World Peace through Christian-Muslim Understanding Sarah Markiewicz, 2016-10-10 The open letter A Common Word Between Us and You Amman 2007 is a unique example of Christian Muslim dialogue The central message behind ACW is that the future of the world depends on peace between Muslims and Christians ACW aims to achieve political change through theological argumentation An improvement in Islam West relations can be indirectly achieved through a focus on improving Christian Muslim relations This study investigates the genesis and fruits of ACW highlighting the importance of a specific historical and sociopolitical Sitz im Leben which decisively influenced its form and content **Beyond 9/11:**

Christians and Muslims Together Ben Campbell Johnson, 2009-08-01 This book practically addresses how to create understanding between Christians and Muslims The author s experience a sketch of Islam a sketch of Christianity real life interviews and basic skills **The Evolution of Norman Identity, 911-1154** Nick Webber, 2005 Table of contents

Smith, 2007-10-11 The attacks of September 11 2001 instantly heightened the American public s sensitivity toward matters of religious difference Many Americans realized not only that non Muslims need to learn more about Islam but also that Muslims must better understand and articulate their own faith to themselves and others In this volume Jane Idleman Smith examines the current American Christian Muslim dialogue contextualized both through the history of Islam and of the contemporary West As we approach the sixth anniversary of 9 11 Smith dares to ask what progress has been made through this dialogue what happens when that dialogue fails and what

direction it will take in the years to come Smith examines the recent theological writings of both Catholics and Protestants about dialogue and pluralism and shows that since 9 11 a few Muslim scholars in the West have also begun to write about these issues Now she argues many Christians and Muslims are expressing their desire to move beyond theological discussion into what is often called the dialogue of engagement As evidence she points to initiatives among young people women and African Americans as they attempt to find ways to work together in local projects of justice and community service Throughout the book one hears the personal voices of these Muslim and Christian participants in the American interfaith dialogue While many of the encounters between Islam and Christianity over the past 14 centuries have been peaceful Americans know little about the history of religious interaction beyond the Crusades or the fear Europe felt in the face of the invasions of the Turks This volume is intended to educate Americans about the great diversity of Muslims in this country while illustrating how Christians and Muslims are coming together not only to talk to each other but to work together for the common good
