation security mass transportation and social capital

The Routledge International Handbook of the Crimes of the Powerful Gregg Barak,2015-06-05 Across the world most people are well aware of ordinary criminal harms to person and property Often committed by the powerless and poor these individualized crimes are catalogued in the statistics collected annually by the FBI and by similar agencies in other developed nations In contrast the more harmful and systemic forms of injury to person and property committed by powerful and wealthy individuals groups and national states are neither calculated by governmental agencies nor annually reported by the mass media As a result most citizens of the world are unaware of the routinized crimes of the powerful even though they are more likely to experience harms and injuries from these types of organized offenses than they are from the atomized offenses of the powerless Research on the crimes of the powerful brings together several areas of criminological focus involving organizational and institutional networks of powerful people that commit crimes against workers marketplaces taxpayers and political systems as well as acts of torture terrorism and genocide This international handbook offers a comprehensive authoritative and structural synthesis of these interrelated topics of criminological concern It also explains why the crimes of the powerful are so difficult to control Edited by internationally acclaimed criminologist Gregg Barak this book reflects the

state of the art of scholarly research covering all the key areas including corporate global environmental and state crimes The handbook is a perfect resource for students and researchers engaged with explaining and controlling the crimes of the powerful domestically and internationally Crime and Human Rights Joachim Savelsberg, 2010-04-19 Crimes against humanity are amongst the most shocking violations imaginable Savelsberg's text provides a much needed criminological insight to the topic exploring explanations of and responses to human rights abuses Linking human rights scholarship with criminological theory the book is divided into three parts Part 1 Examines the legal and historical approach to the topic within a criminological framework Part 2 Unpicks the aetiology of human rights offending with real and detailed case studies Part 3 Explores institutional responses to crimes and uses criminological theory to offer solutions Seminal yet concise *Crime and Human Rights* is written for advanced students postgraduates and scholars of crime crime control and human rights With its fresh and original approach to a complex topic the book's appeal will span across disciplines from politics and sociology to development studies law and philosophy Compact Criminology is an exciting series that invigorates and challenges the international field of criminology Books in the series are short authoritative innovative assessments of emerging issues in criminology and criminal justice offering critical accessible introductions to important topics They take a global rather than a narrowly national approach Eminently readable and first rate in quality each book is written by a leading specialist Compact Criminology provides a new type of tool for teaching learning and research one that is flexible and light on its feet The series addresses fundamental needs in the growing and increasingly differentiated field of criminology *An Introduction to the Criminology of Genocide* William R. Pruitt, 2021-01-15 This textbook provides an accessible and interdisciplinary introduction to genocide with an emphasis on the criminal aspect of genocide It draws on sociological political and historical concepts to discuss how they contribute to our understanding of genocide as an international crime It walks students through the evolution of genocide as a criminal act and the legal responses available using case studies to demonstrate how concepts work in action It combines Criminology and Law arguing that Criminology can help explain the why and how while Law can explain the responses to crime This textbook includes a chapter on genocide denial as well as discussion questions at the end of the chapters boxed examples and further reading It speaks to students in Criminology Law Socio Legal Studies and beyond as well as to practitioners in the criminal justice field **Perpetrating Genocide** Kjell Anderson, 2017-11-23 Focusing on the relationship between the micro level of perpetrator motivation and the macro level normative discourse this book offers an in depth explanation for the perpetration of genocide It is the first comparative criminological treatment of genocide drawn from original field research based substantially on the author's interviews with perpetrators and victims of genocide and mass atrocities combined with wide ranging secondary and archival sources Topics covered include perpetration in organizations genocidal propaganda the characteristics of perpetrators decision making in genocide genocidal mobilization coping with killing perpetrator memory and trauma moral rationalization and transitional

justice An interdisciplinary and comparative analysis this book utilizes scientific methods with the objective of gaining some degree of insight into the causes of genocide and genocide perpetration It is argued that genocide is more than a mere intellectual abstraction it is a crime with real consequences and real victims Abstraction and objectivity may be intellectual ideals but they are not ideally humane genocide is ultimately about the destruction of humanity Thus this book avoids presenting an overly abstract image of genocide but rather grounds its analysis in interviews with victims and perpetrators of genocide in Rwanda Burundi Uganda Bosnia Cambodia Bangladesh and Iraq This book will be highly useful to students and scholars with an interest in genocide and the causes of mass violence It will also be of interest to policy makers engaged with the issues of genocide and conflict prevention

