Beyond Left And Right Helping Christians Make Sense Of American Politics

D Kirk

Beyond Left And Right Helping Christians Make Sense Of American Politics:

Beyond Left and Right Amy E. Black, 2008 The 2008 U S presidential election is already heating up fueled by debates about religion and politics and dividing people of faith Many Christians want to engage in politics but feel underequipped and overwhelmed Wheaton College political scientist Amy E Black believes Christians must become politically educated not stereotyped and polarized *Beyond Left and Right* offers a complete guide to the inner workings of American politics equipping readers to think intelligently and to actively engage politics with their faith Black is intentionally unbiased and avoids fleeting hot button issues ensuring the staying power of *Beyond Left and Right* even after the election dust settles Recommended for Christians and students interested in faith and politics

Everything You Know about Evangelicals Is Wrong (Well, Almost Everything) Steve Wilkens, Don Thorsen, 2010-08-01 While evangelicals make up a significant portion of American society they still constitute a mystery for many They exert considerable influence on virtually every aspect of American life and culture yet by those who don't appreciate them they're seen as rednecks crypto fundamentalists and people without education Wilkens and Thorsen contend that evangelicals are tired of being caricatured and provide an insider's look at myths and realities surrounding the movement They winsomely and sometimes humorously assess the breadth and depth of evangelical beliefs values and practices arguing that evangelicalism is identifiable by a family resemblance vitality and relevance that transcends particular theological and political stereotypes that arise inside as well as outside of it The book provides a synthetic presentation of contemporary evangelical Christianity as well as critiques of it

Just Politics Ronald J. Sider, 2012-09-01 Evangelicals today probably have more political influence in the United States than at any time in the last century but they might not be certain what to do with it It has been difficult to develop a unified voice on pressing issues such as social justice and moral renewal Bestselling author and theologian Ron Sider offers a biblically grounded factually rooted Christian approach to politics that cuts across ideological divides Shaped by a careful study of society this book will guide readers into more thoughtful and effective political activity It addresses perennially tough questions that often divide the church and includes a case study of the federal deficit debate Practical balanced and nonpartisan this book will be a welcome resource during the 2012 presidential race This is a revised version of what was previously published as *The Scandal of Evangelical Politics*

Politics Christianity Today Intl., Zondervan, 2008-10-07 The *Christian Today Study Series* delves into today's vital cultural issues to get to the heart of what these topics mean to you Each 8 week study is based on articles written by some of today's leading Christian authors and published by the *Christianity Today* magazines These remarkable studies will foster deep authentic and relevant discussion that will challenge and grow any small group

Politics Government will take on a variety of topics such as Christians and Political Involvement Is America a Judeo Christian Country Separation of Church State Relying on Government or God Based on articles by a variety of authors such as Andy Crouch Leith Anderson Tony Campolo

The Forest and the Trees Richard A. Widder, Wendy

Widder,2008-03-01 Why do we have to learn this For as long as there have been students teachers have been answering this question but we haven t always answered it very well for our students or for ourselves We sometimes forget that everything we teach whether sacred or secular has value because it is part of God s truth and integrating that truth across the curriculum is what makes an education Christian This book from a father and daughter team of seasoned Christian educators offers a comprehensive biblically based presentation of integration Its goal is to help readers view all aspects of the curriculum within the framework of God s story as told from Genesis to Revelation By organizing subject areas under five broad categories nature people communication beauty and ultimate issues the authors demonstrate that each subject area flows from the biblical story Each chapter concludes with a summary of the truths presented a set of teacher tips and a list of additional resources

Catholics and Evangelicals for the Common Good Ronald J. Sider,Dr. John Borelli,2018-11-07 For centuries evangelical Protestants and Catholics have hurled harsh epithets at each other But that has changed dramatically in the last forty years In 1960 many prominent evangelicals opposed John Kennedy for president because he was a Catholic Today Catholics and evangelicals work together on many issues of public policy This book records one important process in this transformation In 2004 the board of The National Association of Evangelicals NAE the largest representative body of evangelicals in the US unanimously approved For the Health of the Nation as the official public policy document for its public policy efforts representing 30 million evangelicals When scholars read this new ground breaking document they quickly realized there was widespread agreement between the NAE s official public policy document and the official public policy positions of American Catholics The result was a series of annual meetings held at Georgetown University and Eastern University that brought together prominent Catholic and Evangelical scholars and public policy specialists to explore the extent of the common ground This book reports on that dialogue and its contribution to the increasing Catholic evangelical cooperation

