[Anthology](#) C. G. Montefiore,H. M. J. Loewe,Claude Goldsmid Montefiore,2012-07-12 From 1938 an essential work of twentieth century Jewish religious scholarship by the influential writer and social activist C G Montefiore **Theorizing Post-Conflict Reconciliation** Alexander Hirsch,2013-06-17 The founding of truth commissions legal tribunals and public confessionals in places like South Africa Australia Yugoslavia and Chile have attempted to heal wounds and bring about reconciliation in societies divided by a history of violence and conflict This volume asks how many of the popular conclusions reached by transitional justice studies fall short or worse unwittingly perpetuate the very injustices they aim to suture Though often well intentioned these approaches generally resolve in an injunction to move on as it were to leave the painful past behind in the name of a conciliatory future Through collective acts of apology and forgiveness so the argument goes reparation and restoration are imparted and the writhing conflict of the past is substituted for by the overlapping consensus of community And yet all too often the authors of this study maintain the work done in assuaging past discord serves to

further debase and politically neutralize especially the victims of abuse in need of reconciliation and repair in the first place Drawing on a wide range of case studies from South Africa to Northern Ireland Bosnia Rwanda and Australia the authors argue for an alternative approach to post conflict thought In so doing they find inspiration in the vision of politics rendered by new pluralist new realist and especially agonistic political theory Featuring contributions from both up and coming and well established scholars this work is essential reading for all those with an interest in restorative justice conflict resolution and peace studies

The

Interplay of Psychology and Spirituality Alexandra M. Hepburn, 2025-07-30 Many counseling clients find comfort and meaning in their spiritual lives in the context of religious affiliation or the diverse viewpoints of the spiritual but not religious. But counselors and psychotherapists often lack training for work in this territory and may be wary of opening the door. The *Interplay of Psychology and Spirituality* is an exploration of the subtle fluid relationship between psychology and spirituality that offers valuable perspectives and suggestions for embracing spirituality and religion in the helping professions. Drawing on Jungian transpersonal and integral perspectives, Hepburn highlights personal and cultural styles of spirituality as a therapeutic resource and the potential for psychospiritual growth. She also emphasizes the importance of focusing on metaphors, stories, and direct experience rather than beliefs. Thoughtful attention is given to potential psychospiritual problems, ethical dilemmas, and diagnostic challenges. There are also frequent opportunities for personal reflection. Unique features of the book include consideration of the potential relationship of spirituality to therapeutic themes such as attachment, trauma, subpersonalities, and somatic experience, as well as application of the concepts in the stories of nine fictional characters based on the Enneagram. Thoughtful and thought-provoking, *The Interplay of Psychology and Spirituality* is a valuable resource for helping professionals, spiritual directors, and for general readers with a particular interest in the subject.

Cultivating Peace James O'Dea, 2012-05-01 This profound guidebook reframes and expands the mission of building a global culture of peace. Going far beyond conventional techniques of conflict resolution, James O'Dea provides a holistic approach to peace work, covering its oft-ignored cultural, spiritual, and scientific dimensions while providing guidance suitable even for those who have never considered themselves peacebuilders. O'Dea is unique in his ability to integrate personal experience in the world's violent conflict zones with insights gathered from decades of work in social healing, human rights advocacy, and consciousness studies. Following in the footsteps of Gandhi and King, O'Dea keeps the dream of peace alive by teaching us how to dissolve old wounds and reconcile our differences. He strikes deep chords of optimism even as he shows us how to face the heart of darkness in conflict situations. His soulful but practical voice speaks universally to peace activists, mediators, negotiators, psychologists, educators, businesspeople, and clergy, and to everyday citizens.
