Beyond Beef The Rise And Fall Of The Cattle Culture:

Beyond Beef Jeremy Rifkin, 1992 The author an American who has previously written on environmental issues provides a critical analysis of the role of the beef industry in the course of western civilisation He also deals with the ecological and medical effects of the cattle culture Includes endnotes a lengthy bibliography and an index *Beyond Beef* Jeremy Rifkin, 1992 A brilliant and devastating examination and indictment of the cattle culture that has come to shape and warp our world Rifkin shows how the love affair with beef has led to increased hunger disease and environmental devastation This persuasive book should be an urgent warning to everyone who cares about the fate of the earth **Yoga Journal** ,1993-01 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty **Vegetarian Times** ,1992-05 To do what no other magazine does Deliver simple delicious food plus expert health and lifestyle information that s exclusively vegetarian but wrapped in a fresh stylish mainstream package that s inviting to all Because while vegetarians are a great vital passionate niche their healthy way of eating and the earth friendly values it inspires appeals to an increasingly large group of Americans VT s goal To embrace both **The Beef Controversy** ,1993 **Reading the Vegetarian Vampire** Sophie Dungan, 2022-11-30 This Pivot traces the rise of the so called vegetarian vampire in popular culture and contemporary vampire fiction while also exploring how the shift in the diet of some vampires from human to animal or synthetic blood responds to a growing ecological awareness that is rapidly reshaping our understanding of relations with others species The book introduces the trope of the vegetarian vampire as well as important critical contexts for its discussion the Anthropocene food studies and the modern practice politics and ideologies of vegetarianism Drawing on references to recent historical contexts and developments in the genre more broadly the book investigates the vegetarian vampire s relationship to other more violent and monstrous forms of the vampire in popular twenty first century horror cinema and television Texts discussed include Interview with the Vampire Buffy the Vampire Slayer Twilight The Vampire Diaries and True Blood **Reading the Vegetarian Vampire** examines a new aspect of contemporary interest in considering vampire fiction **The Idea of Decline in Western History** Arthur Herman, 2010-06-15 Historian Arthur Herman traces the roots of declinism and shows how major thinkers past and present have contributed to its development as a coherent ideology of cultural pessimism From Nazism to the Sixties counterculture from Britain s Fabian socialists to America s multiculturalists and from Dracula and Freud to Robert Bly and Madonna this work examines the idea of decline in Western history and sets out to explain how the conviction of civilization s inevitable end has become a fixed part of the modern Western imagination Through a series of biographical portraits spanning the 19th and 20th centuries the author traces the roots of declinism and aims to show how major thinkers of the past and present

including Nietzsche DuBois Sartre and Foucault have contributed to its development as a coherent ideology of cultural pessimism **Insatiable Appetite** Richard P. Tucker, 2000-11 Yankee investors and plantation managers mobilized engineers agronomists and loggers to undertake what they called the Conquest of the Tropics claiming to bring civilization to benighted peoples and cultivation to unproductive nature In competitive cooperation with local landed and political elites they not only cleared natural forests but also displaced multicrop tribal and peasant lands with monocrop export plantations rooted in private property regimes The Blackwell Companion to Globalization George Ritzer, 2016-09-26 This companion features original essays on the complexity of globalization and its diverse and sometimes conflicting effects Written by top scholars in the field it offers a nuanced and detailed examination of globalization that includes both positive and critical evaluations Introduces the major players theories and methodologies Explores the major areas of impact including the environment cities outsourcing consumerism global media politics religion and public health Addresses the foremost concerns of global inequality corruption international terrorism war and the future of globalization Wide ranging and comprehensive an excellent text for undergraduate and graduate students in a range of disciplines *LifePlace* Robert L. Thayer Jr., 2003-04-22 Robert Thayer brings the concepts and promises of the growing bioregional movement to a wide audience in a book that passionately urges us to discover where we are as an antidote to our rootless stressful modern lives LifePlace is a provocative meditation on bioregionalism and what it means to live work eat and play in relation to naturally rather than politically defined areas In it Thayer gives a richly textured portrait of his own home the Putah Cache watershed in California's Sacramento Valley demonstrating how bioregionalism can be practiced in everyday life Written in a lively anecdotal style and expressing a profound love of place this book is a guide to the personal rewards and the social benefits of reinhabiting the natural world on a local scale In LifePlace Thayer shares what he has learned over the course of thirty years about the Sacramento Valley's geography minerals flora and fauna its relation to fire agriculture and water and its indigenous peoples farmers and artists He shows how the spirit of bioregionalism springs from learning the history of a place from participating in its local economy from living in housing designed in the context of the region He asks How can we instill a love of place and knowledge of the local into our education system How can the economy become more responsive to the ecology of region This valuable book is also a window onto current writing on bioregionalism introducing the ideas of its most notable proponents in accessible and highly engaging prose At the same time that it gives an entirely new appreciation of California's Central Valley LifePlace shows how we can move toward a new way of being thinking and acting in the world that can lead to a sustainable harmonious and more satisfying future *New Westers* Michael L. Johnson, 1996 These New Westers Johnson reveals line dance and two step listen to Garth Brooks and George Strait drink beer from long neck bottles wear clothes ordered from Sheplers watch rodeo on ESPN play Wild West arcade games eat fajitas and tacos in stuccoed Mexican cafes collect Western art and Native American crafts and vacation in and move to the West New Westers rewrite the

history and biography of the West They reimagine the West in Cowboy sagas and poetry Native American novels Mexican American drama nature writing revisionist films eclectic visual artwork and neo traditional music They flock to movies like Thelma and Louise Unforgiven and Dances with Wolves watch mini series like Lonesome Dove and read bestsellers like The Crossing and All The Pretty Horses New Westers are men and women who may or may not have ever hitched up a horse but who crave connection with the West At the end of a century of urbanization technological change and cultural confusion they seek a more natural home a fuller and wider sense of place and a deeper and more colorful personal identity They also want to revive the dream of the mythic West but on different terms They overrun the Old West and yet strive to preserve it raising troubling new concerns about the differences between the mythic and the real between traditional and contemporary cultural influences