Christ Across the Disciplines Roger Lundin,2013-10-03 In Christ across the Disciplines a group of distinguished scholars from across the theological spectrum explores the dynamic relationship between the Christian faith and the life of the mind Although the essays in this volume are rooted in a rich understanding of the past they focus primarily on how Christian students teachers and scholars might best meet the challenges of intellectual and cultural life in a global world This book ranges widely over the broad terrain of contemporary academic and cultural life covering such topics as the enormous growth of political activism in late twentieth century evangelicalism the dynamics of literature and faith in the African American experience the dramatic implications of globalization for those who profess Christ and practice the life of the mind and more

Broken but Beautiful Joseph P. Conway, 2020-11-06 American church participation has plummeted in recent decades Abuse scandals and hypocrisy hang in the air Weekly I talk to friends and neighbors who have left church even as many still identify as Christians I get what they re saying When I consider the pain that so many have experienced in church life the body of Christ sure seems broken It s no wonder many don t find church to be worth it But maybe there s more to the story As a child my family experienced deep crisis I felt alone and vulnerable Into that void the church stepped in I discovered a family a people that have my back and forever changed my life Even now I see tangible ways the church works for the common good The church possesses a resilient beauty that continually pushes through the brokenness If we love Jesus we have to eventually ask what Jesus loves Surprising to me at times Jesus loves the church despite her brokenness If we learn to see what Jesus sees we ll discover a powerful often untapped means towards human flourishing No other social group offers what the church offers Yes the church is broken but there s more She s beautiful *The Crucibles That Shape Us* Gayle D. Beebe, 2024-05-07 Life s biggest setbacks and disasters can actually be essential passageways in our relationship with God and opportunities to grow in leadership In this illuminating guidebook Gayle D Beebe identifies seven crucibles powerful catalysts for transformation that when embraced shape us on our journey and become a bedrock for a better richer faith Instituted by God Adam Murrell, 2012-03-16 How would Jesus vote That s the one question people ask repeatedly and folks on both sides of the political aisle think they know the answer Into this overwhelmingly complex political question Adam Murrell brings a concise compelling and nonpartisan exploration of what God s Word has to say on a myriad of issues ranging from the role of civil government and single issue voting to the ethics of voting and a woman s role in politics Instituted by God isn t intended to tell you which candidate to support rather it offers you a wholly biblically centered way of looking at candidates to help you draw your own political conclusions This election season don t cast an uninformed vote that fails to reflect your Christian values Instead learn how to apply the teachings of the Bible your faith and your obedience to God to your ballot This timely helpful and daring book will enable you to do just that **A Purple State of Mind** Craig Detweiler, 2008 Our culture has been reeling from divisiveness and strife People have been divided politically into red and blue states morally and spiritually How can you reach across these rifts mend fractured relationships and share the healing love of God You can become a purple Christian a follower of Christ who finds middle ground not to compromise but to

converse A purple Christian embodies the love of God and avoids evangelistic cliches encourages creativity and the arts as expressions of God s goodness revels in love and joy but also faces disappointment and doubt honestly advocates for all people not only the unborn but also those lacking education and health care or struggling with poverty helps all people experience the benefits of Christ s reign instead of determining who is in and who is out Christians have become known for what they oppose rather than what they propose faith hope and love A Purple State of Mind dismantles unhelpful misrepresentations of Jesus life giving message and shows how you can live out the good news in a pluralistic world Book jacket