Genocidal Crimes Alex Alvarez, 2009-12-04 Genocide has emerged as one of the leading problems of the twentieth century No corner of the world seems immune from this form of collective violence While many individuals are familiar with the term few people have a clear understanding of what genocide is and how it is carried out This book clearly discusses the concept of genocide and dispels the widely held misconceptions about how these crimes occur and the mechanisms necessary for its perpetration Genocidal Crimes differs from much of the writing on the subject in that it explicitly relies upon the criminological literature to explain the nature and functioning of genocide Criminology with its focus on various types of criminality and violence has much to offer in terms of explaining the origins dynamics and facilitators of this particular form of collective violence Through application of a number of criminological theories to various elements of genocide Alex Alvarez presents a comprehensive analysis of this particular crime These criminological perspectives are underpinned by a variety of psychological sociological and political science based insights in order to present a more complete discussion of the nature and functioning of genocide

The Crime of All Crimes Nicole Rafter, 2016-03-29 Cambodia Rwanda Armenia Nazi Germany History remembers these places as the sites of unspeakable crimes against humanity and indisputably of genocide Yet throughout the twentieth century the world has seen many instances of violence committed by states against certain groups within their borders from the colonial ethnic cleansing the Germans committed against the Herero tribe in Africa to the Katyn Forest Massacre in which the Soviets shot over 20 000 Poles to anti communist mass murders in 1960s Indonesia Are mass crimes against humanity like these still genocide And how can an understanding of crime and criminals shed new light on how genocide the crime of all crimes transpires In *The Crime of All Crimes* criminologist Nicole Rafter takes an innovative approach to the study of genocide by comparing eight diverse genocides large scale and small well known and obscure through the lens of criminal behavior Rafter explores different models of genocidal activity reflecting on the popular use of the Holocaust as a model for genocide and ways in which other genocides conform to different patterns For instance Rafter questions the assumption that only ethnic groups are targeted for genocidal cleansing and she also urges that actions such as genocidal rape be considered alongside traditional instances of genocidal violence Further by examining the causes of genocide on different levels Rafter is able to

construct profiles of typical victims and perpetrators and discuss means of preventing genocide in addition to delving into the social psychology of genocidal behavior and the ways in which genocides are brought to an end A sweeping and innovative investigation into the most tragic of events in the modern world *The Crime of All Crimes* will fundamentally change how we think about genocide in the present day *The Criminology of War* Ruth Jamieson, 2017-07-05 The essays selected for this volume provide an overview of the range of issues confronting scholars interested in the complex and multiple relationships between war and criminality and map the many connections between war security governmentality punishment gender and crime The collection draws on the recent theoretical advances made by both criminologists and scholars from cognate disciplines such as law politics anthropology and gender studies in order to open out criminological thinking about what war is how it is related to crime and how these war crime relationships reach into peace The volume features contributions from key thinkers in the field and serves as a valuable resource for academics and students with an interest in the criminology of war The essays selected for this volume provide an overview of the range of issues confronting scholars interested in the complex and multiple relationships between war and criminality and map the many connections between war security governmentality punishment gender and crime The collection draws on the recent theoretical advances made by both criminologists and scholars from cognate disciplines such as law politics anthropology and gender studies in order to open out criminological thinking about what war is how it is related to crime and how these war crime relationships reach into peace The volume features contributions from key thinkers in the field and serves as a valuable resource for academics and students with an interest in the criminology of war *Governments, Citizens, and Genocide* Alex Alvarez, 2001-02-22 *Governments Citizens and Genocide A Comparative and Interdisciplinary Approach* Alex Alvarez A comprehensive analysis demonstrating how whole societies come to support the practice of genocide Alex Alvarez has produced an exceptionally comprehensive and useful analysis of modern genocide It is perhaps the most important interdisciplinary account to appear since Zygmunt Bauman s classic work *Modernity and the Holocaust* Stephen Feinstein Director Center for Holocaust and Genocide Studies Alex Alvarez has written a first rate propaedeutic on the running sore of genocide The singular merit of the work is its capacity to integrate a diverse literature in a fair minded way and to take account of genocides in the post Holocaust environment ranging from Cambodia to Serbia The work reveals patterns of authoritarian continuities of repression and rule across cultures that merit serious and widespread public concern Irving Louis Horowitz Rutgers University More people have been killed in 20th century genocides than in all wars and revolutions in the same period Recent events in countries such as Rwanda and the former Yugoslavia have drawn attention to the fact that genocide is a pressing contemporary problem one that has involved the United States in varying negotiating and peace keeping roles Genocide is increasingly recognized as a threat to national and international security as well as a source of tremendous human suffering and social devastation *Governments Citizens and Genocide* views the crime of genocide through the lens of

