There are many cultural myths about serial killers often propagated even by mental health professionals Many assume there is a profile of a serial killer that serial killers always go for the same victim type or always use the same MO that they are more clever than ordinary people and that they are inevitably charming and attractive The truth is not as simple as that There are different types of serial killers and while there are many books that discuss the serial killer phenomenon especially in relationship to victim types or context researchers have not yet been able to come up with a definition or type that covers the broad spectrum of serial killers and their complex psychological dynamics Ramsland looks at the variety of serial killer types illustrating that it is difficult to accurately depict these elusive intriguing and dangerous killers There are many cultural myths about serial killers often propagated even by mental health professionals Many assume there is a profile of a serial killer that serial killers always go for the same victim type or always use the same MO that they are more clever than ordinary people and that they are inevitably charming and attractive The truth is not as simple as that There are different types of serial killers and while there are many books that discuss the serial killer phenomenon especially in relationship to victim types or context researchers have not yet been able to come up with a definition or type that covers the broad spectrum of serial killers and their complex psychological dynamics Ramsland looks at serial killer types illustrating that it is difficult to accurately depict these elusive intriguing and dangerous killers This book examines a variety of serial killers from sexual predators to psychotic killers from murder teams to odd eccentric stalkers in order to present the distinct psychological dynamics that set serial killers apart from other violent murderers Among the motives addressed are lust control glory profit thrill delusions rage the desire for company the need to please a partner and even murder as an intellectual exercise Serial killers live double lives hiding their violence even from those who live with them so along with a study of motives are chapters devoted to how close associates have described killers including parents siblings co workers lovers and survivors There is no profile of a serial killer and this book establishes that in vivid and frightening detail **La**

pena di morte in America David Garland, 2013-05-02 Per quanto dall Europa ci appaia disumana e inefficace espressione di una cultura puritana e punitiva negli Stati Uniti la pena di morte non un barbaro retaggio del passato In questo studio approfondito e sorprendente David Garland dimostra che dove rimasta in vigore la pena capitale ha saputo trasformarsi seguendo i grandi cambiamenti culturali e politici della societ americana Nel tempo si passati dal pubblico rituale del linciaggio alla procedura asettica e discreta dell iniezione letale e dalle torture sul patibolo a una rigida codificazione giuridica mentre le urla della folla inferocita nelle piazze hanno lasciato spazio agli appelli delle associazioni per i diritti delle vittime Le corti federali hanno dunque razionalizzato e civilizzato la pena di morte che per continua ad accompagnarsi a discriminazioni ritardi e incertezze nelle esecuzioni oltre che a interminabili dibattiti e agguerrite campagne popolari E la questione della pena capitale soggetta com alle leggi dei singoli stati si presta alle manipolazioni della politica locale

fornendo ai populistici un arma impropria per la ricerca del consenso Eppure questo istituto peculiare la cui efficacia deterrente e retributiva sembra ormai smentita dai fatti assolve funzioni per nulla trascurabili nella vita pubblica statunitense Offre ai media racconti drammatici e agghiaccianti e per i cittadini costituisce di volta in volta un veicolo per l'indignazione morale un intrattenimento solleticante o un'opportunità per esprimere forme aggressive altrimenti proibite sfatando così il tabù della morte nel discorso pubblico La pena di morte in America ripercorre le continuità e le discontinuità storiche di un istituto che rappresenta un unicum nei sistemi penali occidentali mettendone in luce le implicazioni di tipo culturale emotivo e simbolico la radicatissima tradizione americana di federalismo e democrazia locale ma in molti stati anche di violenza e razzismo la mitizzazione della volontà popolare il fascino paradossale delle esecuzioni che esorcizzano la repulsione e l'ansia della morte illudendo i cittadini di poterla controllare Ne nasce una teoria scientifica della pena capitale statunitense che senza cedere alla tentazione del giudizio etico e della presa di posizione polemica sfida sia le convinzioni dei sostenitori sia quelle degli abolizionisti