Coffee Shop Conversations Russell Meek,N. Blake Hearson,2013-05-07 There are numerous issues in the public square confronting the Western church While there are any number of books available on each of the topics engaged in this collection of essays just war family planning rest immigration politics economic recession fair trade and health care there is no compact guide that approaches each of these issues from an evangelical perspective Coffee Shop Conversations does just that The book does not aim to address each issue exhaustively instead it offers an evangelical approach to these topics with the hopes that the door will be opened for further conversation This book brings together the expertise of several evangelical scholars who are committed to serving the church through scholarship The volume is therefore ideal for student ministry Sunday school classes small groups and individuals interested in engaging the wider culture from a stance that is well reasoned and committed to biblical faith and practice

Welcoming the Stranger Matthew Soerens,Jenny Yang,Leith Anderson,2018-07-03 World Relief staffers Matthew Soerens and Jenny Yang move beyond the rhetoric to offer a Christian response to immigration With careful historical understanding and thoughtful policy analysis they debunk myths about immigration show the limits of the current immigration system and offer concrete ways for you to welcome and minister to your immigrant neighbors

[The Publishers Weekly](#) ,2008

American Evangelicals Today Corwin E. Smidt,2015-02-03 American Evangelicals Today assesses the contemporary social religious and political characteristics of evangelical Protestants today and it does so in light of 1 whether these characteristics are similar to or different from the corresponding characteristics of adherents of other major

faith traditions in American religious life and 2 the extent which these particular characteristics among evangelicals may have changed over the past four decades In addition it analyzes the extent which evangelicals are divided today and it does so within the framework of four potential factors that might shape such divisions racial ethnic differences generational differences educational differences and religious differences American Evangelicals Today is designed to serve as an accessible but scholarly overview of American evangelicals one that is appealing to all scholars students and laity alike Smidt offers a discussion of the nature of evangelical Protestantism highlights the particular analytical issues at play when one seeks to determine just who are to be classified as evangelicals and reveals some of the contradictory findings that can emerge through the use of these different analytical frameworks for defining evangelicals The volume not only analyzes the current characteristics of evangelicals in light of those exhibited by other religious traditions as well as how evangelicals have changed over time but it looks toward the future addressing generational differences and other possible factors for change among evangelical Protestants

Rediscovering Christian Realism James E. Hassell, 2022-10-07 What if there were more helpful ways to deal with the increasing polarization and division within our society What if we could finally overcome the warring between fundamentalists and liberals In *Rediscovering Christian Realism* James Hassell highlights some time tested and proven methods for Christians both to develop and utilize consecrated common sense Christian realism is not so much of a program as it is both a way of accepting our sinful humanity and highlighting the Spirit led way of Jesus Hassell therefore describes ways to temper our idealism without giving into cynicism outlining what he calls The Balanced Approach The Balanced Approach comes from a synthesis of the best work of past Christian realists such as Reinhold and Richard Niebuhr Emil Brunner Paul Tillich John C Bennet and others Hassell has researched and described their insights especially for contemporary application in the real world events of the twenty first century This book is designed especially for those Christians who may find themselves stuck in how to live out their faith more boldly both in the church fellowship and in the public square

The Future of Faith in American Politics David P. Gushee, 2008 David Gushee argues convincingly that there is in U S politics an evangelical center of voters who do not identify with the politics and religion of either the right or the left Although evangelical Christians are portrayed by the media as conservatives Gushee claims that the evangelical movement includes nearly even numbers of voters on the right in the center and on the left of the political spectrum He provides portraits of the major figures in each of the three camps outlines the core convictions of the adherents and analyzes the strengths and weaknesses of each group s positions He suggests that the evangelical center is poised for growth this book could be its manifesto

Advocating for Justice F. David Bronkema, Robb Davis, Stephen Offutt, Gregg Okesson, Krisanne Vaillancourt Murphy, 2016-06-21 Christians are increasingly interested in justice issues Relief and development work are important but beyond that is a need for advocacy This book shows how transforming systems and structures results in lasting change providing theological rationale and strategies of action for evangelicals passionate about

justice Each of the authors contributes both academic expertise and extensive practical experience to help readers debate discuss and discern more fully the call to evangelical advocacy They also guide readers into prayerful faithful and wise processes of advocacy especially in relation to addressing poverty