social science It discusses the problem of defining genocide and then examines it from the levels of the state the organization and the individual Alex Alvarez offers both a skillful synthesis of the existing literature on genocide and important new insights developed from the study of criminal behavior He shows that governmental policies and institutions in genocidal states are designed to suppress the moral inhibitions of ordinary individuals By linking different levels of analysis and comparing a variety of cases the study provides a much more complex understanding of genocide than have prior studies Based on lessons drawn from his analysis Alvarez offers an important discussion of the ways in which genocide might be anticipated and prevented Alex Alvarez is Associate Professor in the Department of Criminal Justice at Northern Arizona University His primary research interests are minorities crime and criminal justice as well as collective and interpersonal violence He is author of articles in Journal of Criminal Justice Social Science History and Sociological Imagination and is currently writing a book on patterns of American murder April 2001 240 pages 6 1 8 x 9 1 4 bibl index cloth0 253 33849 2 29 95 s 22 95 Contents The Age of Genocide A Crime By Any Other Name Deadly Regimes Lethal Cogs Accommodating Genocide Confronting Genocide

Genocide Berel Lang,2016-08-24 The term genocide group killing which first appeared in Raphael Lemkin s 1944 book Axis Rule in Occupied Europe had by 1948 established itself in international law through the United Nations Convention on the Prevention and Punishment of the Crime of Genocide Since then the charge of genocide has been both widely applied but also contested In Genocide The Act as Idea Berel Lang examines and illuminates the concept of genocide at once articulating difficulties in its definition and proposing solutions to them In his analysis Lang explores the relation of genocide to group identity individual and corporate moral responsibility the concept of individual and group intentions and the concept of evil more generally The idea of genocide Lang argues represents a notable advance in the history of political and ethical thought which proposed alternatives to it like crimes against humanity fail to take into account

The Crime of Destruction and the Law of Genocide Caroline Fournet,2016-03-16 This highly original work provides a thought provoking and valuable resource for researchers and academics with an interest in genocide criminology international organizations and law and society In her book Caroline Fournet examines the law relating to genocide and explores the apparent failure of society to provide an adequate response to incidences of mass atrocity The work casts a legal perspective on this social phenomenon to show that genocide fails to be appropriately remembered due to inherent defects in the law of genocide itself The book thus connects the social response to the legal theory and practice and trials in particular Fournet s study illustrates the shortcomings of the Genocide Convention as a means of preventing and punishing genocide as well as its consequent failure to ensure the memory of this heinous crime

Genocide and Victimology Yarin Eski,2020-11-29 Genocide and Victimology examines genocide in its diverse features from different yet connected perspectives to offer an interdisciplinary victimological imagination of genocide It will include in its exploration critical and cultural victimologies and criminologies of genocide accompanied by and recognising the rich scholarship on genocide in the

fields of religion and history theatre studies and photography philosophy and existentialism post colonialism and ethnography and biography Bringing together theory with empirical research and drawing on a range of case studies such as the Treblinka extermination camp the Bosnian and Rwandan genocides the Sagkeeng First Nation in Manitoba Canada and genocidal violence in Syria and Iraq this book engages the victimological imagination towards an interdisciplinary cosmopolitan victimology of genocide Bundled and intertwined the wide yet integrated variety of perspectives on genocide gives readers a victimological kaleidoscope to discover and for victimology hitherto unexplored theory and methodology This way readers can develop their own more epistemologically theoretically and methodologically robust victimology of genocide a victimology of genocide as envisioned by Nicole Rafter The book hopes to canvas an understanding and a starting point for a diverse appreciation of genocide victimhood and survivorship from which the real post genocidal harms and sites post traumatic stress disorder courts and tribunals and overall meaningful justice will benefit Written in a clear and direct style this book will appeal to students and scholars in criminology sociology cultural studies philosophy history religious studies English literature and all those concerned with not repeating a history of genocide **Confronting Evil** James Waller,2016 This groundbreaking book from one of the foremost leaders in the field presents a fascinating continuum of research informed strategies to prevent genocide from ever taking place to avert further atrocities once mass murder occurs and to prevent further turmoil once a society learns how to rebuild itself *Genocide, Risk and Resilience* B. Ingelaere,S. Parmentier,Barbara Segaert,Jacques Haers,2013-11-13 This interdisciplinary volume aims to understand the linkages between the origins and aftermaths of genocide Exploring social dynamics and human behaviour this collection considers the interplay of various psychological political anthropological and historical factors at work in genocidal processes
