The Vast Fields Of Ordinary By Nick Burd:

The Vast Fields of Ordinary Nick Burd, 2011-03-17 It's Dade's last summer at home and things are pretty hopeless. He has a crappy job, a boyfriend who treats him like dirt, and his parents' marriage is falling apart. So when he meets and falls in love with the mysterious Alex Kincaid, Dade feels like he's finally experiencing true happiness. But when a tragedy shatters the final days of summer, he realizes he must face his future and learn how to move forward from his past. **Literature for**

Young Adults Joan L. Knickerbocker, 2017-03-15 Young adults are actively looking for anything that connects them with the changes happening in their lives, and the books discussed throughout *Literature for Young Adults* have the potential to make that connection and motivate them to read. It explores a great variety of works, genres, and formats, but it places special emphasis on contemporary works whose nontraditional themes, protagonists, and literary conventions make them well suited to young adult readers. It also looks at the ways in which contemporary readers access and share the works they're reading, and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs. In addition to traditional genre chapters, *Literature for Young Adults* includes chapters on literary nonfiction, poetry, short stories, and drama, cover art, picture books, illustrated literature, and graphic novels and film. It recognizes that while films can be used to complement print literature, they are also a literacy format in their own right, and one that young adults are particularly familiar and comfortable with. The book's discussion of literary language, including traditional elements as well as metafictional terms, enables readers to share in a literary conversation with their students and others when communicating about books. It will help readers teach young adults the language they need to articulate their responses to the books they are reading. *We Are the Ants* Shaun David Hutchinson, 2017-05-16 A Time Best YA Book of All Time 2021

From the author of *To Watch*, Kirkus Reviews of *The Five Stages of Andrew Brawley* comes an equal parts sarcastic and profound Kirkus Reviews starred review novel about a teenage boy who must decide whether or not the world is worth saving. Henry Denton has spent years being periodically abducted by aliens. Then the aliens give him an ultimatum: The world will end in 144 days, and all Henry has to do to stop it is push a big red button. Only he isn't sure he wants to. After all, life hasn't been great for Henry. His mom is a struggling waitress held together by a thin layer of cigarette smoke. His brother is a jobless dropout who just knocked someone up. His grandmother is slowly losing herself to Alzheimer's. And Henry is still dealing with the grief of his boyfriend's suicide last year. Wiping the slate clean sounds like a pretty good choice to him. But Henry is a scientist first, and facing the question thoroughly and logically, he begins to look for pros and cons in the bully who is his perpetual one-night stand, in the best friend who betrayed him, in the brilliant and mysterious boy who walked into the wrong class. Weighing the pain and the joy that surrounds him, Henry is left with the ultimate choice: push the button and save the planet and everyone on it, or let the world and his pain be destroyed forever.
