Judas and the Twins Henry Berg, 2025-02-12 To question if Jesus really was born in Bethlehem is actually quite common because it is suspected that the early church wanted him to be born in the same town as the legendary King David On the other hand it is quite unusual to doubt that Jesus died in Jerusalem so putting his death to Rome on the Capitoline Hill named after the skull of Tulus is almost pathetic but if art can be defined as something that makes something pathetic less pathetic then maybe that s exactly what this book does It s not to be overlooked that this is a book for people who like to take on a challenge and in that sense this is also a crime novel

Holly Danger Boxed Set: Danger's Halo, Danger's Vice, Danger's Race Amanda Carlson, 2019-03-20. Holly Danger Complete Set Books 1-3. *Danger's Halo* Book 1: 153 years in the future, Earth doesn't look much like it used to. Holly Danger's current assignment, gleaned from a set of foggy instructions and a handful of coin stuffed into a slot, is to pick up a street kid who's about to terminate himself off a cliff. And as a rule, she doesn't turn down currency. Her job as a salvager keeps her fed and clothed above the norm, which isn't saying much. The norm in this city is a scrape by existence in a post-apocalyptic world where the rain never stops, food is always scarce, and the elite have deserted the ranks in search of something better. Picking up this urchin won't take much time, even if he's located outside city limits. Her craft is fast, her weapons deadly, and her tech has been optimized as well as it can be for a climate clogged with iron dust. But things take a big turn when she decides to become the boy's guardian instead of hand him over. *Outskirts* have descended on the city, and their plans don't include playing nice. When her crew is backed against a graphene wall, it's a good thing her Gem is primed and ready to go. It's almost as deadly as she is.

Danger's Vice Book 2: *Outskirts* never die. After narrowly escaping death, Holly is back on the streets in a quest to find the elusive pico. Discovering what's on the quantum drive, the same one the outskirts had been willing to kill for, is priority number one. Daze is recovering, and forgiving the kid was easier than she thought it would be. The cranky outskirts is another story. It doesn't take Holly long to discover that Tandor's crew hasn't been obliterated and are actively seeking retribution. They're recruiting Northerners, but she's found one who's willing to spill. It's a good thing too, since things are starting to get strange. On the hunt, she stumbles on an old man dressed in a burial cloth and witnesses a seeker wandering the streets where it shouldn't be. But after a friend gets caught up in the fray, Holly's hand is forced. She has to act fast to procure the information she needs. But what she learns is harrowing. The outskirts aren't just taking over the city; they're infecting people with Plush, and the quantum drive may hold the only key. In order to save lives, she must find that pico. The only problem is it might be too late.

Danger's Race Book 3: Time is running out. After defeating the uprising and becoming infected with a dose of Plush, Holly is in a race to help a seeker before it's too late. Going South is the only option. But getting there is going to prove difficult, which is why Lockland has entrusted Daze with a secret weapon. A pulse storm, overzealous militia, and uncooperative siblings are only a few of the obstacles standing in their way. Once they arrive on the coast, the prospect of

finding the supplies they need dwindle But what they uncover may be far richer A way to move the remaining survivors forward But the people of the town don't see it that way They want to protect what's theirs With the militia closing in they do the only thing they have left to do fight
