Holland, 2013-04-25 While critics collect around the question of

what comes after postmodernism this book asks something different about recent American fiction what if we are seeing not the end of postmodernism but its belated success Succeeding Postmodernism examines how novels by DeLillo Wallace Danielewski Foer and others conceptualize threats to individuals and communities posed by a poststructural culture of mediation and simulation and possible ways of resisting the disaffected solipsism bred by that culture Ultimately it finds that twenty first century American fiction sets aside the postmodern problem of how language does or does not mean in order to raise the reassuringly retro question of what it can and does mean it finds that novels today offer language as solution to the problem of language Thus it suggests a new way of reading antihumanist late postmodern fiction and a framework for understanding postmodern and twenty first century fiction as participating in a long and newly enlivened tradition of humanism and realism in literature

Conversations with David Foster Wallace Stephen J. Burn, 2012-03-08 Across two decades of intense creativity David Foster Wallace 1962-2008 crafted a remarkable body of work that ranged from unclassifiable essays to a book about transfinite mathematics to vertiginous fictions Whether through essay volumes *A Supposedly Fun Thing I'll Never Do Again* *Consider the Lobster* short story collections *Girl with Curious Hair* *Brief Interviews with Hideous Men* *Oblivion* or his novels *Infinite Jest* *The Broom of the System* the luminous qualities of Wallace's work recalibrated our measures of modern literary achievement *Conversations with David Foster Wallace* gathers twenty two interviews and profiles that trace the arc of Wallace's career shedding light on his omnivorous talent Jonathan Franzen has argued that for Wallace an interview provided a formal enclosure in which the writer could safely draw on his enormous native store of kindness and wisdom and expertise Wallace's interviews create a wormhole in which an author's private theorizing about art spill into the public record Wallace's best interviews are vital extra literary documents in which we catch him thinking aloud about his signature concerns irony's magnetic hold on contemporary language the pale last days of postmodernism the delicate exchange that exists between reader and writer At the same time his acute focus moves across MFA programs his negotiations with religious belief the role of footnotes in his writing and his multifaceted conception of his work's architecture *Conversations with David Foster Wallace* includes a previously unpublished interview from 2005 and a version of Larry McCaffery's influential *Review of Contemporary Fiction* interview with Wallace that has been expanded with new material drawn from the original raw transcript

Queer/Adaptation Pamela

Demory,2019-02-15 This collection of essays illuminates the intersection of queer and adaptation Both adaptation and queerness suffer from the stereotype of being secondary to identify something as an adaptation is to recognize it in relation to something else that seems more original more authentic Similarly to identify something as queer is to place it in relation to what is assumed to be normal or straight This ground breaking volume brings together fifteen original essays that critically challenge these assumptions about originality authenticity and value The volume is organized in three parts The essays in Part I examine what happens when an adaptation queers its source text and explore the role of the author screenwriter director in making those choices The essays in Part II look at what happens when filmmakers push against boundaries of various kinds time and space texts and bodies genres and formats And the essays in Part III explore adaptations whose source texts cannot be easily pinned down where there are multiple adaptations and where the adaptation process itself is queer The book includes discussion of a wide variety of texts including opera classic film genre fiction documentary musicals literary fiction low budget horror camp classics and experimental texts providing a comprehensive and interdisciplinary introduction to the myriad ways in which queer and adaptation overlap