Nineteenth-Century American Fiction on Screen R. Barton Palmer, 2007-03-08 The process of translating works of literature to the silver screen is a rich field of study for both students and scholars of literature and cinema The fourteen essays collected in this 2007 volume provide a survey of the important films based on or inspired by nineteenth century American fiction from James Fenimore Cooper's The Last of the Mohicans to Owen Wister's The Virginian Many of the major works of the American canon are included including The Scarlet Letter Moby Dick and Sister Carrie The starting point of each essay is the literary text itself moving on to describe specific aspects of the adaptation process including details of production and reception Written in a lively and accessible style the book includes production stills and full filmographies Together with its companion volume on twentieth century fiction the volume offers a comprehensive account of the rich tradition of American literature on screen

Vegetarian Times, 1994-01 To do what no other magazine does Deliver simple delicious food plus expert health and lifestyle information that's exclusively vegetarian but wrapped in a fresh stylish mainstream package that's inviting to all Because while vegetarians are a great vital passionate niche their healthy way of eating and the earth friendly values it inspires appeals to an increasingly large group of Americans VT's goal To embrace both

That All May Flourish Laura M. Hartman, 2018 Can humans flourish without destroying the earth In this book experts on many of the world's major and minor religious traditions address the question of human and earth flourishing Each chapter considers specific religious ideas and specific environmental harms Chapters are paired and the authors work in dialogue with one another Taken together the chapters reveal that the question of flourishing is deceptively simple Most would agree that humans should flourish without destroying the earth But not all humans have equal opportunities to flourish Additionally on a basic physical level any human flourishing must of necessity cause some harm These considerations of the price and distribution of flourishing raise unique questions about the status of humans and nature This book represents a step toward reconciliation that people and their ecosystems may live in peace that people from different religious worldviews may engage in productive dialogue in short that all may flourish

Down to Earth Theodore Steinberg, 2019 In this ambitious and provocative text environmental historian Ted Steinberg offers a sweeping history of the United States a history

that places the environment at the very center of the narrative Now in a new edition *Down to Earth* reenvision the story of America from the ground up It reveals how focusing on plants animals climate and other ecological factors can radically change the way that we think about the past Examining such familiar topics as colonization the industrial revolution slavery the Civil War and the emergence of consumer culture Steinberg recounts how the natural world influenced the course of human history From the colonists attempts to impose order on the land to modern efforts to sell the wilderness as a consumer good he reminds readers that many critical episodes in U S history were in fact environmental events The text highlights the ways in which Americans have attempted to reshape and control nature from Thomas Jefferson s surveying plan which divided the national landscape into a grid to the transformation of animals crops and even water into commodities

Tropical Conservation A. Alonso Aguirre, Raman Sukumar, 2017 *Tropical Conservation Perspectives on Local and Global Priorities* is intended to be a key resource on the biodiversity conservation crisis in the tropics and subtropics for university professors university students researchers practitioners in grassroots local community organizations technical staff of non profit conservation and development organizations wildlife managers and other technicians in the resource extraction industries government and policy makers This book provides unique exposure to the experiences of Latin American Asian and African conservation scientists working on the ground *Critical Perspectives in Rural Development Studies* Saturnino M. Borrás Jr., 2013-09-13 Agrarian transformations within and across countries have been significantly and dynamically altered during the past few decades compared to previous eras provoking a variety of reactions from rural poor communities worldwide The recent convergence of various crises financial food energy and environmental has put the nexus between rural development and development in general back onto the center stage of theoretical policy and political agendas in the world today Confronting these issues will require re engaging with critical theories taking politics seriously and utilizing rigorous and appropriate research methodologies These are the common messages and implications of the various contributions to this collection in the context of a scholarship that is critical in two senses questioning prescriptions from mainstream perspectives and interrogating popular conventions in radical thinking This book focuses on key perspectives frameworks and methodologies in agrarian change and peasant studies The contributors are leading scholars in the field of rural development studies Henry Bernstein Terence J Byres Saturnino M Borrás Jr Marc Edelman Crist bal Kay Benedict Kerkvliet Philip McMichael Shahra Razavi Ian Scoones and Teodor Shanin This book was previously published as a special issue of the *Journal of Peasant Studies* Media Spectacle Douglas Kellner, 2003 During the mid 1990s the O J Simpson murder trial dominated the media in the United States and were circulated throughout the world via global communications networks The case became a spectacle of race gender class and violence bringing in elements of domestic melodrama crime drama and legal drama According to this fascinating new book the Simpson case was just one example of what the author calls media spectacle a form of media culture that puts contemporary dreams nightmares fantasies and values on display

Through the analysis of several such media spectacles including Elvis The X Files Michael Jordan and the Bill Clinton sex scandals Doug Kellner draws out important insights into media journalism the public sphere and politics in an era of new technologies In this excellent follow up to his best selling Media Culture Kellner s fascinating new volume delivers an informative read for students of sociology culture and media
