Between Death and Life Dolores Cannon,1993 Based on forty five years of hypnotic research and past life therapy provides information about the death and rebirth experiences as reported during conversations between the author and hundreds of deceased subjects *Summary of Dolores Cannon's Between Death and Life - Conversations with a Spirit* Everest Media,2022-04-15T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 I am a regressionist which is a popular term for a hypnotist who specializes in past life regressions and historical research I have found that many people are afraid of the in between life plane which is called the dead state by regressionists 2 I had to go back and remember my beliefs and thoughts as they were before the light entered I wanted to write books about the people s versions of these historical periods because each unknowingly corroborated the others stories while in deep trance 3 I have found that there is no reason to fear death We subconsciously know what happens and what lies over there We have all gone through it countless times before So in my study of death I have found the celebration of life 4 When death occurs there is a feeling of coldness and then suddenly the spirit is standing by the side of the bed or wherever it is looking at their body They usually can t understand why the other people in the room are so upset because they feel so wonderful

Conversations With A Spirit Dolores Cannon,2000 Dolores Cannon has accumulated information about the death experience and what lies beyond through 16 years of hypnotic research and past life therapy While revealing these experiences hundreds of subjects reported the same memories when experiencing their death the spirit realm and their rebirth Recorded and dictated word for word the subjects reveal enlightening wisdom that is hidden in the subconscious of all humankind Conversations with a Spirit Dolores Cannon,1993 Between Death and Life Dolores Cannon,2021 Dolores has accumulated information about the Death experience and what lies beyond through 16 years of hypnotic research and past life therapy While retrieving past life experiences hundreds of subjects reported the same memories when experiencing their death the spirit realm and their rebirth This book also explores Guides and guardian angels Ghosts and poltergeists Planning your present lifetime and karmic relationships before your birth The significance of bad lifetimes Perceptions of God and the Devil And much more *Journey To The Truth* Nancy Humpel,2013 When thinking about the meaning and purpose of our lives most people eventually come to these questions Who am I really What is the purpose for being here and Where will I go after I die Increasing numbers are contemplating this and so beginning the process of waking up to our original nature true reality versus the illusions we have been led to believe until now This is an introduction and overview to very important metaphysical and world topics It is help for beginners on where and how to start or move forward on their own journey We will explore together the possibility of being an eternal being of reincarnation learn about the human energy centres We will investigate whether extraterrestrial beings are real What can we do to achieve the inner and outer life we desire What are the important issues on the planet and how can we watch out for our physical health

Throughout the book the author use examples her experiences and growth from her own journey to date There is a great need for the type of book she has written It differs from others on the market in that it is short with easy to follow chapters and readers can identify which topics stand out as important to them personally where they are drawn to find out more Included is a bibliography and additional resources readers can use for further exploration *Exploring the Eternal Soul - Insights from the Life Between Lives* Andy Tomlinson,2012-03 Follow the fascinating journey of a group of ordinary people who have been regressed though a past life and into the life between lives And discover amazing insights that answer a host of universal questions *Relax. . . This is Not a Self-Help Book Mark Mehigan,2024-03-14 Much of Mark Mehigan's twenties read like a how to manual How to get very drunk without raising people's suspicions you might be an alcoholic Outwardly successful inside he was drowning Nearing 30 he was hurtling towards a nervous breakdown and using payday loans to fund a burgeoning cocaine habit His only choice was to finally relinquish control and ask for help In doing so he discovered a life beyond his wildest dreams This new way of life embraced letting stuff go Giving things up He discovered the power of rigorous honesty how to live without relying on destructive behavioural patterns and the joy of letting people in instead of keeping them out Mark's story is one of recovery and sobriety It brilliantly articulates the societal pressures that can leave people feeling isolated and

lost and offers a path to finding your own sense of good enough Perhaps Mark's story can be the spark that ignites that journey for you or at the very least a guide on how not to mess up your life Either way it's definitely not a self help book
